**Citizens of Two Kingdoms: Civil Society and Christian Religion in Greater China** Shun-hing Chan, Jonathan W. Johnson, 2021-04-06 This book examines the complex relationships of civil society and Christianity in Greater China. Different authors investigate to what extent Christians demonstrate the quality of civic virtues and reflect on the difficulties of applying civil society theories to Chinese societies.

Notes from the Hyena's Belly Nega Mezlekia, 2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

*Take Back Our Future* Ching Kwan Lee, Ming Sing, 2019-11-15 In a comprehensive and theoretically novel analysis, *Take Back Our Future* unveils the causes, processes, and implications of the 2014 seventy-nine-day occupation movement in Hong Kong known as the Umbrella Movement. The essays presented here by a team of experts with deep local knowledge ask: how and why had a world financial center known for its free-wheeling capitalism transformed into a hotbed of mass defiance and civic disobedience? *Take Back Our Future* argues that the Umbrella Movement was a response to China's internal colonization strategies--political disenfranchisement, economic subsumption, and identity reengineering--in post-handover Hong Kong. The contributors outline how this historic and transformative movement formulated new cultural categories and narratives, fueled the formation and expansion of civil society organizations and networks both for and against the regime, and spurred the regime's turn to repression and structural closure of dissent. Although the Umbrella Movement was fraught with internal tensions, *Take Back Our Future* demonstrates that the movement politicized a whole generation of people who had no prior experience in politics, fashioned new subjects and identities, and awakened popular consciousness.

The Wal-Mart Effect Charles Fishman, 2006 An award-winning journalist breaks through the wall of secrecy to reveal how the world's most powerful company really works and how it is transforming the American economy.

*Gender and Change in Hong Kong* Eliza Wing-Yee Lee, 2011-11-01 *Gender and Change in Hong Kong* analyzes women's changing identities and agencies amidst the complex interaction of three important forces, namely, globalization, postcolonialism, and Chinese patriarchy. The chapters examine the issues from a number of perspectives to consider legal changes, political participation, the situation of working-class and professional women, sexuality, religion, and international migration.
