Aileen Wuornos Nikki Faust 2016-03-21 Aileen Wuornos, touted as "America's first female serial killer", shot at least seven middle-aged men to death in Florida between December 1989 and September 1990. Their bodies were discovered along Florida's northern and central highways. A self-professed hater of humans, her troubled upbringing and difficult lifestyle contributed to her demise. She confessed to six murders, claiming that she killed her victims in self-defense after

they attempted to sexually assault her while she worked as a highway prostitute; however, she later recanted five of her self-defense claims, instead pleading guilty to first-degree murder in order to "get right with God." Wuornos subsequently petitioned the Florida Supreme Court to stop all of her appeals so she could die. She asserted that she would definitely kill again and felt it better that her life was ended.

USB Embedded Hosts Jan Axelson 2011-11-01
Developers who want to access USB devices from their embedded systems will find a helpful resource in *USB Embedded Hosts: The Developer's Guide*. This new book from the author of *USB Complete* shows how small systems can take advantage of the same wealth

of USB devices available to conventional PCs. The book begins with a review of USB host communication protocols. Readers then learn which USB host requirements are relaxed for embedded systems and what new requirements some embedded systems must meet. To help in selecting a development platform, the book explores available hardware and software for USB host communications in small systems. The heart of the book focuses on communicating with USB devices. The topics (with example code) include USB drives, keyboards, virtual serial ports, network bridges, mics, speakers, video

cameras, and printers, plus devices that don't fit defined USB classes. Also discussed are systems that support both USB host and device functions. The example code is written for the BeagleBoard-xM open development board using a distribution of Linux targeted to small systems. Also covered is how to use Linux commands and utilities to learn about, monitor, and debug communications with USB devices.

The Full Armor of God Larry Richards 2013-02-15 Evangelical-Friendly Approach to Spiritual Warfare Respected scholar and speaker Larry Richards offers a balanced, evangelical-friendly approach to spiritual warfare based on the book

of Ephesians. Unique among books on warfare and deliverance, this easy-to-follow handbook draws riches from the Bible, while also offering tactical guidance for conquering the demons of fear and doubt that assail believers. Framing his teaching on Paul's armor of God passage in Ephesians 6, Richards uncovers strategies of Satan and analyzes the armor piece by piece to reveal how God provides protection from every attack of the enemy. Hands-on exercises at the end of each section, plus in-depth, analytical appendixes, help readers identify and stand against powers of evil--and experience true

freedom.

The Whole Armor of God Iain M. Duguid

2019-08-22 “A battle manual for every Christian.”

—Sinclair B. Ferguson The Christian life is a battle. We are in a daily struggle against the world, sin, and Satan. But God didn't leave us to fend for ourselves. He gave us his own armor—armor that Jesus has already worn on our behalf all the way to the cross. The same power that raised Christ from the dead is now at work inside of us. This book unpacks each of the pieces of spiritual armor Paul describes in Ephesians 6, inviting us to take up the armor

each day, all while resting in the finished victory of Christ and the assurance that our strength for the battle comes from him.

A Choir of Honest Killers Buddy Wakefield 2019-10-15 A Choir of Honest Killers, Buddy

Wakefield's first new book of prose and poetry in eight years, is an episodic novel exploring his creative climb out of the gritty underbelly of anger and shame, into the dissolution of tragedy addiction and the unmistakable clearing ahead. Having toured the world performing poetry for the last eighteen years, navigating the blunt loneliness of life on the road and a rotating cast of unlikely antagonists, Buddy keenly unpacks topics like the intense overcompensation of his masculinity, growing up terribly queer in the south, the detriments of public shame, a toxic fear of intimacy and the devastation of a failed major

relationship. Wakefield revs up for his relay race to the light with refreshing humor and insight by finding meditation as the love of his life, accepting bliss and learning to let go. While the poetry in A Choir of Honest Killers undeniably throws plenty of insightful punches, it's the through-story about moving from devastation to frequent serendipity that gives the book pace. But it's worth noting, as Wakefield writes, "Perfect probably isn't what you think it is." Wakefield is ultimately catapulted through collective misery, landing in a sustainably joyful life governed by awareness, equanimity and a constant thorough understanding of

impermanence. A Choir of Honest Killers is the result of a lifetime of intense work, fervent seeking and largely takes aim at an exodus from tragedy addiction, into the transmutation of his self-admitted density.

Masters of the Universe: Revelation #2 Kevin Smith 2021-08-11 Co-Written by Kevin Smith!

This is the official comic book prequel to the upcoming Netflix television show written by Executive Producers Kevin Smith and Rob David and episode writer Tim Sheridan and featuring art by Mindy Lee (Crimson Lotus). Following the vicious Orlox attack on King Randor, He-Man learns the creature is linked to the origin of the

sword of power and also to his nemesis Skeletor who finally finds himself on the cusp of realizing his dream of capturing Grayskull's secrets! The official prequel to the upcoming Netflix show! Born in Concrete Derek Stenning 2013-11-12

After a 12 year absence from creating his own art, Derek started to focus on his personal work in 2009. His first personal project, Born in Concrete, was undertaken to dispel his biases towards expressive art, overcome his own perceived limitations and to rejuvenate his creative spirit. This collision of Soviet inspired retro sci-fi and Jewish mystical and qabalistic symbolism has

evolved into a filter, or framework, that emotions, ideas and images are pushed through to be given shape and form. This project has been well received, being featured in numerous exhibits, international publications, as well as book and album covers, It continues to unfold and expand.... This book will feature a gallery section of artwork, a chapter on the artwork created for use as graphics on snowboards, the snowboards and the corresponding marketing material as well as a chapter on the creation of a resin model kit by Industria Mechanika. A section of the book will also be dedicated to a step-by-step breakdown of

how one of the art pieces was created.

Achtung-Panzer! Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the

result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background

notes by the modern English historian Paul Harris.

The Adorable Circle of Life 2017-05-09 Savage.

Menacing. Ruthless. Predators get a pretty bad rap. Sure, they prey on helpless animals that never stand a chance, but behind those jagged teeth, powerful jaws, and razor-sharp claws, every predator has a softer side. Maybe even an adorable one. Everyone has compassion for the cute bunny or lamb. But what about their predators who are working hard for their meal? Capturing their prey is a life-or-death game. Just think about the last time you had to hunt for food while hangry. You can understand, right? Including famous quotes from history that give

context to these disturbingly cute illustrations, Alex Solis shares his sense of humor while giving readers a way to enjoy the darkest parts of life with a smile. It's time to give these predators a break! Because, in the end, both predators and their prey play a role. I mean, it's not their fault they were made this way! They're just living off of instincts, doing what comes naturally to them. So rather than turning away from nature, let's celebrate all the animals who complete The Adorable Circle of Life.
