Float Daniel Miyares,2015-06-09 A boy's small paper boat—and his large
imagination—fill the pages of this wordless picture book, a modern-day classic from the
creator of *Pardon Me!* that includes endpaper instructions for building a boat of your own.
A little boy takes a boat made of newspaper out for a rainy-day adventure. The boy and his
boat dance in the downpour and play in the puddles, but when the boy sends his boat
floating down a gutter stream, it quickly gets away from him. So of course the little boy
goes on the hunt for his beloved boat—and when the rain lets up, he finds himself on a
new adventure altogether. This seemingly simply story from Daniel Miyares is enriched
with incredible depth and texture that transcend words.

Kings, Queens and Pawns: An American Woman at the Front Mary Roberts

Rinehart,2019-12-02 This collection by journalist and mystery writer Mary Roberts
Rinehart contained her observations on her travels during 1914 when she went to Europe
alone to cover World War I. She wonderfully describes everything from being received by
King Albert in Belgium and recording his first certified statement on the war to meeting
Winston Churchill and travelling to the English and French front lines as the first reporter
allowed. Moreover, she made some interesting observations on the people, places and
events she came across during her time there. Apart from being a travel book, this work
was, more importantly, a humanitarian plea to Americans to join the war effort three years
before the American Expeditionary Force set sail for Europe.

Adrian Frutiger - Typefaces Heidrun Osterer, Philipp Stamm, 2014-05-08 The international creation of typefaces after 1950 was decisively influenced by the Swiss type designer Adrian Frutiger. His Univers typeface and the machine-readable font OCR-B, which was adopted as an ISO standard, are milestones, as is his type for the Paris airports, which set new standards for signage types and evolved into the Frutiger typeface. With his corporate types, he helped to define the public profiles of companies such as the Japanese Shiseido line of cosmetics. In all he created some fifty types, including Ondine, Méridien, Avenir, and Vectora. Based on conversations with Frutiger himself and on extensive research in France, England, Germany, and Switzerland, this publication provides a highly detailed and accurate account of the type designer's artistic development. All of his types - from the design phase to the marketing stage - are illustrated and analyzed with reference to the technology and related types. Hitherto unpublished types that were never realized and more than one hundred logos complete the picture. This second, revised and expanded study edition, which now has an index, makes Frutiger's achievement even more accessible.

Thrown into a new reality where no one is quite who they are supposed to be, only she can make things right again. But, at what cost? This time, the universe might be asking too much even of her.

Ten Tough Problems in Christian Thought and Belief David Madison, 2016-08-07 An all-powerful God who permits unspeakable horrors and sent a Son who threatened more to come, forever, to those who don't believe in him. An inspired holy book that turns out to be full of archaic nonsense, moral failures, and contradictions. A world of disagreement not just between Christians and other religions, but within Christianity itself. Blood sacrifice and a tale of the walking dead as the very foundation of faith. These are just a few aspects of Ten very Tough Problems that David Madison describes in this wonderfully deep yet humorous dismantling of his former faith. Combining rigorous scholarship with engaging personal reflections and refreshing wit, he offers understanding and even some laughs while walking with readers past the gravestones of Christian thought and belief.

Julius Winsome Gerard Donovan, 2013-02-07 Julius Winsome lives in a cabin in the hunting heartland of the Maine woods, with only his books and his dog for company. That is until the morning he finds that his dog has been shot dead - and not by accident. Gerard Donovan weaves an extraordinary tale of revenge that is also a tender and heartbreaking paean to lost love. Narrated by the unforgettable voice of Julius himself - at once compassionate, vulnerable and threatening - it reads like a timeless, lost classic.

Climbing Nate Fitch,Ron Funderburke,2019-10 There are similarities in movements on ice, rock, and mixed terrain. The way a climber moves his or her body and the thought processes in movement on ice are remarkably similar to the way in which a climber approaches rock in the summer.
