Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Goetia Pathworking Corwin Hargrove,2019-05-15 Magick is easier and safer than many people believe, and pathworking is a method that takes you to the essence of power. There are many ways of working with demons. The spirits of Goetia can bring knowledge, manipulate reality, produce changes within yourself, or attract conditions and events that you desire. This is widely known. Demons are famed for their speed, dignity, and willingness to cooperate with you. What is less well known is that incredibly simple pathworking rituals enable you to make easy contact with these demons safely and reliably. Advantages of The Pathworking Method - No difficult words of power to learn or speak. - Nothing to burn, collect, or make. - No sacrifice, reward, or offering is required. - No sigils need to be drawn, and you only need to look at the sigils in this book. - No angels or divine names are used, which makes the magick feel more reliable for some people. - The method automatically creates the correct state of mind and summons elemental energy. - Pathworking can be performed in complete privacy. - The method is extremely safe and easy to learn. You ask for something, and you get it, without any backlash or payment.You will never have to learn difficult visualisation methods or train in demanding mental techniques. Based on a system of Elemental Imagery, this is a unique way to perform magick. You ask for something, and you get it, without any repercussion or payment. People say you never get something for nothing. Here, you get something because you've performed magick and filled it with your desire. That is enough to get the results you seek, from love and lust, to cursing, influence, illusion, and wealth.

Where Women Create Jo Packham,2005 More than twenty superstars from the world of crafting--including Anna Corba, April Cornell, Sandi Genovese, and Andrea Grossman--offer their expert advice on how to design a work space where creativity can blossom. Like the bestselling *Business of Bliss*, it's practical, inspirational, and beautiful to behold. Research by *Craft Trends Magazine* reveals that 89% of all crafters are women, and that they want to work in an environment conducive to creating their art. This invaluable and very special guide helps them achieve that goal, whatever their passion. It goes straight to the experts: successful women who have made their mark in more than 10 different creative fields. These top designers and artisans offer insights gleaned from years of experience, reveal how they constructed their own creative spaces, and explain how the reader can make practical use of these decorating, organizational, and inspirational techniques as they go about designing their own work areas. Among the pertinent questions they answer: Where did you like to work as a child? What's the most important thing about having your own place to work? Are women's creative spaces different from men's? How important is it for you to organize your work, and how do you do it? Do you listen to music when you work--and what kind? The featured designers include Wendy Addison, Dena Fishbein, Jill Schwartz, and Suze Weinberg and their fields range from paper crafts to gardening. A Selection of the Crafters Choice Book Club & the Homestyle Book Club.

Soon I Will Be Invincible Austin Grossman,2007-06-05 Doctor Impossible—evil genius, would-be world conqueror—languishes in prison. Shuffling through the cafeteria line with ordinary criminals, he wonders if the smartest man in the world has done the smartest thing he could with his life. After all, he's lost every battle he's ever fought. But this prison won't hold him forever. Fatale—half woman, half high-tech warrior—used to be an unemployed cyborg. Now, she's a rookie member of the world's most famous super-team, the Champions. But being a superhero is not all flying cars and planets in peril—she learns that in the locker rooms and dive bars of superherodom, the men and women (even mutants) behind the masks are as human as anyone. *Soon I Will Be Invincible* is a wildly entertaining first novel, brimming with attitude and humor—an emotionally resonant look at good and evil, love and loss, power and glory.
