The True Story of Smokey the Bear ,1969

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Colorado 14ers ,2006-05 This completely rewritten and redesigned second edition is organised by mountain range-the only book you will need to find the most popular route up each of the 54 Colorado 14ers. Each description includes clear, concise directions for driving to the trailhead, where to park, a map of the route, difficulty rating, elevation profile, distance, and estimated round-trip time. All of the routes have been approved by the Colorado Fourteeners Initiative, the non-profit that has built or rebuilt 21 of these routes and seeks to educate all 14er climbers about protecting and conserving these mountain routes. The Colorado Mountain Club Foundation receives, administers and disburses funds for charitable, scientific, literary and educational organisations that collect and disseminate information regarding the Rocky Mountains.

Communist Posters Mary Ginsberg,2020-10 One of the common features of communist regimes is the use of art for revolutionary means. Posters in particular have served as beacons of propaganda--vehicles of coercion, instruction, censure and debate--in every communist nation. They have promoted the authority of state and revolution, but have also been used as an effective means of protest. By their nature, posters are ephemeral, tied to time and place, but many have had far-reaching, long-lasting impact. They are imbued with both artistic integrity and personal conviction--Bolshevik posters, for example, are among the most vibrant, passionate graphics in art history. This is the first truly global survey of the history and variety of communist poster art. Each chapter is written by an expert in the field, and examines a different region of the world: Russia, China, Mongolia, Eastern Europe, North Korea, Vietnam and Cuba. This beautifully illustrated, comprehensive survey examines the broad range of political and visual cultures of communist posters, and will appeal to a wide audience interested in art, history and politics.

The Faded Banners. A Treasury of Nineteenth-century Civil War Fiction Eric Solomon,1960

Happiness 6 Shuzo Oshimi,2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo
