How To Scare A Monster - The Philosophy of Monsters, Inc. Andrea Schäfer 2007-02-16 Seminar paper from the year 2006 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Freiburg, course: Monsters, Monstrosoty and Alterity In Fiction and Film, 4 entries in the bibliography, language: English, abstract: The commercial slogan of the biggest power authority in Monstropolis sounds like a common saying that could also be heard in our TV and Radio programmes. And this slogan is not the only odd

similarity between our human world and the movie *Monsters, Inc.* (2001). The movie, one of the latest works developed by Pixar Animation Studios in cooperation with Walt Disney Pictures, is an animated movie for children that sets in a parallel universe, namely a world of monsters: Monstropolis. While this movie was not only extremely successful in the Box office and nominated for an Academy Award in 2002 for Best Animated Feature, there is a lot more to discover beyond its surface. Considering the fact that “*Monsters, Inc.*” is a movie made for young people, especially for little children (rated TV-G in the US) the film needs to meet some expectations. It is clear that this movie is supposed to be funny, entertaining and suitable for children. At the same time it should be fun for the whole family, not only for the kids, because the parents form the audience that pays for the movie. Additionally, movies for kids are generally expected to fulfil a pedagogical task, as most of Disney’s movies do. There is always the plea for tolerance, equality and kindness in Disney-films, like in *Mulan*, *Tarzan* or *The Beauty and the Beast*. The story in *Monsters, Inc.* however, is set on a much more complex basis than the movies that have been produced by Disney so far. The image of the monster behind closet doors and under the beds of little children - usually rather nightmarish material - is used to create a whole world beyond the scary creatures. This term

paper serves to provide a closer look at how the monster is presented in the movie and how this typology can be compared to the common image or stereotype of a monster as well as providing a re-framing of the concept on the basis of monster theory in literature. There will also be a short discussion of how the characters in the movie are adopting human qualities while creating an everyday-life and whether this device is only applied in entertaining the audience. In a final step, there will be an examination on how this fact influences the story in an inverse manner and thus creates a comical and ironic view on the common concepts of a monster.

The Jesus I Know Kathie Lee Gifford 2021-11-30 New York Times bestselling author Kathie Lee Gifford reveals heartwarming, entertaining conversations between people and personalities who both agree and disagree about who Jesus is, his role throughout history, and his presence in our lives today. For decades Kathie Lee has had deep conversations about her faith with anyone who is interested in talking about it. What she discovered early on is most people are very willing to talk about Jesus: atheists, agnostics, Scientologists, Jews, broken-hearted Catholics, confused Baptists, Pentecostals, Sikhs, Buddhists, and Hindus alike. While some of the people Kathie Lee has spoken with do not share her belief that Jesus is the Messiah—as prophesied for centuries by prophets in the

Hebrew scriptures—they nonetheless have a universal fascination with Him. This singular man who lived more than two thousand years ago, and never traveled more than one hundred miles from where He was born, managed to change the entire world. Even the way we delineate history (BC/AD) comes from His short thirty-three years of life. In *The Jesus I Know*, Kathie Lee shares cherished conversations that she's had with others who find Jesus to be an ancient historical figure who somehow continues to be an undeniably magnetic, relevant presence in the modern world. Those conversations include actors like Kristin Chenoweth and Cynthia Garrett, with stories of Craig Ferguson and Kevin Costner, newsmakers and news personalities like Kris Jenner, Megyn Kelly, Jason Kennedy, and Janice Dean, performers like Chynna Phillips Baldwin, Brian Welch, Jimmie Allen, and Jimmy Wayne, hitmakers like Louis York and David Pomeranz, as well as those coming from other faith traditions. Using Kathie Lee's favorite Scripture passages as scaffolding, these thought-provoking exchanges will bring His teachings to life before your very eyes.

light, monsters lie waiting behind closet doors, ready to emerge. But what they don't realize is that these monsters scare children because they have to. It's their job. This superb film from Pixar Studios, the people who brought you *Toy Story*, *A Bug's Life*, and *Toy Story 2*, reveals the truth about monsters with the brilliant techniques that have earned them their reputation as a groundbreaking animation studio. This incredible body of artwork was commissioned from the top artists, illustrators, and animators in the industry and from it the ultimate visual approach of the film was defined.
