The Green Berets in the Land of a Million Elephants Joseph D. Celeski,2018-12-01 The untold story of US Special Forces in Laos, one of the longest secret wars of the Cold War—by a military historian and Special Forces veteran. The Secret War in Laos was one of the first “long wars” fought by US Special Forces, spanning a period of about thirteen years. It was one of the largest CIA-paramilitary operations of the time, kept out of the view of the American public until now. Between 1959 and 1974, Green Berets were covertly deployed to Laos during the Laotian Civil War to prevent the Communist Pathet Lao from taking over the country. Operators disguised as civilians and answering only to “Mister,” were delivered to the country by Air America, where they reported to the US Ambassador. With limited resources, they faced a country in chaos. Maps had large blank areas. and essential supplies often didn’t arrive at all. In challenging tropical conditions, they trained and undertook combat advisory duties with the Royal Lao Government. Shrouded in secrecy until the 1990s, this was one of the first major applications of special warfare doctrine. Now, the story is comprehensively told for the first time using official archival documents and interviews with veterans.

Land of a Million Elephants Somboun Joy Niravanh,2016-02-03 I would like to share a part of my ancestral culture and history using a story I have written of a beloved elephant. The elephant graces the once-royal flag and is the old symbol of a soon-to-be-forgotten monarchy of the country of Lao. The Southeast Asian wars of the nineteen hundreds were fought by brave souls who were misled by greedy and corrupt men who only wanted to seek absolute power and control and ended the reign of the Lan Xang Kingdom. For seven hundred years, many different ethnicities have settled in this lush jungle paradise. It was never the land of any particular group as many shared its majestic mountains and tropical lowlands, and all called their home the land of a million elephants. Enjoy the story.

Wives, Mistresses, and Matriarchs Louise Williams,1999 Veteran journalist Louise Williams shatters the myth of the submissive Asian woman of Western lore with her vivid portraits of politicians, call girls and mistresses, revolutionary heroines, laborers, and business magnates. Williams skillfully draws out the stories of extraordinary individuals ranging from Benazir Bhutto, Corazon Aquino, and Aung San Suu Kyi to the one-time Viet Cong commando and the Jakarta factory girl.

Vientiane Marc Askew,Colin Long,William Logan,2006-12-07 Providing insights into this neglected Southeast Asian city, this interesting book interprets Vientiane’s landscape - physical as well as imagined - as a reflection of key aspects of Lao geo-political history, the nature of Lao urbanism, and its critical relation to constructions of Lao identity in the contemporary period. It is argued that the patterns of change seen through Vientiane’s past embody the key political and economic processes and transformations impacting on the people of Laos. The Lao urban past has rarely been an object of attention by scholars. Laos, in fact, is continually portrayed as a rural backwater, marginal to the dynamic trends affecting most of the Southeast Asian mainland. In contrast to these persistent and static portrayals of Laos as a tiny landlocked backwater, with no significant urban present or past, the authors aim to document, explain and evaluate the significance of the Lao urban landscape. Focusing on the theme of Vientiane’s ‘marginality’ in its various forms, the book interprets this apparent marginality as an historically-produced phenomenon resulting from geo-politics dating from the pre-colonial period and extending into the post-colonial period. Drawing on a wide range of research materials, Vientiane is the first work of its kind on this ignored city.

Theatre in Southeast Asia James R. BRANDON,2009-06-30 An astonishing variety of theatrical performances may be seen today in the eight countries of Southeast Asia--Burma, Cambodia, Indonesia, Laos, Malaysia, the Philippines, Thailand, and Vietnam. James Brandon spent more than three years observing and interviewing troupe members in these countries. He describes twenty-five of the most important theatrical forms, grouping them according to their origins as folk, court, popular, or Western theatre. He considers the theatre from four perspectives: its origins, its art, its role as a social institution, and its function as a medium of communication and propaganda. Brandon's wide-ranging and lively discussion points out interesting similarities and differences among the countries, and many of his superb photographs are included here.
