**Dumbing Down America** James R. Delisle,2021-09-03 At a time when the U.S. education system consistently lags behind its international peers, Dumbing Down America shows exactly why America can't keep up by providing a critical look at the nation's schools through the eyes of the children whose minds are languishing in countless classrooms. Filled with specific examples of how gifted children are being shortchanged by a nation that believes smart kids will succeed on their own, Dumbing Down America packs a powerful message: If we want our nation to prosper, we must pay attention to its most intelligent youth. With more than 35 years of experience working with and for gifted children, author James R. Delisle provides a template of what can and must happen in America's schools if they are to fulfill their mission of educating every child to the fullest potential. Dumbing Down America is a must-read for any individual who believes that the unfulfilled promises to gifted children must begin to be met in America's schools today, not someday.

*Tortured Cardboard* Philip E. Orbanes,2019-07-23 The term "tortured cardboard" sums up what happens to cardboard when making a board game (bound, cut, folded, punched). And, as you'll learn, great board games often reflect whatever "tortures" culture. Each gained immortality after a chaotic beginning and a chance survival. Why? Because—be it chess, backgammon, Clue®, Monopoly®, Scrabble®, Settlers of Catan®, or one of ten others featured in this book—each is replete with "lessons" applicable to achievement in your life. As the twenty-first century gathers momentum, our love affair with board games continues to strengthen. They involve us, they refine social skills, and they teach great lessons applicable in real life. "Tortuous" is the journey of every great board game, from birth in chaotic times,

through survival by mere chance, to raging popularity and eventual immortality. Tortured Cardboard reveals how the great ones came to endure and—all fun aside—how each teaches us something about our own behavior while providing “rules” that can work in your life.
