Diversity in Disney Films Johnson Cheu, 2013-01-10 Although its early films featured racial caricatures and exclusively Caucasian heroines, Disney has, in recent years, become more multicultural in its filmic fare and its image. From Aladdin and Pocahontas to the Asian American boy Russell in Up, from the first African American princess in The Princess and the Frog to Spanish-mode Buzz Lightyear in Toy Story 3, Disney films have come to both mirror and influence our increasingly diverse society. This essay collection gathers recent scholarship on representations of diversity in Disney and Disney/Pixar films, not only exploring race and gender, but also drawing on perspectives from newer areas of study, particularly sexuality/queer studies, critical whiteness studies, masculinity studies and disability studies. Covering a wide array of films, from Disney's early days and Golden Age to the Eisner era and current fare, these essays highlight the social impact and cultural significance of the entertainment giant. Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Screen Adaptations and the Politics of Childhood Robyn McCallum, 2018-01-16 This book features a cutting edge approach to the study of film adaptations of literature for children and young people, and the narratives about childhood those adaptations enact. Historically, film media has always had a partiality for the adaptation of 'classic' literary texts for children. As economic and cultural commodities, McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth, and indeed are a rich resource for the

examination of changing cultural values and ideologies, particularly around contested narratives of childhood. The chapters examine various representations of childhood: as shifting states of innocence and wildness, liminality, marginalisation and invisibility. The book focuses on a range of literary and film genres, from 'classic' texts, to experimental, carnivalesque, magical realist, and cross-cultural texts.

Song Translation: Lyrics in Contexts Johan Franzon,Annjo K.

Greenall,Sigmund Kvam,Anastasia Parianou,2021-02-01 Song Translation: Lyrics in Contexts grew out of a project dedicated to the translation of song lyrics. The book aligns itself with the tradition of descriptive translation studies. Its authors, scholars from Finland, Great Britain, Greece, Italy, Norway and Sweden, all deal with the translation of song lyrics in a great variety of different contexts, including music and performance settings, (inter)cultural perspectives, and historical backgrounds. On the one hand, the analyses demonstrate the breadth and diversity of the concept of translation itself, on the other they show how different contexts set up conditions that shape translational practices and products in different ways. The book is intended for translation studies scholars as well as for musicologists, students of language and/or music and practicing translators; in short, anybody interested in this creative and fascinating field of translational practice.

The Magic Kingdom Steven Watts,2013-05-09 The Magic Kingdom sheds new light on the cultural icon of Uncle Walt. Watts digs deeply into Disney's private life, investigating his roles as husband, father, and brother and providing fresh insight into his peculiar psyche-his genuine folksiness and warmth, his domineering treatment of colleagues and friends, his deepest prejudices and passions. Full of colorful sketches of daily life at the Disney Studio and tales about the creation of Disneyland and Disney World, The Magic Kingdom offers a definitive view of one of the most influential Americans of the twentieth century.

Summerland Michael Chabon,2016-04-12 From the Pulitzer Prize winning Michael Chabon comes this bestselling novel for readers of all ages that blends fantasy and folklore with that most American coming-of-age ritual: baseball—now in a new edition, with an original introduction by the author. Ethan Feld is having a terrible summer: his father has moved them to Clam Island, Washington, where Ethan has quickly established himself as the least gifted baseball player the island has ever seen. Ethan's luck begins to change, however, when a mysterious baseball scout named Ringfinger Brown and a seven-hundred-and-sixty-five-year-old werefox enter his life, dragging Ethan into another world called the Summerlands. But this beautiful, winterless place is facing destruction at the hands of the villainous Coyote, and

it has been prophesized that only Ethan can save it. In this cherished modern classic, the New York Times bestselling, Pulitzer Prize winning author brings his masterful storytelling, dexterous plotting, and singularly envisioned characters to a coming-of-age novel for readers of all ages.

Tacky Rax King, 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in You Wanna Be On Top, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. Stop the Clocks! Helen Powell, 2012-04-15 The clock plays a significant part in our understanding of temporality, but while it simplifies, regulates and coordinates, it fails to reflect and communicate the more experiential dimensions of time. As Helen Powell demonstrates in this book, cinema has been addressing this issue since its inception. *Stop the Clocks!* examines filmmakers' relationship to time and its visual manipulation and representation from the birth of the medium to the digital present. It engages both with experimentation in narrative construction and with films that take time as their subject matter, such as *Donnie Darko*, *Interview with a Vampire*, *Lost Highway* and *Pulp Fiction*. Helen Powell asks what underpins the enduring appeal of the science fiction genre with filmmakers and audience and how cinematography might inform our conceptualisation of other imagined temporal worlds, including the afterlife. She examines the role of angels and vampires in contemporary cinema, as well as the distinctive time schemes of new media and their implications for rethinking time and the moving image through digitalisation. Broad based and accessible, *Stop the Clocks!* will appeal to a wide interdisciplinary audience and provides a useful sourcebook on undergraduate and postgraduate courses in film and other arts and media-based disciplines.
