Messerschmitt Bf 109 E Mariusz Lukasik,2009-12-15 Includes free decals and masking foil Complete with detailed technical drawings The Messerschmitt Bf 109 is a German World War II fighter aircraft designed by Willy Messerschmitt in the early 1930s. It was one of the first true modern fighters of the era, including such features as an all-metal monocoque construction, a closed canopy, and retractable landing gear. The first major redesign of the Bf109 came with the E series, including the navalised variant of the Bf 109E, and the Bf 109T (T standing for Trager, or aircraft carrier). The Bf 109E, or 'Emil ' introduced a number of structural changes in order to accommodate the heavier, but significantly more powerful 1,100 PS Daimler-Benz DB 601 engine, the heavier armament and increased fuel capacity. The 109E first saw service with the Condor Legion during the last phase of the Spanish Civil War and was the mainstay variant at the start of World War II through until mid-1941. This is a detailed technical guide to this formidable variant of an infamous aircraft, and provides exceptional reference for any modeler or enthusiast. About the Series This series of highly illustrated books presents detailed scale drawings of aircraft and vehicles, with supporting color profile artwork. With detailed captions on the history, combat action and development of each machine, each volume is an exceptional reference tool for modelers, with extras such as free decals, masking foil and photo-etched brass.

In the fall of 1938, the Technische Amt RLM (Technical Office of the Reichsluftfahrtministerium or State Ministry of Aviation) requested that Messerschmitt's Augsburg design bureau draw up plans for a carrier-borne version of the Bf 109E fighter, to be designated Bf 109T (the T standing for Träger or Carrier). The resulting aircraft were nicknamed 'Toni' by their pilots. Content includes carrier Graf Zeppelin and her aircraft; operational service, including its new role over the North Sea and comes with free masking foil and decals.
