101 Life Skills Games for Children Bernie Badegruber,2011-01-01 How do you teach tolerance, self-awareness, and responsibility? How can you help children deal with fear, mistrust, or aggression? Play a game with them! Games are an ideal way to help children develop social and emotional skills; they are exciting, relaxing, and fun. 101 LIFE SKILLS GAMES FOR CHILDREN: LEARNING, GROWING, GETTING ALONG (Ages 6-12) is a resource that can help children understand and deal with problems that arise in daily interactions with other children and adults. These games help children develop social and emotional skills and enhance self-awareness. The games address the following issues: dependence, aggression, fear, resentment, disability, accusations, boasting, honesty, flexibility, patience, secrets, conscience, inhibitions, stereotypes, noise, lying, performance, closeness, weaknesses, self confidence, fun, reassurance, love, respect, integrating a new classmate, group conflict. Organized in three main chapters: (I-Games, You-Games and We-Games), the book is well structured and easily accessible. It specifies an objective for every game, gives step-by-step instructions, and offers questions for reflection. It provides possible variations for each game, examples, tips, and ideas for role plays. Each game contains references to appropriate follow-up games and is illustrated with charming drawings.

A Life Less Ordinary John Hodge,1997 He's a down-on-his-luck janitor with aspirations of writing the great American trash novel. She's the spoiled, sharp-tongued boss's daughter, always looking for a creative way to spice up her boring life. Normally, these two would never meet, but a higher power has different plans for both of them. The major motion picture from 20th Century Fox starring Ewan McGregor, Cameron Diaz and Holly Hunter hits the box office in October.

Winds of Change Reza Pahlavi,2001-12-18 The son of the deposed Shah of Iran reflects on Iran's political situation (without

mentioning his father) and argues for a campaign of civil disobedience to the current Iranian regime that would hopefully lead to a constitutional monarchy restoring a Pahlavi to the throne of Iran. He discusses energy policy, foreign policy, and the Iranian Diaspora suggesting that the policies of the current clerical leaders of Iran have led to disastrous results for the Iranian people. He counters this with some rather bland bromides about international cooperation, secularization, self-determination, and cultural preservation. If brought back to the throne, he claims he will consult all of the Iranian people in governing the nation. Annotation copyrighted by Book News, Inc., Portland, OR.
