### **The Reich Wreckers: An Analysis Of The 306th Bomb Group During World War II** Major Charles J. Westgate

III,2015-11-06 This paper presents an analysis of the 306th Bomb Group's contributions during World War II. Rather than providing a simple recounting of the various dates and accomplishments, the paper analyzes some of the key indicators and statistics of the group's performance. In particular, the paper focuses on comparing aircraft losses and bombing results of the 306th with the Eighth Air Force's. The analysis also examined other areas, such as: mission aborts, enemy aircraft claimed destroyed, weather conditions over target, bombing methods used, presence of fighter escorts, and strength of enemy air defenses (enemy fighter aircraft and flak). The purpose of the analysis was to gain a better understanding of the group's overall performance within the bigger scope of the Eighth Air Force's war effort. The analysis was conducted in three steps. First, the archives of the Air Force Historical Research Agency (AFHRA) were searched for statistics on the 306th. Next, similar statistics were collected for the Eighth Air Force. Finally, the data for the two units was analyzed and compared, to aid in determining conclusions. To facilitate the last step of the research, the air war was divided into four periods. The goals and objectives for each period were used as criteria to grade the unit's effectiveness. In general, the study concluded that the 306th Bomb Group was a "typical" B-17 bomber group in World War II. When comparing the various statistics and graphs provide in this paper, we see that in most cases there was little difference in the data for the 306th and the Eighth Air Force. However, the statistics do not tell the whole story. As one of the cadre groups of the Eighth Air Force, many of the improvements and lessons learned during the early period of the war were at the expense of the 306th. These early lessons and experiments were important and led to the improvements that saved many lives and brought an end to the war.

*Devotion* Adam Makos,2015-10-27 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • From America's "forgotten war" in Korea comes an unforgettable tale of courage by the author of A Higher Call. "In the spirit of Unbroken and The Boys in the Boat comes Devotion."—Associated Press • "Aerial drama at its best—fast, powerful, and moving."—Erik Larson Devotion tells the inspirational story of the U.S. Navy's most famous aviation duo, Lieutenant Tom Hudner and Ensign Jesse Brown, and the Marines they fought to defend. A white New Englander from the country-club scene, Tom passed up Harvard to fly fighters for his country. An African American sharecropper's son from Mississippi, Jesse became the navy's first Black carrier pilot, defending a nation that wouldn't even serve him in a bar. While much of America remained divided by segregation, Jesse and Tom joined forces as wingmen in Fighter Squadron 32. Adam Makos takes us into the cockpit as these bold young aviators cut their teeth at the world's most dangerous job—landing on the deck of an aircraft carrier—a line of work that Jesse's young wife, Daisy, struggles to accept. Deployed to the Mediterranean, Tom and Jesse meet the Fleet Marines, boys like PFC "Red" Parkinson, a farm kid from the Catskills. In between war games in the sun, the young men revel on the Riviera, partying with millionaires and even befriending the Hollywood starlet Elizabeth Taylor. Then comes the conflict that no one expected: the Korean War. Devotion takes us soaring overhead with Tom and Jesse, and into the foxholes with Red and the Marines as they battle a North Korean invasion. As the fury of the fighting escalates and the Marines are cornered at the Chosin Reservoir, Tom and Jesse fly, guns blazing, to try and save them. When one of the duo is shot down behind enemy lines and pinned in his burning plane, the other faces an unthinkable choice: watch his friend die or attempt history's most audacious one-man rescue mission. A tug-at-the-heartstrings tale of bravery and selflessness, Devotion asks: How far would you go to save a friend?

The Watery Maze Bernard Fergusson,1961 During Britain's darkest hour, in 1940, extraordinary measures were necessary for survival. This bleak period of defense against the Axis led to the formation of Combined Operations, a semi-independent unit composed of admirals, generals, and air marshals. It became Britain's offensive team which, in the end, was instrumental in the successful invasions of North Africa, Sicily, and Normandy. Here is the complete story of the creation of that unit, beginning with a series of daring raids on the coasts of Norway, France, Africa, and Madagascar. These raids often resulted in great loss of life, but the lessons they taught the command led to dramatic successes. Combined Operations grew up with the war and played a part in the ultimate Allied victory in Europe and also in the Suez campaign of 1956--Taken from the book jacket flap.
