Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

ATF - National Firearms Act Handbook U.S. Department of Justice, 2019-03-17 This handbook is primarily for the use of persons in the business of importing, manufacturing, and dealing in firearms defined by the National Firearms Act (NFA) or persons intending to go into an NFA firearms business. It should also be helpful to collectors of NFA firearms and other persons having questions about the application of the NFA. This publication is not a law book. Rather, it is intended as a ?user friendly? reference book enabling the user to quickly find answers to questions concerning the NFA. Nevertheless, it should also be useful to attorneys seeking basic information about the NFA and how the law has been interpreted by ATF. The book's Table of Contents will be helpful to the user in locating needed information. Although the principal focus of the handbook is the NFA, the book necessarily covers provisions of the Gun Control Act of 1968 and the Arms Export Control Act impacting NFA firearms businesses and collectors.

Historical Painting Techniques, Materials, and Studio Practice Arie Wallert, Erma Hermens, Marja Peek, 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled Historical Painting Techniques, Materials, and Studio Practice at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Crime and Criminal Justice Systems in Europe and North America, 1995-2004 Kauko Aromaa, Markku Heiskanen, 2008-01-01 Recent crime and criminal justice system trends in the countries of Europe and North America are reported, based on data in the sixth through the ninth United Nations Surveys on Crime Trends and the Operations of Criminal Justice Systems (CTS). The CTS is the main source of worldwide data on national recorded crime rates and criminal justice system operations. Data for the years 1995-2004 were obtained from official agencies in Canada, the U.S. and more than 30 countries in Europe, and were analyzed by a working group of international experts. The biggest strength of this dataset is that it allows the study of crime and criminal justice systems over a full ten-year period. Two of the major trends across Europe and North America in this period were: (1) On average, the number of criminal justice personnel and the resources of the national criminal justice systems remained stable. (2) The numbers of recorded assaults, robberies, drug-related offenses and frauds increased, while the numbers of thefts, auto thefts and burglary suspects decreased. The following 11 chapters provide extensive analyses of and statistical data on multinational trends: Introduction by Kauko Aromaa; Trends in Criminal Justice System Resources 1995-2004 by Beata Gruszczynska and Ineke Haen Marshall; Trends of Recorded Crime by Kauko Aromaa and Markku Heiskanen; Persons Brought into Initial Contact with the Police by Markku Heiskanen; Prosecution and Courts by Paul Smit; Juvenile Justice and the United Nations Survey on Crime Trends and Criminal Justice Systems by Steven Malby; Trends in Prison Population 1995-2004 by Roy Walmsley; An Empirical Approach to Country Clustering by Paul Smit, Ineke Haen Marshall and Mirjam van Gammeren; Measu
