*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**The Cambridge Companion to Miracles** Graham H. Twelftree,2011 The miracle stories of the founders and saints of the major world religions have much in common. Written by international experts, this Companion provides an authoritative and comparative study of miracles in not only Hinduism, Islam, Buddhism, Christianity and Judaism, but also, indigenous religions. The authors promote a discussion of the problems of miracles in our largely secular culture, and of the value of miracles in religious belief. The miracles of Jesus are also contextualized through chapters on the Hebrew Bible, classical culture to the Romans, Second Temple and early rabbinic Judaism and early Christianity. This book provides students with a scholarly introduction to miracles, which also covers philosophical, medical and historical issues--

**Predestination & Free Will** David Basinger,Randall Basinger,2009-09-20 If God is in control, are people really free? This question has bothered Christians for centuries. And answers have covered a wide spectrum. Today Christians still disagree. Those who emphasize human freedom view it as a reflection of God's self-limited power. Others look at human freedom in the order of God's overall control. David and Randall Basinger have put this age-old question to four scholars trained in theology and philosophy. John Feinberg of Trinity Evangelical Divinity School and Norman Geisler of Dallas Theological Seminary focus on God's specific sovereignty. Bruce Reichenbach of Augsburg College and Clark Pinnock of McMaster Divinity College insist that God must limit his control to ensure our freedom. Each writer argues for his perspective and applies his theory to two practical case studies. Then the other writers respond to each of the major essays, exposing what they see as fallacies and hidden assumptions. A lively and provocative volume.

Meat Illustrated America's Test Kitchen,2020-10-27 2021 IACP Award Winner in the General Category Increase your meat counter confidence with this must-have companion for cooking beef, pork, lamb, and veal with more than 300 kitchen-tested recipes. Part cookbook, part handbook organized by animal and its primal cuts, Meat Illustrated is the go-to source on meat, providing essential information and techniques to empower you to explore options at the supermarket or butcher shop (affordable cuts like beef shanks instead of short ribs, lesser-known cuts like country-style ribs, leg of lamb instead of beef tenderloin for your holiday centerpiece), and recipes that make those cuts (72 in total) shine. Meat is a treat; we teach you the best methods for center-of-the-plate meats like satisfying Butter-Basted Rib Steaks (spooning on hot butter cooks the steaks from both sides so they come to temperature as they acquire a deep crust), meltingly tender Chinese Barbecued Roast Pork Shoulder (cook for 6 hours so the collagen melts to lubricate the meat), and the quintessential Crumb-Crusted Rack of Lamb. Also bring meat beyond centerpiece status with complete meals: Shake up surf and turf with Fried Brown Rice with Pork and Shrimp. Braise lamb shoulder chops in a Libyan-style chickpea and orzo soup called Sharba. Illustrated primal cut info at the start of each section covers shopping, storage, and prep pointers and techniques with clearly written essays, step-by-step photos, break-out tutorials, and hundreds of hand-drawn illustrations that take the mystery out of meat prep (tie roasts without wilderness training; sharply cut crosshatches in the fat), so you'll execute dishes as reliably as the steakhouse. Learn tricks like soaking ground meat in baking soda before cooking to tenderize, or pre-roasting rather than searing fatty cuts before braising to avoid stovetop splatters. Even have fun with DIY curing projects.

A Letter to Tia Don Landy, 2013-07-11 Author Don Landy provides canine and feline pet owners with a first person look at grief and grieving in a way that may surprise you. Don Landy never expected to have a dog in his life. After falling for a German shepherd named Sabrina and spending nearly eleven years together, Landy found himself sitting on the floor holding the lifeless body of his beloved dog in his arms and sobbing uncontrollably. Reeling from the loss he vows never again to take a pet, and thereby sets himself up for the inevitable pain that most pet owners experience when the end approaches. *A Letter to Tia: Grief. Grieving. The Love, Pain and Loss of a Friend* is his personal account of coming face-to-face with grief and grieving. Pet owners of all ages will find comfort, insight, and at times humor in this reflective, life-affirming story of love and loss. *A Letter to Tia* recounts Landy's past and present struggle with the loss of pets. He starts with the death of his show cat, Charlie Brown, twenty-five years ago and continues through to the recent diagnosis received by Tia, his German shepherd. After the previous loss of Sabrina, Landy and his wife accepted Tia into their lives with understandable trepidation. To insure they made the right move they test the relationship between Tia and their kitten Holly and discover they have become fast friends. However, when Tia is diagnosed with inoperable cancer at four years old, the author finds himself staring down the prospect of consuming sadness over the grim forecast for her survival. Landy chooses to process his grief full-on, identifying the tremendous toll that loss takes on pet owners, and how best to cope with the emotions that accompany it. With a life enriched by memories of his meaningful times with Tia, Landy's book addresses this exceptional feeling of loss, while also offering proof that miracles do happen. A moving tribute to the strong love that is forged between pets and pet owners, *A Letter to Tia: Grief. Grieving. The Love, Pain and Loss of a Friend* is sure to provide readers with a good cry, and a good laugh, as his compassionate, deeply felt, and surprising book celebrates this extraordinary bond.
