**Graffiti's Wall** Ram V, Anand Radhakrishnan, 2018-11-15 When an aspiring street artist by the name of Graffiti watches the tenements outside his home being razed, he finds an unlikely canvas at the one wall still left standing in the debris. Over the next weeks, he begins creating a mural on the wall, one that chronicles the lives of his friends: a local low-level fixer named Jay who harbours dreams of being a rapper. A brilliant and awkward boy named Chasma who writes love letters between shifts waiting tables at a local Chinese restaurant. And Saira, an aspiring actress with ambitions so fierce that they threaten to consume her and all those around her. As the mural progresses, the story gives us glimpses into these incandescent lives, their hopes and dreams both inspired and impeded by the impossible city that they live in.

Socially Responsible Higher Education Budd L. Hall, Rajesh Tandon, 2021-05-03 Listen to the podcast! Is the university contributing to our global crises or does it offer stories of hope? Much recent debate about higher education has focussed upon rankings, quality, financing and student mobility. The COVID-19 pandemic, the climate crisis, the calls for decolonisation, the persistence of gender violence, the rise of authoritarian nationalism, and the challenge of the United Nations Sustainable Development Goals have taken on new urgency and given rise to larger questions about the social relevance of higher education. In this new era of uncertainty, and perhaps opportunity, higher education institutions can play a vital role in a great transition or civilisational shift to a newly imagined world. *Socially Responsible Higher Education: International Perspectives on Knowledge Democracy* shares the experiences of a broadly representative and globally dispersed set of writers on higher education and social responsibility, broadening perspectives on the democratisation of knowledge. The editors have deliberately sought examples and viewpoints from parts of the world that are seldom heard in the international literature. Importantly, they have intentionally chosen to achieve a gender and diversity balance among the contributors. The stories in this book call us to take back the right to imagine, and 'reclaim' the public purposes of higher education.

**Fundamentals of Oil & Gas Industry for Beginners** Samir Dalvi, 2015-11-03 A prominent linchpin in world politics and in security policies world over, oil and gas have tremendous value in both, the political and economical sectors of global relations, business establishments and policy. Regardless of whether one is a novice to a given field, or a well accomplished veteran in the field, there is a need for the continued engagement with the basics that underlie the core subjects. With that in mind, the Fundamentals of Oil and Gas is a perfect primer for the first-timer in the field, while also a copious text to help a seasoned veteran stay abreast with the nuances of the world of Oil and Gas.

**Gender in Translation** Sherry Simon, 2003-09-02 Gender in Translation is a broad-ranging, imaginative and lively look at feminist issues surrounding translation studies. Students and teachers of translation studies, linguistics, gender studies and women's studies will find this unprecedented work invaluable and thought-provoking reading. Sherry Simon argues that translation of feminist texts - with a view to promoting feminist perspectives - is a cultural intervention, seeking to create new cultural meanings and bring about social change. She takes a close look at specific issues which include: the history of feminist theories of language and translation studies; linguistic issues, including a critical examination of the work of Luce Irigaray; a look at women translators through history, from the Renaissance to the twentieth century; feminist translations of the Bible; an analysis of the ways in which French feminist texts such as De Beauvoir's *The Second Sex* have been translated into English.

**Performing Without a Stage** Robert Wechsler, 1998 *Performing Without a Stage* is a lively and comprehensive introduction to the art of literary translation for readers of foreign fiction and poetry who wonder what it takes to translate, how the art of literary translation has changed over the centuries, what problems translators face in bringing foreign works into English and how they go about solving these problems. This book will also be of interest to translators, writers, editors, critics, and literature students, dealing as it does, often controversially, with such matters as the translator's fidelity to the author, the publishing and reviewing of translations, the nearly nonexistent public image of the stageless translator, and the value for writers and scholars of studying and practicing translation.

Translation Today Gunilla M. Anderman,Margaret Rogers,2003 This text provides a snapshot of issues reflecting the changing nature of translation studies at the beginning of a new millennium. Resulting from discussions between translation theorists from all over the world, topics covered include: the nature of translation; English as a lingua franca; public service translation and interpreting; assessment; and audio-visual translation. The first part of the work covers a discussion stimulated by Peter Newmark's paper, and the second part allows invited colleagues to develop his topics.

The World Atlas of Tattoo Anna Felicity Friedman,James Elkins,2015-01-01 A grand tour of the world's great tattoos--Atlas Obscura This book--part global art historical tome, part coffee-table book of visual wonders--is a valuable corrective to many silly things that we assume about tattooing.--The New Republic A lavishly illustrated global exploration of the vast array of styles and most significant practitioners of tattoo from ancient times to today Tattoo art and practice has seen radical changes in the 21st century, as its popularity has exploded. An expanding number of tattoo artists have been mining the past for lost traditions and innovating with new technology. An enormous diversity of styles, genres, and techniques has emerged, ranging from geometric blackwork to vibrant, painterly styles, and from hand-tattooed works to machine-produced designs. With over 700 stunning color illustrations, this volume considers historical and contemporary tattoo practices in Europe, the Americas, the Middle East, North and Sub-Saharan Africa, Asia, Australia, and the Pacific Islands. Each section, dedicated to a specific geographic region, features fascinating text by tattoo experts that explores the history and traditions native to that area as well as current styles and trends. The World Atlas of Tattoo also tracks the movement of styles from their indigenous settings to diasporic communities, where they have often been transformed into creative, multicultural, hybrid designs. The work of 100 notable artists from around the globe is showcased in this definitive reference on a widespread and intriguing art practice.

Gods, Guardians, and Lovers Vishakha N. Desai,Darielle Mason,1993 Celestial lovers, guardian deities, gods, goddesses, semidivine and human forms bedeck the magnificent, elaborately sculpted medieval temples of northern India. This handsome catalog of an exhibition at the Asia Society in New York City explains that each temple, rich in symbolism and sacred geometry, was viewed as a microcosmic model of cosmic creation and order. Led by Desai, director of the Asia Society Galleries, and Mason of Boston's Museum of Fine Arts, six scholars discuss the historical background, patterns of royal patronage, architectural placement of images and Hindu stories and hymns as keys to the cult of temple images and to the medieval worship service, an elaborate multisensory experience. Nearly 200 color and black-and-white plates document a major architectural and sculptural legacy.
