This is the central idea of Beautiful Oops!, Barney Saltzberg’s beloved bestseller—and now My Book of Beautiful Oops!, an interactive journal for young artists, takes that principle into unexpected new directions. A hands-on journal that’s meant to be personalized—drawn in, painted on, torn up, smudged, or otherwise artistically wrecked—My Book of Beautiful Oops! is filled with folded, crumpled, die-cut, and lift-the-flap pages that will challenge the reader’s sense of play. The friendly green alligator from the first book prompts the reader: Bend a page. Decorate a smudge. Play with splats and spills. Even complete a poem that was accidentally ripped in half. My Beautiful Book of Oops! champions imagination, play, and the courage to express oneself. It’s about self-forgiveness, about turning off that inner critic that clamors for perfection. And it’s about freedom—the freedom to be creative and follow your curiosity wherever it goes. That’s a lesson to celebrate.

The Complete Story of Sadako Sasaki Masahiro Sasaki 2020-04-07 **\*\*Independent Publisher Book Award (IPPY) Winner\*\*** **\*\*Middle School Book of the Year-** **Northern Lights Book Awards\*\*** **\*\*Skipping Stones Honor Award Winner\*\*** For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako’s older brother Masahiro tell her complete story in English for the first time—how Sadako’s courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako’s life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.

**Mind-Blowing Modular Origami** Byriah Loper 2016-10-11 Modular origami is the latest craze in paper folding! These three-dimensional models are created from a number of small pieces of paper that are easily folded and then cleverly fit together to form a spectacular shape. They range from paper polyhedra to bristling buckyballs that are reminiscent of sea urchins—to ornate flower-like spheres. Each piece of paper is held by the tension of the other papers—demonstrating the remarkable hidden properties of paper, which is at the same time flexible but also strong! Author Byriah Loper has been creating modular origami sculptures for just five years, but in that time, he’s pushed the upper limits of the art form with some of the largest, most complex geometric paper constructions ever assembled. While many geo-modular origami artists focus on creating dense floral spheres, Byriah has pioneered the open, linear “wire frame” approach, which results in a very complex-looking model that reveals the interior of its form. He exhibits his sculptures annually at the Origami USA convention in New York, and was recently a featured artist at the “Surface to Structure” exhibition at the Cooper Union gallery in the East Village. A great way to learn origami, the easy-to-follow diagrams and step-by-step instructions in this book show you how to fold the paper components and then assemble them to create 22 incredible models. Each model is a new challenge, and the paper sculptures you create look fantastic on your desk or shelf! *Hand Lettering* Thy Doan 2017-02-28 Welcome to the wonderful world of hand lettering!
