If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Guide to Astrology, 1996

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Queen of the Moon Oracle Stacey DeMarco,2022-09-19 For countless millennia, humans have connected to the mystical power of the moon and the energy of the seasons. For our ancient ancestors, the earliest veneration and sacred honoring was of the moon, the seasons, and the cycles of light and dark, hot and cold and fertility and rest, and this beautifully illustrated Queen of the Moon Oracle allows you, the modern seeker, to plug in to these most primal energies. Consult this oracle based in ancient wisdom and receive the answers to your modern problems.Explore the ancient power of the Moon and how to work with this Lunar energy to enrich your own life and spiritual practice. We are moon-influenced animals even if most of us don't go howling under it. We know the feminine fertility cycle matches the length of the lunar cycle - twenty-seven or twenty-eight days - and that more births occur on full and dark moons. Just as the moon influences tides and other bodies of water, why wouldn't she influence our personal bodies of water considering we are made mostly of it? Why wouldn't this effect then influence everything from our weight to our moods, even the growth of the foods we eat since plants are reliant upon moisture levels in the soil? Within long-held knowledge, it's believed that the moon impacts our psychic abilities and our unconscious mind (and so therefore our dream states) in a number of ways. The unconscious is the part of the mind that directs us towards our goals and dreams; it's where ideas pop from and where creativity is based. As it is particularly susceptible to symbology, it can be affected by the power of the constant cycle of the moon.

The Cup of Destiny Jane Lyle,2007-11-23 Reading tea leaves is a traditional divinatory method passed on through generations. The Cup of Destiny reveals the secrets of this ancient method, allowing you to make predictions for yourself and your friends. This kit includes a beautiful, decorated cup and saucer for making readings, and an illustrated book explaining how to interpret the patterns you will find in your cup. The first part of the book describes the ritual of turning the cup counter-clockwise and draining the left-over tea into the saucer. It goes on to explain the meanings of over 200 of the signs and symbols you are likely to see in the leaves when making a reading. The explanations accompanying these allow you to relate them to real events and future possibilities, providing clear insights which can be startlingly accurate: a heart near the rim of the cup means that love is not far away, while a cake may signify a celebration or a party. Cornelia and the Pine Torch Mari Tascas, 2020-08 Cornelia is nonverbal. But she has a voice. Cornelia is a misunderstood, underestimated nonverbal little girl who becomes orphaned at a young age and must fend for herself in the wilderness of her heart and mind. Just when she is about to give up all hope, she learns that her Mother, Grandmother and Great-Grandmother live on through The Pine Torch - a sacred flame tended to by Vestals thousands of years ago and passed down from generation to generation - placed in her hand as her mother takes her last breath. As she questions the value of embodying her voice, she is visited by three strangers, who secretly come in search of the mysterious, sacred flame: To use it, to hide it, to steal it away. The three visitors teach Cornelia lessons each in their own way. In her multi-generational, magical, and synesthetic journey through the depths of her own heart, Cornelia finds the power of her voice. A voice backed by her Mother's Mother's Mother - and the Motherlines of all time. Will Cornelia succumb to the doubts of others, snuffing her own flame? Or will she embrace the unknown and brave the dark, discovering the power of her own voice and matriarchal line? The namesake of the brand, The Pine Torch, this book was lovingly written by Mari Tascas when her youngest daughter was diagnosed with nonverbal autism, and is her third book. Her first book, Raising a Phoenix is also inspired by her son, Phoenix's journey with nonverbal autism.
