**Twelve Years a Slave** Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Overcoming School Refusal** Joanne Garfi,2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in

returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

**Battletech Combat Manual Mercenaries** Catalyst Game Labs,2016-05-25 For over forty centuries, mercenaries have plied their trade and been instrumental in toppling empires or holding the tides of war at bay. And as mankind expanded to the stars, soldiers of fortune rose to new heights of power. Business is booming, yet along with those riches comes a dangerous life and the scorn of many who see only filthy lucre-warriors. Its a dangerous life, but as long as you keep your Mech intact and your bottom line balanced, the universe is yours!

*The Last Great Cavalry Charge* Joe Robinson,Janet Robinson,Francis Hendriks,2017-05-03 The Battle of the Silver Helmets was an engagement orchestrated according to the previous successes of the cavalry of Frederick the Great. It was staged so that the magnificently equipped and trained German Fourth Cavalry Division would charge into glory, sabres rattling; instead, 24 German officers, 468 men, and 843 horses were lost during the eight separate charges conducted that day. The entire right wing of the Imperial German Army consisted of only nine cavalry brigades in the Schlieffen Plan, and in the battle of 12 August 1914, two of these brigades were catastrophically beaten. This battle has not yet been explored in the English language because it took place before the British Expeditionary Force (BEF) landed in the Channel ports and well before any American involvement. British historians have also generally focused on Germany's efforts to enter Belgium through the forts at Liège, which are east of Halen. However, the Battle of the Silver Helmets so impacted century-old cavalry tradition that large-scale charges would never again be attempted on the Western Front. Thoroughly researched and hugely revelatory, *The Last Great Cavalry Charge* is a blow-by-blow account of the moment that the cavalry went from a prestigious, pivotal role in German Army tactics to obsolescence in the face of newly mechanised infantry. It provides essential and moving insight into the wider socio-cultural repercussions of technical military innovations in the First World War.

**Born to Run** James Grippando,2009-10-06 “[A] thrill-a-minute novel.” —USA Today Jack Swyteck is back in action in *Born to Run*—the eighth outing for the danger-prone Miami lawyer in author James Grippando’s New York Times bestselling series. In this timely and spellbinding thriller, Swyteck is embroiled in shady Washington D.C. politics when his own father is selected by the President to replace the Vice President, killed in a hunting accident. *Born to Run* crackles with suspense, surprises, and razor sharp wit—“a fun 200-proof yarn,” the Washington Post raves—and serves as indisputable evidence, as crime fiction superstar Harlan Coben attests, that “Grippando grips from page one.”
