Architect's Guide to Feng Shui Cate Bramble,2007-06-01 Cate Bramble has devoted her career to highlighting the differences between 'feng shui-lite' as a fashionable pursuit in contrast to the original intentions of the Chinese masters. Here she presents the authentic principles in a technical, no-nonsense pocket book specifically for architects. As clients become more demanding and the competition for projects heats up, the architect is well advised to have many strings to their bow. This practical guide includes line illustrations that present the principles of feng shui, the Chinese art or practice in which a structure or site is chosen or configured so as to harmonize with the spiritual forces that inhabit it, and their application in architecture through planning principles, services, building elements and materials, in an accessible, easy reference format. The feng shui-savvy architect can also benefit from feng shui's ability to match structures and land, and the peculiar capacity of authentic feng shui to forecast development-related concerns including cost overruns, quality issues - even worker injuries and trade disputes! The author explains feng shui from archaeological sources and evidence of practice in the east, contrasting it with what passes for feng shui in the west. She analyses the practice in terms of such concepts as western systems theory, viewshed, space syntax and the 'pattern landscape' theory of urban planning. For the first time, the Sustainable implications of feng shui design are explained with reference to the latest developments in behavioural and cognitive sciences, evolutionary biology and other western viewpoints.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Punk Rock Dad Jim Lindberg,2009-10-13 Jim Lindberg is a Punk Rock Dad. When he drives his kids to school in the morning, they listen to the Ramones, the Clash, or the Descendents—and that's it. They can listen to Britney and Justin on their own time. Jim goes to soccer games, dance rehearsals, and piano recitals like all the other dads, but when he feels the need, he also goes to punk shows, runs into the slam pit, and comes home bruised and beaten . . . but somehow feeling strangely better. While the other dads dye their hair brown to cover the gray, Jim occasionally dyes his blue or green. He makes his daughters' lunches, kisses their boo-boos, and tucks them in at night—and then goes into the garage and plays Black Flag and Minor Threat songs at a criminal volume. He pays his taxes, votes in all the presidential and gubernatorial elections, serves on jury duty, and reserves the right to believe that there is a vast Right Wing Conspiracy—and that the head of the P.T.A. is possibly in on it. He is a Punk Rock Dad.

Art + Care Janna Graham,2013 Art + Care: A Future is a publication that speculates on future alliances between the fields of art and elderly care.The book is based on essays by key thinkers on issues of aging and the future, and is contextualised by case studies from five years of the Serpentine Gallery's work in placing artists, designers, researchers and architects in the field of elderly care through the project Skills Exchange: Urban Transformation and the Politics of Care 2007-2012.Beyond providing a service for the role of the care sector, the contributions argue that art has a role to play in challenging the marginalisation of the aged, while aging provokes fundamental questions to the field of art.This book includes theoretical, artistic, curatorial and sociological reflections from Marcus Coates, Alex H. and St. John's Hospice, Beatrice Gibson and Camden Homes for Older People, amongst various others.
