One Day Sculpture David Cross, Claire Doherty, 2009 In *One Day Sculpture*, prominent critics, curators and scholars explore new considerations of public sculpture, temporality, performance, and curating art in the public realm. Conceived as both a document and critical expansion of the year-long One Day Sculpture temporary public art series in New Zealand (August 2008 ndash; March 2009), the book opens with an anthology of newly commissioned texts which expand conventional notions of encounter, performativity, publicness, photography, materiality, space and place in relation to contemporary public art. Set within this critical context, are in-depth considerations of each of the twenty projects, forming a new dimension to recent discussions on situation-specific art practices and commissioning public art. English text.

Making It Up Penelope Lively, 2006-09-26 Look out for Penelope Lively's new book, *The Purple Swamp Hen and Other Stories*. Hailed by critics as a benchmark in a career full of award-winning achievements, *Making It Up* is Penelope Lively's answer to the oft-asked question, How much of what you write comes from your own life? What if Lively hadn't escaped from Egypt, her birthplace, at the outbreak of World War II? What would her life have been like if she'd married someone else? From a hillside in Italy to an archaeological dig, the author explores the stories that could have been hers, fashioning a sublime dance between reality and imagination that confirms her reputation as a singular talent.

Strategies for Supporting Inclusion and Diversity in the Academy Gail Crimmins, 2020-06-29 This book explores tried and tested strategies that support student and faculty engagement and inclusion in the academy. These strategies are anchored by a brief exploration of the history and effect/s of exclusion and deprivelege in higher education. However, while many publications exploring academic

inequality focus on the causes and impacts of structural, psychological and cultural exclusion based on racism, sexism, classism and ableism, they rarely engage in interventions to expose and combat such de/privilege. Capturing examples of inclusive practices that are as diverse as student and faculty populations, these strategies can be easily translated and employed by organisations, collectives and individuals to recognise and combat social and academic exclusion within higher education environments.

**Deadline** Chris Crutcher, 2009-04-21 Ben Wolf has big things planned for his senior year. Had big things planned. Now what he has is some very bad news and only one year left to make his mark on the world. How can a pint-sized, smart-ass seventeen-year-old do anything significant in the nowheresville of Trout, Idaho? First, Ben makes sure that no one else knows what is going on—not his superstar quarterback brother, Cody, not his parents, not his coach, no one. Next, he decides to become the best 127-pound football player Trout High has ever seen; to give his close-minded civics teacher a daily migraine; and to help the local drunk clean up his act. And then there's Dallas Suzuki. Amazingly perfect, fascinating Dallas Suzuki, who may or may not give Ben the time of day. Really, she's first on the list. Living with a secret isn't easy, though, and Ben's resolve begins to crumble . . . especially when he realizes that he isn't the only person in Trout with secrets.

**Something Red** Douglas Nicholas, 2013-06-18 During the thirteenth century, in northwest England, in one of the coldest winters in living memory, a formidable middle-aged Irishwoman and her little troupe are trying to drive their three wagons across the Pennines before the heavy snows set in. Molly, her powerful and enigmatic lover Jack, her fey granddaughter Nemain, and the young apprentice Hob soon find that something terrible prowls the woods through which they must make their way. As they travel from refuge to refuge, it becomes apparent that the evil must be faced, and

it is then that Hob learns how much more there is to his adopted family than he had ever imagined--

*Horror after 9/11* Aviva Briefel, Sam J. Miller, 2012-08-24 Horror films have exploded in popularity since the tragic events of September 11, 2001, many of them breaking box-office records and generating broad public discourse. These films have attracted A-list talent and earned award nods, while at the same time becoming darker, more disturbing, and increasingly apocalyptic. Why has horror suddenly become more popular, and what does this say about us? What do specific horror films and trends convey about American society in the wake of events so horrific that many pundits initially predicted the death of the genre? How could American audiences, after tasting real horror, want to

consume images of violence on screen? Horror after 9/11 represents the first major exploration of the horror genre through the lens of 9/11 and the subsequent transformation of American and global society. Films discussed include the Twilight saga; the Saw series; Hostel; Cloverfield; 28 Days Later; remakes of The Texas Chainsaw Massacre, Dawn of the Dead, and The Hills Have Eyes; and many more. The contributors analyze recent trends in the horror genre, including the rise of 'torture porn,' the big-budget remakes of classic horror films, the reinvention of traditional monsters such as vampires and zombies, and a new awareness of visual technologies as sites of horror in themselves. The essays examine the allegorical role that the horror film has held in the last ten years, and the ways that it has been translating and reinterpreting the discourses and images of terror into its own cinematic language.

*We Are the Brennans* Tracey Lange, 2021-08-03 \*\*INSTANT NEW YORK TIMES BESTSELLER\*\* In the vein of Mary Beth Keane's *Ask Again, Yes* and Cynthia D'Aprix Sweeney's *The Nest*, Tracey Lange's *We Are the Brennans* explores the staying power of shame—and the redemptive power of love—in an Irish Catholic family torn apart by secrets. When twenty-nine-year-old Sunday Brennan wakes up in a Los Angeles hospital, bruised and battered after a drunk driving accident she caused, she swallows her pride and goes home to her family in New York. But it's not easy. She deserted them all—and her high school sweetheart—five years before with little explanation, and they've got questions. Sunday is determined to rebuild her life back on the east coast, even if it does mean tiptoeing around resentful brothers and an ex-fiancé. The longer she stays, however, the more she realizes they need her just as much as she needs them. When a dangerous man from her past brings her family's pub business to the brink of financial ruin, the only way to protect them is to upend all their secrets—secrets that have damaged the family for generations and will threaten everything they know about their lives. In

the aftermath, the Brennan family is forced to confront painful mistakes—and ultimately find a way forward, together.

**The Shadow of Arms** Hwang Sok-yong, 2014-03-04 A novel of the black markets of the South Vietnamese city of Da Nang during the Vietnam War, based on the author's experiences as a self-described South Korean mercenary on the side of the South Vietnamese, this is a Vietnam War novel like no other, truly one that sees the war from all sides. Scenes of battle are breathtakingly well told. The plot is thick with intrigue and complex subplots. But ultimately *The Shadow of Arms* is a novel of the human condition rather than of the exploits and losses of one side or the other in war.

**The Challenge** Alan Drake, 2023-12-28 God invites you to cast your cares on Him, because He cares for you (1 Peter 5:7). It is natural to seek first to meet our own needs and the needs of our family members, but God invites us to make an exchange. He invites us to cast our concerns on Him, and He promises to care for us better than we could take care of ourselves. In exchange, He desires for us to take on His concerns, His priorities, and seek His Kingdom first.

Super fast and dangerous, its heroes are the racers: part fighter pilot, part race - car driver, all superstar. But to get to the Pro Circuit, you must first pass through the International Race School, a brutal cauldron of wild races on even wilder courses, where only the best of the best will survive. But Jason Chaser is no ordinary racer. And as he races against the best drivers in the world he will learn that at Race School winning is everything, that not everyone in this world fights fair, and that you never ever have any friends on the track.

**Stotan!** Chris Crutcher,2009-09-22 Stotan: A cross between a Stoic and a Spartian It's the last swimming season for Walker, Nortie, Lion, and Jeff, and their coach is building their self-discipline in a grueling four-hour-a-day test of stamina designed to bring them to the outer edge of their capabilities. As it turns out, Stotan Week is also the week in which secrets are revealed, and the four friends must draw upon their new strengths for an endurance they never knew they'd need.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Jugaad Time** Amit S. Rai,2019-02-05 In India, the practice of jugaad—finding workarounds or hacks to solve problems—emerged out of subaltern strategies of negotiating poverty, discrimination, and violence but is now celebrated in management literature as a disruptive innovation. In Jugaad Time Amit S. Rai explores how jugaad operates within contemporary Indian digital media cultures through the use of the mobile phone. Rai shows that despite being co-opted by capitalism to extract

free creative labor from the workforce, jugaad is simultaneously a practice of everyday resistance, as workers and communities employ hacks to oppose corporate, caste, and gender power. Locating the tensions surrounding jugaad—as both premodern and postdigital, innovative and oppressive—Rai maps how jugaad can be used to undermine neoliberal capitalist media ecologies and nationalist politics.
