**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Confusions** Alan Ayckbourn,2013-12-04 A student edition of five one-act plays by Britain's most popular playwright. Ayckbourn's series of plays for 4-5 actors typify his black comedies of human behaviour. A garden party gets out of hand in *Gosforth's Fete* whilst *A Talk in the Park* is a revue style curtain call piece for the five actors. Whether the comedies concern marital conflict, infidelity or motherhood and take place on a park bench or at a village fete, the characters are familiar and their cries for help instantly recognisable. Principally he is respected as a radical re-inventor of form Dominic Dromgoole

**Duncan's Masonic Ritual and Monitor** Malcolm C. Duncan,2005 The purpose of this work is not so much to gratify the curiosity of the uninitiated as to furnish a guide for the neophytes of the Order, by means of which their progress from grade to grade may be facilitated. Every statement in the book is authentic, as every proficient Mason will admit to himself, if not to be public, as he turns over its pages. The non-Masonic reader, as he peruses them, will perhaps be puzzled to imagine why matters of so little real importance to society at large should have been so industriously concealed for centuries, and still more surprised that society should have been so extremely inquisitive about them.-From the Preface.
