True Brits Vinay Patel,2014-09-08 The old lady on this train is looking at me, staring at me, she's been doing it since New Eltham, I can feel her eyes on the sweat on my neck. I turn ro catch her out, and she flicks her head back to her book, like she's subtle, but she ain't. I wish she'd just punch me, y'know? The punch I can take, but the look . . . all these frightened half-glances they . . . they just . . . When a violent encounter leads to a whirlwind romance, young Rahul is more than willing to be caught up. But in the aftermath of 7/7, his world changes in ways he cannot control, drawing him into ever-darker places as he struggles to remain part of a British society that now distrusts him on sight. Sweeping between the paranoid London of 2005 and the euphoric city of the 2012 Olympics, HighTide Escalator writer Vinay Patel's debut play is an honest, humorous, hopeful play about wanting to love and be loved. By your crush. By your friends. By your country. True Brits received its world premiere on 31 July 2014 at the Assembly Hall, Baillie Room, Edinburgh.

Sterling Ruby - WIDW. Sterling Ruby,2018 Xavier Hufkens is pleased to present a two-venue exhibition of new paintings and collages by Los Angeles-based artist Sterling Ruby.0Ruby?s DRFTRS and WIDW series are two ever-evolving bodies of work that bear witness to the artist?s intense relationship with materials and his interest in issues such as sociocultural evolution, popular culture, and violence. 0The WIDW paintings (an acronym for ?window?), are executed in acrylic, oil paint, and collaged fragments of cardboard and textile on canvas. In their composite nature, they closely relate to the DRFTRS works on paper. But the materials used in this series reflect yet another form of archaeology: the excavation of the artist?s studio.00Exhibition: Xavier Hufkens Gallery, Brussels, Belgium (07.09.-20.10.2018).

The Little Crooked Christmas Tree Michael Cutting,2007-10-01 Among the rows and rows of little trees growing on Brown's Christmas Tree Farm, there is one tree that is not like the others. This little spruce asks the same two questions of every creature he meets: What is Christmas? What is a Christmas tree? The little tree hears no response until one day he shelters a white dove from a storm. Through this friendship, the little tree learns the meaning of love, sacrifice and Christmas. Since its fi rst publication in 1990, the book has become a Christmas favourite. The new edition features a sparkly foil cover, redesigned artwork and an extended page count. A must-have for the holidays!

Networking the Bloc Klara Kemp-Welch,2019-02-12 The story of the experimental zeitgeist in Eastern European art, seen through personal encounters, pioneering dialogues, collaborative projects, and cultural exchanges. Throughout the 1970s, a network of artists emerged to bridge the East-West divide, and the no less rigid divides between the countries of the Eastern bloc. Originating with a series of creative initiatives by artists, art historians, and critics and centered in places like Budapest, Poznań, and Prague, this experimental dialogue involved Western participation but is today largely forgotten in the West. In Networking the Bloc, Klara Kemp-Welch vividly recaptures this lost chapter of art history, documenting an elaborate web of artistic connectivity that came about through a series of personal encounters, pioneering dialogues, collaborative projects, and cultural exchanges. Countering the conventional Cold War narrative of Eastern bloc isolation, Kemp-Welch shows how artistic ideas were relayed among like-minded artists across ideological boundaries and national frontiers. Much of the work created was collaborative, and personal encounters were at its heart. Drawing on archival documents and interviews with participants, Kemp-Welch focuses on the exchanges and projects themselves rather than the personalities involved. Each of the projects she examines relied for its realization on a network of contributors. She looks first at the mobilization of the network, from 1964 to 1972, exploring five pioneering cases: a friendship between a Slovak artist and a French critic, an artistic credo, an exhibition, a conceptual proposition, and a book. She then charts a series of way stations for experimental art from the Soviet bloc between 1972 and 1976—points of distribution between studios, private homes, galleries, and certain cities. Finally, she investigates convergences—a succession of shared exhibitions and events in the second half of the 1970s in locations ranging from Prague to Milan to Moscow. Networking the Bloc, Kemp-Welch invites us to rethink the art of the late Cold War period from Eastern European perspectives.

The Robot and the Bluebird David Lucas,2008 There was once a robot with a broken heart, good for nothing but expiring slowly on a scrap heap. Then one winter's day a migrating bluebird lands on his shoulder, too exhausted to go further. The robot offers her shelter in the place where his heart used to be, and her warmth and singing and companionship stir up the last glimmer of energy the robot has; he carries her across snowy wastes to the warm south, whereupon his strength dies out finally. And there he still stands today like an old hollow tree, home every year to singing birds.

A Story of Karma Michael Schauch,2020-09-29 A deeply personal travel memoir that combines alpine adventure, family connections, and spiritual encounters in two very different worlds: a Himalayan village and Vancouver, Canada. In 2012, Michael Schauch and his wife, Chantal, undertook an expedition deep in the Himalaya of northern Nepal, into a remote valley that had been closed off to outsiders for decades. They led a team of artists (a photographer, a musician, and a painter), with the objective of capturing a moment in time through their unique lenses. As a mountaineering fanatic, Michael had a second (and less conspicuous) goal to climb an unknown mountain he had only identified through a photograph. What unfolded in the mountains forced him to question his values and his own identity, and eventually resulted in meeting a little girl, which was the most profound encounter of his life. Little did either know that from that moment they would completely change the trajectory of each other's life. A Story of Karma recounts this journey, and the years that follow as Karma (the little girl), and Michael and Chantal grow their lives together amidst the confusing dichotomies and backdrop of Karma's 17th-century Himalayan village; the impoverished and polluted Kathmandu; and the modern world of Vancouver, Canada.
