Creativity in the Classroom Alane J. Starko 2010 The fourth edition of this well-known text continues the mission of its predecessors æ" to help teachers link creativity research and theory to the everyday activities of classroom teaching. Part I (chs 1-5) includes information on models and theories of creativity, characteristics of creative people, and talent development. Part II (chapters 6-10) includes strategies explicitly designed to teach creative thinking, to weave creative thinking into content area instruction, and to organize basic classroom activities (grouping, lesson planning, assessment, motivation and classroom organization) in ways that support studentsâ€(tm) creativity. Changes in this Edition: Improved Organization -- This edition has been reorganized from 8 to 10 chapters allowing the presentation of theoretical material in clearer, more manageable chunks. New Material æ" In addition to general updating, there are more examples involving middle and secondary school teaching, more examples linking creativity to technology, new information on the misdiagnosis of creative students as ADHD, and more material on cross-cultural concepts of creativity, collaborative creativity, and linking creativity to state standards. Pedagogy & Design æ" Chapter-opening vignettes, within-chapter reflection questions and activities, sample lesson ideas from real teachers, and end-of-chapter journaling activities help readers adapt content to their own teaching situations. Also, a larger trim makes the layout more open and appealing and a single end-of-book reference section makes referencing easier. Targeted specifically to educators (but useful to others), this book is suitable for any course that deals wholly or partly with creativity in teaching, teaching the gifted and talented, or teaching

thinking and problem solving. Such courses are variously found in departments of special education, early childhood education, curriculum and instruction, or educational psychology.

Building an Altar of Sacrifice Francis Elijah Nduagum 2021-07-20 We all have dreams, talents, gifts and destinies to fulfill. Many times we live unfulfilled dreams because we have not yet ignited nor maintained the fire on our personal altar. Having repeatedly seen this sad occurrence, I was burdened to study the bible with a burning desire to find out why this happens even after the Lord may have given a sure word of prophecy to His children. I diligently read the bible to find out solutions which we can apply to our lives to curb the tendency where an alarmingly high number of people never get to fulfill their destinies. One of the biggest strategies the devil uses to destroy a believer's life is to ensure the fire on their personal altar dies down. One needs to know that the sole purpose of building an altar of sacrifice in God's kingdom is not to offer up animal sacrifice but rather to have a quiet place of one-to-one communication with God. It is here that a believer can ask forgiveness of sins, a factor which separates man from God and thereafter proceed to worship Him. Building an altar of sacrifice means you having a sacred or consecrated place of worship and adoration with God Almighty. It is sad to know some believers do not have a personal altar of sacrifice. On the other hand, quite a number of those who have do not take time to keep the fire burning on their altar. Every believer needs to have their private altar of sacrifice and ensure that it is kept burning day and night throughout their lifetime. The specified and acceptable sacrifice to be offered in your altar to God is the sacrifice of a burnt-offering of ADORATION and INCENSE of PRAISE. As the altar of incense burns every morning and evening, so is God expecting your prayers and praises to be raised every time from your altar. If the fire in your altar of sacrifice goes off, your altar becomes dormant and falls into ruins rendering your guiding angel ineffective while at the same time, giving the Devil the opportunity to mess up your life. It is obvious we do ourselves harm if we do not tend daily to our altars to keep the fire burning.
