Backpacker 2001-03 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

The Land of Lost Toys Juliana Ewing 2021-03-16

Plastic-Free Beth Terry 2012-06-15 Like many people, Beth Terry didn't think an individual could have much impact on the environment. But while laid up after surgery, she read an article about the staggering amount of plastic polluting the oceans and decided then and there to kick her plastic habit. Now she wants to teach you how you can too. In her quirky and humorous style--well known to the readers of her popular blog, My Plastic-Free Life--Terry provides personal anecdotes, stats about the environmental and health problems related to plastic, and personal solutions and tips on how to limit your plastic footprint. Terry includes handy lists and charts for easy reference, ways to get involved in larger community actions, and profiles of individuals-- Plastic-Free Heroes--who have gone beyond personal solutions to create a change on a larger scale. Plastic-Free also includes chapters on letting go of eco-guilt, strategies for coping with overwhelming problems, and ways to relate to other people who aren't as far along on the plastic-free path. Both a practical guide and the story of a personal journey from helplessness to empowerment, Plastic-Free is a must-read for anyone concerned about the ongoing health and happiness of themselves, their children, and the planet.

Progress in Physics, Vol. 13, No. 4, 2017 Dmitri Rabounski, Florentin Smarandache, Larissa Borissova Papers on Unmatter, Harmonic Quantum Oscillators, Vacuum Polarization, Scale-Invariant Models, Superluminal Reference, Heuristic Model and so on. "Angel particle" bearing properties of both particles and anti-particles, which was recently discovered by the Stanford team of experimental physicists, is usually associated with Majorana fermions (predicted in 1937 by Ettore Majorana). In this message we point out that particles bearing properties of both matter and

anti-matter were as well predicted without any connexion with particle physics, but on the basis of pure mathematics, namely -- neutrosophic logic which is a generalization of fuzzy and intuitionistic fuzzy logics in mathematics.

iPads® in the Library: Using Tablet Technology to Enhance Programs for All Ages Joel A. Nichols 2013-06-13 Looking for a programming guide for computer tablet use in the library setting? This book provides detailed plans and instructions with specific literacy goals for child, teen, and adult audiences--exactly what librarians seeking to integrate iPad and other tablet use into their programs need. • Supplies technology programs for young children targeting early literacy skills, and for grade school and middle school-aged children, with a special focus on STEM skills • Includes programs for adult groups including non-English speakers, job-seekers, and genealogy enthusiasts • Covers 100 essential apps for library programming in an annotated list • Provides an annotated list of app review resources for selection • Blends digital content and delivery with traditional, analogue library services in the versatile supplied plans

Drawdown Paul Hawken 2017-04-18 • New York Times bestseller • The 100 most substantive solutions to reverse global warming, based on meticulous research by leading scientists and policymakers around the world "At this point in time, the Drawdown book is exactly what is needed; a credible, conservative solution-by-solution narrative that we can do it. Reading it is an effective inoculation against the widespread perception of doom that humanity cannot and will not solve the climate crisis. Reported by-effects include increased determination and a sense of grounded hope." --Per Espen Stoknes, Author, What We Think About When We Try Not To Think About Global Warming "There's been no real way for ordinary people to get an understanding of what they can do and what impact it can have. There remains no single, comprehensive, reliable compendium of carbon-reduction solutions across sectors. At least until now. . . . The public is hungry for this kind of practical wisdom." --David Roberts, Vox "This is the ideal environmental sciences textbook--only it is too interesting and inspiring to be called a textbook." --Peter Kareiva, Director of the Institute of the Environment and Sustainability, UCLA In the face of widespread fear and apathy, an international coalition of researchers, professionals, and scientists have come together to offer a set of realistic and bold solutions to climate change. One hundred techniques and practices are described here--some are well known; some you may have never heard of. They range from clean energy to educating girls in lower-income countries to land use practices that pull carbon out of the air. The solutions exist, are economically viable, and communities throughout the world are currently enacting them with skill and determination. If deployed collectively on a global scale over the next thirty years, they represent a credible path forward, not just to slow the earth's warming but to reach drawdown, that point in time when greenhouse gases in the atmosphere peak and begin to decline. These measures promise cascading benefits to human health, security, prosperity, and well-being--giving us every reason to see this planetary crisis as an opportunity to create a just and livable world.

Los Angeles Magazine 2003-11 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Complete Guide to Events Management Sarah Owen 2011

Good and Cheap Leanne Brown 2015-07-14 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.

Backpacker 2007-09 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Chicka Chicka Boom Boom Bill Martin 2006-10-24 In a rhythmic alphabet chant, all the letters race one another up the coconut tree.

The Preschooler's Busy Book Trish Kuffner 2010-06-01 The Preschooler's Busy Book contains 365 activities (one for each day of the year) for three- to six-year-olds using things found around the home. It shows parents, baby-sitters, and daycare providers how to: Save money by making your own paints, play dough, craft clays, glue, paste and other supplies Prevent boredom during even the longest stretches of rainy or cold weather with ideas for indoor play like newspaper golf, magnet magic, the listening game, red light/green light, and hand puppets Help children learn to have fun in the kitchen making fruit kebabs, popsicles, homemade peanut butter, a happy-face sandwich, alphabet cookies, animal pancakes, finger Jell-O, popcorn ball creatures, and the best chocolate chip cookies in the whole world Teach your child practical skills like setting the table, putting away the silverware, sorting socks, sewing practice, and carpentry (hammering golf tees into Styrofoam, with a toy hammer) Introduce your child to numbers and counting with activities like "One-Two, Buckle My Shoe," telling time, coin and stamp collecting, sorting a mixed-up deck of cards by numbers and learning how to find today's date on a calendar Prepare your child for reading by working on an alphabet puzzle, making alphabet cookies, making an alphabet book, and connecting the dots in alphabetical order to make a picture Get your child started with music and rhythm by making a pie-plate tambourine, keeping the rhythm to a song on the radio with homemade rhythm blocks or shakers, or make music with musical glasses (filled with different amounts of water) Get your child moving with dances like "Hokey Pokey," "Skip to My Lou," "Ring Around the Rosie," and "London Bridge" Encourage your child to enjoy quiet activities like reading wordless picture books, working on puzzles, and watching clouds--and then drawing them Introduce children to nature with a variety of outdoor adventures from nature walks and picnics to backyard camping, bird feeding, mud painting and making waxed leaves Start children growing things by planting apple seeds, avocado seeds or garlic cloves; or learning how to grow carrots, beets or sweet potatoes by

putting cuttings into water Celebrate holidays and other occasions with special projects and activities for Christmas, Hanukkah, Kwanza, Easter and Passover Keep children occupied on car trips by playing "I See A-B-C" or reciting "30 Days Hath September"

Origami Card Craft Karen Elaine Thomas 2009 Combines card-making techniques with origami-inspired folds to create beautiful, handmade cards that unfold, expand, fan out, pop up, and even hold hidden messages for fun, personal greetings for any occasion. Original.

Best Practices of Literacy Leaders, Second Edition Allison Swan Dagen 2020-02-19 This authoritative text and practitioner resource has now been extensively revised and expanded with 70% new material covering new topics and standards in literacy leadership. Prominent experts present research-based methods for improving instruction, assessment, and professional learning experiences in PreK-12. The distinct roles of teachers, reading/literacy specialists, literacy coaches, special educators, and principals are explored, with an emphasis on fostering a culture of collaboration. Chapters highlight the standards that apply to each component of a schoolwide literacy program, give examples of what they look like in schools, and share implications for classroom practice and professional learning. Pedagogical features include guiding questions, case examples, vignettes, engagement activities, and annotated resources for further learning. New to This Edition *Now copublished with the International Literacy Association (ILA) and grounded in ILA's updated Standards 2017; expanded grade range includes PreK. *Chapters on new topics: writing instruction, sustaining schoolwide improvements, and collaborative leadership. *New chapters on core topics: the principal's role, assessment, middle and high school literacy programs, special education, and culturally responsive instruction. *Vignettes from leaders in diverse roles, "Think About This" questions for discussion/reflection, and end-of-chapter annotated resources.

Indirect Taxation in Developing Countries Ary Lars Bovenberg 1986-09-01 Indirect taxes are an important element in stabilization tax packages that aim at raising revenue in the short run. This paper evaluates, by using a general equilibrium model, alternative instruments of indirect taxation in middle-income developing countries. It uses data for Thailand as an illustration and examines the effects on revenue, efficiency, equity, and international competitiveness. The paper shows that the interaction between taxes and distortions caused by various policies can be important for revenue and efficiency. It also reveals significant backward shifting and a link between outward-looking supply-side tax policies and trade policies in industrial countries.

Craft Wisdom & Know-How The Editors of Lark Books 2013-09-19 The latest addition to the best-selling Wisdom & Know-How series is an all-in-one guide to mastering a variety of popular crafts, from knitting and quilting to ceramics and jewelry making. The fifth book in the popular Wisdom and Know-How series, CraftWisdom & Know-How covers dozens of the most popular crafts in one complete, all-encompassing resource. The book is organized by type of craft and includes Sewing, Knitting, and Other Needlework; Paper Crafts and Bookmaking; Glasswork; Jewelry Making; Pottery and Clay; Mosaics; Candle-making and Decorating; and Woodworking and Furniture Making. P Is for Pterodactyl Raj Haldar 2018-11-13 A New York Times Bestseller! A "raucous trip through the odd corners of our alphabet." —The New York Times Let's get real—the English language is bizarre. A might be for apple, but it's also for aisle and aeons. Why does the word "gnat" start with a G but the word "knot" doesn't start with an N? It doesn't always make sense, but don't let these rule-breaking silent letters defeat you! This whimsical, funky book from Raj Haldar (aka rapper Lushlife) turns the traditional idea of an alphabet book on its head, poking fun at the most mischievous words in the English language and demonstrating how to pronounce them. Fun and informative for word nerds of all ages!

Very Best Baby Name Book Bruce Lansky 2010-10-12 The Very Best Baby Name Book has 60,000+ names and 300+ helpful lists of names to consider, making it a leading choice for parents-to-be. Dot Dot Dash Robert Klanten 2006 Dot Dot Dash! is brought to you by the editors of Pictoplasma and Pictoplasma 2. Expanding on the widely popular subject of contemporary character design, this definitive volume showcases an up-to-date survey of the personalities and characters that have entered the third dimension. Vinyl figures, plush dolls, designer toys and action figures can be seen as a new movement in contemporary design, art and popular culture. Interest for these three dimensional toys have surged, drawing on pop culture, graffiti and visual art. The new generation characters appear cute, cuddly and innocuous at first but are often elicited, subversive and politically incorrect. Not intended for child's play, they are highly esteemed by teens and adults alike. Each is a work of art often created by world famous artists and many of them are produced independently in limited editions and become highly sought after collectibles. A recent trend of character applications aspiring from inherent crossovers of the character and art worlds, is also taking form in sculptures and objects, creating a new art market where artists are progressively moving beyond the boundaries of the gallery and extending their work to a largely disparate audience. This voluptuous volume exhibits the expansive scope of designs and objects in the ultimate compilation of contemporary character design. Jim Crawford the co-founder of Strange Co, one of the largest distributor of designer toys has contributed to the making of this book.

The Missing Alphabet Susan Marcus 2012-10-23 Presents the latest research and detailed information that parents can use to identify the creative abilities of their children, with activities that can be done to foster their children's imagination and inventive ways of problem solving.

The European Newspaper Market Bettina Schwarzer 2015-02-25 Der Zeitungsmarkt unterliegt seit einigen Jahren einem Wandel. Um den stetigen Innovationen im Bereich Technologie und Wirtschaft sowie dem geänderten Kommunikationsverhalten und den gesellschaftlichen Strukturen gewachsen zu sein, müssen Unternehmen ihre Geschäftsmodelle neu ausrichten. Diese Forschungsarbeit untersucht Veränderungen, die sich - bedingt durch das Aufkommen des Internets sowie sozialen Onlinenetzwerken - in Europa ergeben haben. Es wird analysiert, wie die Zeitungsindustrie ihre Geschäftsmodelle adaptiert und welche Zeitungen sich erfolgreich an die neuen digitalen Herausforderungen angepasst haben. Darüber hinaus wird die Nutzung von sozialen Onlinenetzwerken durch die größten Zeitungsverlage ausgewählter europäischer Länder erforscht. Hierbei werden unter anderem die Aspekte Multimedia, Mobile Dienste und Angebote, User-Generated-Content, Social Communities, eigene Communities und Online-Features betrachtet. Mit Beiträgen von: Sonya Dimitrova, Anne-Lise Le Vaillant, Veronica Lilium, Aleksandra Smolarczyk, Kristina Stelzig, Maja Trebicka und Lore Verbrugge.

Too Many Teddies Shelley Arnusch 2014-01-29 Too Many Teddies tells the story of Trixie, a little girl who has accumulated way too many stuffed toys. Even though Trixie loves all her teddies, she has to admit that things have gotten way out of hand, especially when she's crowded out of her own bed. The solution that Trixie and her mother come up with certainly isn't easy for a girl who is attached to her toys, but in the end, Trixie learns the value of giving and makes a whole bunch of new friends. A fun-to-read story that incorporates themes of philanthropy and generosity and also promotes the value of a less-cluttered living space, Too Many Teddies will win your heart.

Planning for Learning through ICT Rachel Sparks Linfield 2012-09-26 Planning for Learning through ICT aims to introduce young children to what ICT is, and provides over six weeks worth of activities that explore a range of technologies suitable for children 3-5. The book provides ideas for helping children learn about the different purposes of ICT and explores how to use ICT to create, to find information, to play, to shop. The book

focuses in particular on how to use ICT creatively as well as outdoors.

Whatever your daily learning, this book aims to show how ICT can be easily and appropriately included in your everyday play and learning.
