The Signal and the Noise
Nate Silver 2015-02-03 UPDATED FOR 2020 WITH A NEW PREFACE BY NATE SILVER "One of the more momentous books of the decade." —The New York Times Book Review
Nate Silver built an innovative system for predicting baseball performance, predicted the 2008 election within a hair’s breadth, and became a national sensation as a blogger—all by the time he was thirty. He solidified his standing as the nation’s foremost political forecaster with his near perfect prediction of the 2012 election. Silver is the founder and editor in chief of the website FiveThirtyEight. Drawing on his own groundbreaking work, Silver examines the world of prediction, investigating how we can distinguish a true signal from a universe of noisy data. Most predictions fail, often at great cost to society, because most of us have a poor understanding of probability and uncertainty. Both experts and laypeople mistake more confident predictions for more accurate ones. But overconfidence is often the reason for failure. If our appreciation of uncertainty improves, our predictions can get better too. This is the “prediction paradox”: The more humility we have about our ability to make predictions, the more successful we can be in planning for the future. In keeping with his own aim to seek truth from data, Silver visits the most successful forecasters in a range of areas, from hurricanes to baseball to global pandemics, from the poker table to the stock market, from Capitol Hill to the NBA. He explains and evaluates how these forecasters think and what bonds they share. What lies behind their success? Are they good—or just lucky? What patterns have they unraveled? And are their forecasts really right? He explores unanticipated commonalities and exposes unexpected juxtapositions. And sometimes, it is not so much how good a prediction is in an absolute sense that matters but how good it is relative to the competition. In other cases, prediction is still a very rudimentary—and dangerous—science. Silver observes that the most accurate forecasters tend to have a superior command of probability, and they tend to be both humble and hardworking. They distinguish the predictable from the unpredictable, and they notice a thousand little details that lead them closer to the truth. Because of their appreciation of probability, they can distinguish the signal from the noise. With everything from the health of the global economy to our ability to fight terrorism dependent on the quality of our predictions, Nate Silver’s insights are an essential read.

A Cypress Will Grow
Dr. Amy Fogelstrom, Amy Chai 2014-09-10
Do you suffer from an illness that tests your soul? Millions of us face uncertainty, stress, and pain because the “thorn” of physical or mental illness has invaded our lives. The roots of the thorn grow deep, but there is hope.Isaiah speaks of a time when instead of a thorn bush, a cypress will grow. Dr. Amy Chai, a physician whose personal life has been touched by serious illness, uses the imagery of thorns in this devotional book to illustrate God’s transforming power in our lives. Do you feel like your life has been taken over by thorns? Let God create a fragrant cypress in your soul.Whether you are in a support group, a Bible study group, or a group consisting of just you and God, this book will help lead you through the process of understanding the meaning of illness in your life and moving through fear and discouragement by faith. The four sections of this devotional will help you in four key areas: understanding the meaning and purpose of illness in your life; uncovering the psychological effects of physical and mental illness; confronting deep seated fears and insecurities that come from chronic illness; and learning how to experience unparalleled blessing and freedom in your spirit despite your circumstances. If you or someone you love is dealing with illness in this life, you should know that there is hope. Prepare to be transformed!

The S&M Feminist
Clarisse Thorn 2012-05-27
If you're interested in BDSM and culture - or if you just think sex is fascinating - then this book will inspire you and challenge you. * * * "I wish we could make it so everyone buying a copy of 'Fifty Shades of Grey' would also buy Clarisse Thorn's "The S&M Feminist." ~ A.V. Flox, editor of BlogHer Love & Sex * * * Clarisse Thorn's writing has appeared across the Internet in places like The Guardian, AlterNet, Feministe, Jezebel, Time Out, The Rumpus, Ms., and The Good Men Project. This is a selection of her best articles, all in one place! Clarisse has delivered sexuality workshops and lectures across the world. In 2009, she created and curated the ongoing Sex+++ sex-positive documentary film series at Chicago's historic feminist site, Jane Addams Hull-House Museum. In 2010, she returned from working on HIV mitigation in southern Africa. She has also volunteered as an archivist, curator and fundraiser for that venerable S&M institution, the Leather Archives & Museum. This book includes Clarisse's commentary on her writing process. Plus, there are "study guides" to help readers get the most from each section! * * * "Clarisse isn't afraid to talk about her own experiences with BDSM, relationships, and sexual politics. But she's also not afraid to explore some of the issues around consent, violence, and safety that a lot of the kink cheerleaders would like to sweep under the rug. She brings a refreshing honesty to her writing that is often lacking. Add to that a deep commitment to feminism and sex-positivity, and you have an amazing combination. "The tension between kink and feminism is a tough one to hold onto and most people end up firmly in one camp or the other. What makes Clarisse's writing phenomenal is her steadfast refusal to avoid doing that. The clarity with which she discusses both sides without resorting to caricatures or stereotypes is simultaneously inspiring and challenging. If you're interested in either or both, I can't recommend her enough." ~ adult sex educator Charlie Glickman of Good Vibrations

The Apple and the Thorn
Emma Restall Orr 2008-05-01
A profound journey of religious belief and deep spiritual change, a mythic tale poignant with truth and wisdom for today. A work of magical mythology, hanging in the balance between fact and fiction, The Apple and The Thorn draws upon the great legends a

Dictionary Of Word Roots
Donald Borror 1960-09-01
One of the outstanding problems of the biologist, whether he be beginning student or specialists, is that of understanding technical terms. The best way to understand and remember technical terms is to understand first their component parts, or roots. This dictionary has been designed primarily to meet the needs of the beginning student, the medical student, and the taxonomist, but it should be of value to all biologists.

Destiny 2: The Official Poster Collection
Bungie 2017-10-17
Show off your legend with Destiny 2: The Official Poster Collection. From the makers of the acclaimed hit game Destiny, comes the much-anticipated sequel. The Good Earth
Pearl S. Buck 2012-08-21
The Pulitzer Prize-winning, New York Times–bestselling novel about a peasant farmer and his family in early twentieth-century China. The Good Earth is Buck’s classic story of Wang Lung, a Chinese peasant farmer, and his wife, O-lan, a former slave. With luck and hard work, the couple’s fortunes improve over the years: They are blessed with sons, and save steadily until one day they can afford to buy property in the House of Wang—the very house in which O-lan used to work. But success brings with it a new set of problems. Wang soon finds himself the target of jealousy, and as good harvests come and go, so does the social order. Will Wang’s family cherish the estate after he’s gone? And can his material success, the bedrock of his life, guarantee anything about his soul? Winner of the Pulitzer Prize and the William Dean Howells Award, The Good Earth was an Oprah’s Book Club choice in 2004. A readers’ favorite for generations, this powerful and beautifully written fable resonates with universal themes of hope and family unity. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author’s estate.

Prominent Families of New York
Lyman Horace Weeks 1898

Man, Play, and Games
Roger Caillois 2001
Play is "an occasion of pure waste: waste of time, energy, ingenuity, skill, and often of money." It is also an essential element of human social and spiritual development. In this study, Roger Caillois defines play as a voluntary activity that occurs in a pure space, isolated and protected from the rest of life. Within limits set by rules that provide a level playing field, players move toward an unpredictable outcome by responding to their opponents' actions. Caillois qualifies types of games and ways of playing, from the improvisation characteristic of children's play to the disciplined pursuit of solutions to gratuitously difficult puzzles. He also examines the means by which games become part of daily life, ultimately giving cultures their most characteristic customs and institutions.

The Sketch 1909

Germany's High Sea Fleet in the World War
Reinhard Scheer 1920

The Thorn Birds
Colleen McCullough 2010-05-11
One of the most beloved novels of all time, Colleen McCullough's magnificent saga of dreams, struggles, dark passions, and forbidden love in the Australian outback has enthralled readers the world over. The Thorn Birds is a chronicle of three generations of Clearys—an indomitable clan of ranchers carving lives from a beautiful, hard land while contending with the bitterness, frailty, and secrets that penetrate their family. It is a poignant love story, a powerful epic of struggle and sacrifice, a celebration of individuality and spirit. Most of all, it is the story of the Clearys' only daughter, Meggie, and the haunted priest, Father Ralph de Bricassart—and the intense joining of two hearts and souls over a lifetime, a relationship that dangerously oversteps sacred boundaries of ethics and dogma.

The Examiner 1864

Here I Stand - A Life Of Martin Luther
Roland Bainton 2014-12-03
This early work on Martin Luther is both expensive and hard to find in its first edition. It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement. This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

A Little History of the World
E. H. Gombrich 2014-10-01
E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages. Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page. This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he wrote the book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

Disability and Christian Theology Embodied Limits and Constructive Possibilities
Deborah Beth Creamer 2009-01-05
Attention to embodiment and the religious significance of bodies is one of the most significant shifts in contemporary theology. In the midst of this, however, experiences of disability have received little attention. This book explores possibilities for theological engagement with disability, focusing on three primary alternatives: challenging existing theological models to engage with the disabled body, considering possibilities for a disability liberation theology, and exploring new theological options based on an understanding of the unsurprisingness of human limits. The overarching perspective of this book is that limits are an unavoidable aspect of being human, a fact we often seem to forget or deny. Yet not only do all humans experience limits, most of us also experience limits that take the form of disability at some point in our lives; in this way, disability is more "normal" than non-disability. If we take such experiences seriously and refuse to reduce them to mere instances of suffering, we discover insights that are lost when we take a perfect or generic body as our starting point for theological reflections. While possible applications of this insight are vast, this work focuses on two areas of particular interest: theological anthropology and metaphors for God. This project challenges theology to consider the undeniable diversity of human embodiment. It also enriches previous disability work by providing an alternative to the dominant medical and minority models, both of which fail to acknowledge the full diversity of disability experiences. Most notably, this project offers new images and possibilities for theological construction that attend appropriately and creatively to diversity in human embodiment.

The Leopard Woman
Stewart Edward White 1916
Once well beyond the chance of a fire glimmer he arose to his feet and quickly regained his own camp. This was exactly on the opposite side of the circle. The four men with whom he shared his tiny cotton tent, askaris all as besemed his dignity, were sound asleep. He squatted on his heels, pushed together the embers of his fire, staring into the coals. His ugly face was as though carved from ebony. Only his wild savage eyes glowed and flashed with a brooding lambent flame; and his wide nostrils slowly expanded and contracted as though with some inner heaving emotion.

Man and His Symbols

Mein Kampf
Adolf Hitler 2021-03-19
‘MEIN KAMPF’ is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF’ was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany’s deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germony. The book narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and ‘public statements’ constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler’s ideal, the Volkischer Staat, as the People’s State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

The Iron Thorn
Caitlin Kittredge 2012
In an alternate 1950s, mechanically gifted fifteen-year-old Aoife Grayson, whose family has a history of going mad at sixteen, must leave the totalitarian city of Lovecraft and venture into the world of magic to solve the mystery of her brother's disappearance and the mysteries surrounding her father and the Land of Thorn.

Handbook to Life in the Aztec World
Manuel Aguilar-Moreno 2007
Since its violent dissolution in 1521, the Aztec Empire of Mexico has continually intrigued us. Recent discoveries resulting from the excavation of the Templo Mayor in the heart of Mexico City have taught us even more about this fascinating culture. The increasing recognition that the achievements of Mesoamerican civilizations were among the most sophisticated of the ancient world has led to a demand for introductions to the basic methods and theories of scholars working throughout the region. Handbook to Life in the Aztec World gathers the results from recent archaeological discoveries and scholarly research into a single accessible volume. Organized thematically, the handbook covers all aspects of life in the Aztec world: Mesoamerican civilizations and Aztec archeology; evolution of Aztec civilization; geography of the Aztec world; society and government; religion, cosmology, and mythology; funerary beliefs and customs; Aztec art; Aztec architecture; Nahuatl literature; the calendar, astronomy, and mathematics; economy, industry, and trade; daily life; the Aztec after conquest and today. Each chapter includes an extensive bibliography, and more than 165 original line drawings, photographs, and maps complement the text. Handbook to Life in the Aztec World provides all the essential information required by anyone interested in Aztec history or culture.

“The” Illustrated London News 1868

Think & Grow Rich
Napoleon Hill 2018-10-17
With the help of industrialist Andrew Carnegie, the author of this remarkable book spent two decades interviewing hundreds of people renowned for their wealth and achievement. Napoleon Hill's all-time bestseller in the personal success field offers priceless advice on positive thinking and overcoming adversity by distilling the collective wisdom of Henry Ford, Thomas Edison, John D. Rockefeller, and other successful figures from the worlds of finance, industry, and the arts. Growing rich, Hill explains, is about far more than just making money. "Whatever the mind can conceive and believe," he asserts, "it can achieve with positive mental attitude." Hill outlines 13 principles of success involving goal setting, developing entrepreneurial thinking, and exercising effective leadership. A must for any reader of The Secret, this guide will transform the way you think about time, money, and relationships, setting your feet on the path to financial freedom.
