The explanations accompanying these allow you to relate them to real events and future possibilities, providing clear insights which can be startlingly accurate: a heart near the rim of the cup means that love is not far away, while a cake may signify a celebration or a party. Guide to Astrology, 1996

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Vedic Astrology Demystified Chandrashekhara Sharma, 2014-08-24 *Vedic Astrology Demystified* is written for Jyotish students. The purpose of the book is to introduce the reader to the basics of Jyotish, starting with its origin. All essential information required for interpreting a chart is detailed, with a comprehensive look at each of the rasis, grahas and the 12 different bhavas. An overview is provided of many of the important yogas to look for in a chart and also emphasizes why a particular yoga gives its results in order to teach students how to interpret combinations themselves. After setting out the basics of a chart interpretation, *Vedic Astrology Demystified* details how to predict using Vimshottari Dasha system and how to incorporate transits into a prediction. The book finishes with a practical review of various charts and the timing of events using the knowledge learnt. *Vedic Astrology Demystified* is written in a friendly style, so that the reader feels he is having a personal lesson from the author. As there is much conjecture on various topics within Jyotish, the author has incorporated into the book his own practices when interpreting and predicting from a chart.
