The Ephemeral Museum Francis Haskell, 2000-01-01 In this illustrated book, an eminent art historian examines the intriguing history and significance of the international art exhibition of the Old Master paintings.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Monet's Garden Claude Monet, Christoph Becker, Catherine Hug, Monika Leonhardt, Linda Schädler, 2004 Claude Monet (1840-1926) was one of the first artists to move his studio out into the open air, creating works which continue to fascinate and inspire us today as much as they did his contemporaries. One of the founding fathers of Impressionist art, Monet's works consistently reflect the artist's profound love of nature. Many of his paintings were directly inspired by the gardens that played such an important role in his life--the garden at his house in Sèvres in the 1860s, those at his two homes in Argenteuil in the 1870s, followed by a garden at his estate in Vetheuil. Yet the most famous of Monet's gardens was the expansive park in Giverny, which inspired his masterful handling of light and color for more than thirty years and provided motifs for hundreds of individual paintings and series that remain immensely popular today--among them the masterpieces of his Water-Lilies series. This magnificent volume of full-page color plates is devoted to this central theme in the work of the French artist. It presents landscapes, still lifes, and portraits of people in natural settings from nearly all of Monet's creative periods--from his early Impressionist paintings of the 1870s to the Grandes Décorations of the early 1900s. Also included are photographs of Monet's gardens, diagrammatic recreations of these spaces (based on the artist's paintings), several bills of delivery and planting instructions from horticulturalists.

Notes from the Hyena's Belly Nega Mezlekia, 2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist

junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.
