*SAS Combat Vehicles 1942-91* Gavin Mortimer, 2021-05-27 A concise illustrated history of the Special Air Service's lightweight, heavily armed vehicles and their combat use. The SAS, the world's most famous special operations unit, made its name in the desert of North Africa, shooting up Axis airfields from specially modified Willys jeeps. Following the start of the El Alamein offensive in October 1942, the SAS used jeeps effectively in reconnoitring and ambushing the retreating Afrika Korps. After the conclusion of the North African campaign, the Willys underwent several small but significant changes, including the introduction of the .303 Browning machine gun. Between June and October 1944, the SAS brigade operated deep inside Occupied France, harassing German reinforcements heading to Normandy, calling up air strikes on installations, and carrying out reconnaissance missions - all made possible with jeeps dropped by the RAF. Jeeps were also used in the push into Germany in the spring of 1945. Transported across the Rhine in 'Buffalo' amphibious landing craft, they formed part of the vanguard of the Allied advance, and their agility, speed and firepower proved crucial in crushing fanatical pockets of Nazi resistance. 22SAS in 1952, the regiment adopted the Series 1 Land Rover - introduced in 1948 - as the successor to the Willys jeep. A decade later the Regiment updated to the Series IIA 90 Land Rover, which saw service in the Oman and Aden, where its distinctive colour led to the 'Pink Panther' nickname. In the 1970s, the SAS began using Range Rovers for covert operations while the Land Rover 110 HCPU became the SAS's new Desert Patrol Vehicle (DPV) in the 1991 Gulf War. This book describes the successful deployment of these combat vehicles in SAS operations from the Second World War to the present day and gives a rare insight into one of the most prestigious and secret forces of modern times.

**Desert Rats** John Sadler,2012-12-15 The story of the last surviving 'Desert Rats' in their own words and their experience of war in North Africa.

**The Desert Rats** Maj.-Gen. G. L. Verney,2017-07-11 The exploits of the Desert Rats, based on official records and personal accounts traces the division's progress in North Africa, Italy, Normandy and Germany This classic and inspiring account follows the progress of the 7th Armoured Division from the sands of North Africa to the cold of wintery Holland and the mud of a German springtime, providing a unique insight into the workings of a formidable unit. The division's reputation was born in the desert. It first went into action against the Italians in 1940 and then, subsequently, fought Rommel's Afrika Korps in Montgomery's successful Western Desert campaign. It was during this period of intense fighting that the division won its affectionate nickname of 'Desert Rats'. From there the division was transported to Italy and, later, Normandy and from then on was almost constantly in battle until the end of the war. Based on official records, and written by one of the division's key officers, The Desert Rats stands testament to the unique morale of the unit and is an enduring story of the difficulties they had to overcome.

Wartime Jeeps Graham Scott,2012-01-01 This book covers Second World War versions of the legendary Jeep - prototypes, production models and special versions. There are 11 wartime Jeep variants covered - Bantam BRC-40, Budd Pygmy, Willys MA, Ford GP, Willys MB, Willys MB of the Long-Range Desert Group, Ford GPW, Ford GPA or 'Seep', 6x6 MT-TUG, T28 Half-Track and the heavily armed SAS Willys MB. Each model's section opens with a brief text introduction followed by specially commissioned color photographs with fascinating and detailed captions.

Vehicles of the Long Range Desert Group 1940-45 Gavin Mortimer,2021-02-23 The specialised vehicles, kit, and techniques of the Long-Range Desert Group, who pioneered long-range desert

warfare in World War II and worked closely with the embryonic SAS.

**The Praetorian STARShip : the untold story of the Combat Talon** ,2001 Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brenci Uttaro Ferkes Meller and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare missions.

**World War Z** Max Brooks,2013 An account of the decade-long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of survivors who describe in

their own words the epic human battle for survival, in a novel that is the basis for the June 2013 film starring Brad Pitt. Reissue. Movie Tie-In.

**The Guerrilla and how to Fight Him** ,1962

The Special Operations Executive (SOE) in Burma Richard Duckett,2017-10-30 In the mountains and jungles of occupied Burma during World War II, British special forces launched a series of secret operations, assisted by parts of the Burmese population. The men of the SOE, trained in sabotage and guerrilla warfare, worked in the jungle, deep behind enemy lines, to frustrate the puppet Burmese government of Ba Maw and continue the fight against Hirohito's Japan in a theatre starved of resources. Here, Richard Duckett uses newly declassified documents from the National Archives to reveal for the first time the extent of British special forces' involvement - from the 1941 operations until beyond Burma's independence from the British Empire in 1948. Duckett argues convincingly that 'Operation Character' and 'Operation Billet' - large SOE missions launched in support of General Slim's XIV Army offensive to liberate Burma - rank among the most militarily significant of the SOE's secret missions. Featuring a wealth of photographs and accompanying material never before published, including direct testimony recorded by veterans of the campaign and maps from the SOE files, *The SOE in Burma* tells a compelling story of courage and struggle in during World War II

*A History of Algeria* James McDougall,2017-04-24 Covering a period of five hundred years, from the arrival of the Ottomans to the aftermath of the Arab uprisings, James McDougall presents an expansive new account of the modern history of Africa's largest country. Drawing on substantial new scholarship and over a decade of research, McDougall places Algerian society at the centre of the

story, tracing the continuities and the resilience of Algeria's people and their cultures through the dramatic changes and crises that have marked the country. Whether examining the emergence of the Ottoman viceroyalty in the early modern Mediterranean, the 130 years of French colonial rule and the revolutionary war of independence, the Third World nation-building of the 1960s and 1970s, or the terrible violence of the 1990s, this book will appeal to a wide variety of readers in African and Middle Eastern history and politics, as well as those concerned with the wider affairs of the Mediterranean.

Brothers in Berets Forrest L. Marion, 2018 The Air Force Special Operations Command (AFSOC) special tactics community is a small, tight-knit brotherhood of proficient and committed warriors, consisting of special tactics officers and combat controllers, combat rescue officers and pararescuemen, and officer and enlisted special operations weathermen. These warriors have consistently proven themselves to be an invaluable force multiplier throughout history in conflicts around the world. This is their story.--Provided by publisher.

*The Secret War* Max Hastings, 2016-05-10 Monumental. --New York Times Book Review NEW YORK TIMES BESTSELLER From one of the foremost historians of the period and the acclaimed author of *Inferno* and *Catastrophe: 1914*, *The Secret War* is a sweeping examination of one of the most important yet underexplored aspects of World War II—intelligence—showing how espionage successes and failures by the United States, Britain, Russia, Germany, and Japan influenced the course of the war and its final outcome. Spies, codes, and guerrillas played unprecedentedly critical roles in the Second World War, exploited by every nation in the struggle to gain secret knowledge of its foes, and to sow havoc behind the fronts. In *The Secret War*, Max Hastings presents a worldwide cast of characters and some extraordinary sagas of intelligence and resistance, to create a new

perspective on the greatest conflict in history.

**Raiders from the Sea** John Lodwick, 2018-10-15 The Special Boat Service (SBS) was a small force during World War II, never more than about 300 men. But that did not stop it from inflicting great damage on the enemy. In the Mediterranean arena and in the Aegean, which the Germans controlled after the fall of Greece and Crete, this small commando force kept up a constant campaign of harassment, thus pinning down enemy forces and preventing their joining other fronts. John Lodwick took part in the SBS Mediterranean campaign and writes from personal experience with the panache and verve of the squadron itself.

**Stirling's Desert Triumph** Gavin Mortimer, 2015-04-20 Specially commissioned artwork, archive photographs and expert analysis combine to tell the absorbing story of the SAS's legendary raid on Sidi Haneish at the height of World War II. The night of July 26, 1942 saw one of the most audacious raids of World War II, just as the outcome of that conflict hung in the balance. In North Africa, a convoy of 18 Allied jeeps carrying Special Air Service personnel appeared out of the early-morning darkness and drove onto the Axis landing strip at Sidi Haneish in the Egyptian desert. Within the space of a few savage minutes 18 Axis aircraft were ablaze; a dozen more were damaged and scores of guards lay dead or wounded. The men responsible for the raid then vanished into the night as swiftly as they had arrived, prompting the Germans to dub the enemy leader, David Stirling, 'The Phantom Major'. Featuring full-colour artwork, gripping narrative and incisive analysis, this engaging study recounts the origins, planning, execution and aftermath of the daring raid that made

the name of the SAS at the height of World War II.

*The Order Has Been Carried Out* Alessandro Portelli, 2016-06-01 On March 24, 1944, Nazi occupation forces in Rome killed 335 unarmed civilians in retaliation for a partisan attack the day before. Portelli has crafted an eloquent, multi-voiced oral history of the massacre, of its background and its aftermath. The moving stories of the victims, the women and children who survived and carried on, the partisans who fought the Nazis, and the common people who lived through the tragedies of the war together paint a many-hued portrait of one of the world's most richly historical cities. *The Order Has Been Carried Out* powerfully relates the struggles for freedom under Fascism and Nazism, the battles for memory in post-war democracy, and the meanings of death and grief in modern society.
