'Tiger country' is where animal instinct stirs and an irrefutable eye opens. Where we make eye contact with the unknown. All the Women in My Family Sing Z. Z. Packer 2018-01-30 All the Women in My Family Sing tells the sometimes raw, always illumining stories of women of color in today's political climate. Sixty-eight authors in total--African American, Asian American, Chicana, Native American, Cameroonian, South African, British and LGBTIQI--these voices broaden cross-cultural understanding and contribute to building bridges to understanding how very alike we are in the daily experiences of life. No other anthology offers the wide spectrum of stories about cultural identity, migration, sexuality, illness, racism and generosity from such illustrious voices, including America Ferrera on her powerful experience at the Women's March in Washington, D.C. on January 21, 2017; Natalie Baszile on returning to Louisiana to research Queen Sugar and finding the "painful truths" her father experienced in the "belly of segregation;" Porochista Khakpour on flying across America under the Muslim travel ban; and Lalita Tademy on her transition from top executive at Sun Microsystems to NY Times bestselling author. In other essays, a woman writes from prison about widows incarcerated for cashing their husbands' retirement checks. A young mother writes of suffering hundreds of strokes and a heart attack while giving birth. An art historian argues why Carmen Lomas Garza is as important as Norman Rockwell to our conception of what constitutes the American tableau. An escapee from the Cambodian Killing Fields writes about her life in America after losing 37 family members. A daughter writes about her father growing up in Louisiana having the soles of his feet set on fire as a joke. *Creative Haven Horses Color by Number* Philip Riveron 2020-07-27 A Beautiful Premium cover design, Perfect for gift Beautiful Artwork and Designs. A Criminal History of Mankind Colin Wilson 2015-05-17 This "immensely stimulating story of true crime down the ages" tells the history of human violence, from Peking Man to the Mafia (The Times, London). This landmark work offers a completely new approach to the history and psychology of human violence. Its sweep is broad, its research meticulous and detailed. Colin Wilson explores the bloodthirsty sadism of the ancient Assyrians and the mass slaughter by the armies led by Genghis Khan, Tamerlane, Ivan the Terrible, and Vlad the Impaler. He delves into modern history, exploring the genocides practiced by Stalin and Hitler. He then takes a chilling look into the sex crimes and mass murders that have become symbols of the neuroses and intensity of modern life. With breathtaking audacity and stunning insight, Wilson puts criminality firmly in a wide, illuminating historical context. "A work of massive energy, compulsively readable, splendidly informative . . . it establishes Wilson in a European tradition of thought that includes H. G. Wells, Sartre and Shaw." —Time Out London "A tremendous resource for crime buffs as well as a challenging exposition for some of the more subtle criminological thinking of our time." —Kirkus Reviews *That Time I Got Reincarnated As a Slime 15* Fuse 2020-12-15 As players of Monster Hunter and Dungeons & Dragons know, the slime is not exactly the king of the fantasy monsters. So when a 37-year-old Tokyo salaryman dies and wakes up in a world of elves and magic, he's a little disappointed to find he's become a blind, boneless slime monster. Mikami's middle age hasn't gone as he planned: He never found a girlfriend, he got stuck in a dead-end job, and he was abruptly stabbed to death in the street at 37. So when he wakes up in a new world straight out of a fantasy RPG, he's disappointed but not exactly surprised to find that he's facing down a dragon, not as a knight or a wizard but as a blind slime demon. But there are chances for even a slime to become a hero...

American Like Me America Ferrera 2019-09-03 INSTANT NEW YORK TIMES BESTSELLER From award-winning actress and political activist America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in American Like Me, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

Bone Silence Alastair Reynolds 2020-01-30 'A swashbuckling thriller - Pirates of the Caribbean meets Firefly - that nevertheless combines the author's trademark hard SF with effective, coming-of-age characterisation' GUARDIAN 'A blindingly clever imagining of our solar system in the far flung future' SUN Return to the Revenger universe, for another thrilling tale set among the stars . . . Quoins are accepted currency throughout the thousands of worlds of the Congregation. Ancient, and of unknown origin and purpose, people have traded with them, fought for them, and stolen quoin hordes from booby-trapped caches at risk to life and limb throughout the Thirteen Occupations. Only now it's becoming clear they have another purpose . . . as do the bankers who've been collecting them. The Occupations themselves are another puzzle. The rise and fall of civilisation may have been unevenly spaced across history, but there is also a pattern. Could something be sparking the Occupations - or ending them? And if so, what could it be, lurking far beyond the outermost worlds of the Congregation? The Ness sisters are being hunted for crimes they didn't commit by a fleet whose crimes are worse than their own. If they're to survive, and stay one step ahead of their pursuers - if they're to answer the questions which have plagued them - it's going to require every dirty, piratical trick in the book . . . 'By far the most enjoyable book Reynolds has ever written' SFX **Louder Than Words** Benjamin K. Bergen 2012-10-30 A cognition expert describes how meaning is conveyed and processed in the mind and answers questions about how we can understand information about things we've never seen in person and why we move our hands and arms when we speak. 20,000 first printing.
