If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Understanding the Jewish Roots of Christianity Gerald McDermott,2021-03-17 How Jewish is Christianity? The question of how Jesus' followers relate to Judaism has been a matter of debate since Jesus first sparred with the Pharisees. The controversy has not abated, taking many forms over the centuries. In the decades following the Holocaust, scholars and theologians reconsidered the Jewish origins and character of Christianity, finding points of continuity. Understanding the Jewish Roots of Christianity advances this discussion by freshly reassessing the issues. Did Jesus intend to form a new religion? Did Paul abrogate the Jewish law? Does the New Testament condemn Judaism? How and when did Christianity split from Judaism? How should Jewish believers in Jesus relate to a largely gentile church? What meaning do the Jewish origins of Christianity have for theology and practice today? In this volume, a variety of leading scholars and theologians explore the relationship of Judaism and Christianity through biblical, historical, theological, and ecclesiological angles. This cutting-edge scholarship will enrich readers' understanding of this centuries-old debate.

Gatherings Jan Scott,Julie Van Rosendaal,2014-11 The old adage, 'It's not what's on the table, it's who's at the table, ' means more to home cooks as the stuffy, fussy, pretentious dinner party of the past disappears, making way for a new entertaining ideal. People naturally gather together over food; it's a huge part of any celebration, and a means of coming together for more casual daily social interactions. Dinner parties are making a comeback - with more focus on gathering over easy, casual food, there's less pressure for fancy recipes, immaculate table settings and perfect presentation. Home cooks crave comfortable ways to socialize with friends and family, whether it be a special occasion or a means of reconnecting on a regular weeknight. Gatherings puts the focus on real situations that bring people together, whether the occasion is a birthday or holiday, or just an excuse to reconnect and strengthen relationships. The book will be broken down into casual scenarios, with recipes, drinks or cocktails, and easy serving, decor and presentation suggestions for each. It will appeal to those less inclined to spend money eating out, who are still interested in socializing or hosting more casual home parties. It will benefit those who can't cook, have a small space, don't know how to mix drinks or easily decorate, or are intimidated by all that organizing a party entails, from estimating quantities to storing and serving. Gatherings makes social occasions easy and approachable, and strengthens relationships while building confidence in the kitchen.
