**Decision at Nagasaki** Fred J. Olivi, William R. Watson (Jr.), 1999

Anglo-Gallic Coins Lionel Mowbray Hewlett, 1920

**The First Air War** Lee Kennett, 1999-07-30

Historian Lee Kennett takes on the vital task of detailing the World War I aviator in this complete overview of the first air war, that Richard P. Hallion calls, A welcome and long overdue addition to the literature of military aviation. The whole subject of the first air war is like some imperfectly explored country: there are areas that have been crisscrossed by several generations of historians; there are regions where only writers of dissertations and abstruse monographs have ventured, and others yet that remain terra incognita, historian Lee Kennett tells his readers. There are very few books that explore military aviation and its history to the fullest extent as Kennett has done in First Air War. The purpose of this book is to act as a complete overview on topics and histories that have previously gone unexplored. He tells of World War I fliers and their experiences on all fronts and skillfully places them in proper context (Edward M. Coffman, author of The Old Army). In considerate detail, Kennett tells the full story on how a few planes became the armies of the sky.

The Rejection of Consequentialism Samuel Scheffler, 1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as

to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

**The Story of the 2/4th Oxfordshire and Buckinghamshire Light Infantry** G. K. Rose, 1920

**Duty and Desire Book Club Edition** Anju Gattani, 2021-01-27 To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch

in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.sion.

Yvain Chretien de Troyes,Chrétien (de Troyes),1987-09-10 A twelfth-century poem by the creator of the Arthurian romance describes the courageous exploits and triumphs of a brave lord who tries to win back his deserted wife's love

The Falklands War Martin Middlebrook,2012-04-19 A detailed history of the brief 1980s conflict between the UK and Argentina, from the author of The First Day on the Somme. With the surprise Argentine invasion of the remote Falkland Islands on April 2, 1982, the United Kingdom found itself at war. Due to the resolve of a determined Prime Minister and the resourcefulness of the Armed Forces, a task force, codenamed Operation Corporate, was quickly dispatched. Remarkably, just over two months later, the islands were liberated, and the invaders defeated. By any standards this was an outstanding feat of arms, cooperation made possible by political resolve, sound planning, strong leadership and the courage and determination of the British forces. Martin Middlebrook, the renowned military historian, has skillfully weaved the many strands of this

extraordinary achievement into a fascinating, thorough and highly readable account. Thanks to his meticulous research he covers action at sea, on the land and in the air as well as providing the strategic overview. The author's use of many first-hand accounts reveals what it was like to be part of this audacious military endeavor. The experiences of the Falkland Islanders during the Argentine occupation are also included. Thirty years on, Middlebrook's *The Falklands War* is still an authoritative and thoroughly readable account of this historic enterprise. Originally published as *Operation Corporate: The Story of the Falklands War*, 1982. Praise for *The Falklands War* "The author's descriptions of confrontations in the air, on the sea and on the various battlegrounds are superb, as are his explanations of the use of new weapons, such as the Sea Harrier and the Exocet missile." –Publishers Weekly

**War in a Time of Peace** David Halberstam, 2001 Halberstam evokes the internecine conflicts, the untrammelled egos, and the struggles for dominance among the key figures in the White House, the State Department, and the military.

Annotation Shows how the fascination of the German people with flight combined idealized notions of vitality and modernity with symbols of conquest over the natural and political worlds. Annotation copyrighted by Book News, Inc., Portland, OR.

**I Have a Dog** Charlotte Lance,2014-05-01 I have a dog. An inconvenient dog. When I wake up, my dog is inconvenient. When I'm getting dressed, my dog is inconvenient. And when I'm making tunnels, my dog is SUPER inconvenient. But sometimes, an inconvenient dog can be big and warm and cuddly. Sometimes, an inconvenient dog can be the most comforting friend in the whole wide world.

Charles Pettigrew, First Bishop-elect of the North Carolina Episcopal Church Bennett H Wall,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you

*The Easy Pit Boss Wood Pellet Grill And Smoker Cookbook* Leslie Schroeder, 2021-05 Are you looking for the best device for delicious BBQ and grilled meals? If yes, keep reading. What's the best way to infuse your barbecue fixings with that quintessential, smoky flavor? This book explains everything you need to know-picking the right pellet flavors, maximizing the potential of your smoker-grill, and mastering cold-smoke and slow-roast techniques. You'll be delighted to find that most of the ingredients used in the recipes can be found at your local grocery store, and can satisfy your appetite and fit your budget. In this book you will find: How to use your Pit Boss Tips and tricks for the perfect BBQ Easy and Easy to find recipes The right pellet for the best BBQ Perfect grilling/smoking recipes for any occasion And much more! Also inside the book, you'll find all the information you'll need, and with this book, you can make your life easier, while cutting down the chances of failure into the bargain! Get your copy NOW!

**French Aeroplanes Before the Great War** Leonard E. Opdycke, 1999 French Aeroplanes Before the Great War is a catalog of the aeroplanes of the nearly 700 French builders who worked before the onset of World War I. Most of these aeroplanes flew some did not some were never even finished but all of them reflect the extraordinary vitality and sense of optimism that powered the aeronautical world before the future of the aeroplane began to become clearer in wartime. If the Wrights had not flown

in 1903, one of the early French builders would very quickly have won the laurels for the first flight. Some of the machines appear in these pages probably for the first time in print; others are rarely seen. This collection serves as a kind of super Exposition Internationale de Locomotion Arienne; readers are invited to enter the Grand Palais, as they might have in 1908 or 1909, to enjoy these marvelous aircraft.
