The new format allows for a greater range of firearms, making it easy to distinguish the key features of the weapons. **Foreword** Pistols **Revolvers** Submachine Guns **Bolt Action Rifles** Automatic Rifles **Machine Guns** **Manufacturers' Index** **Brand Name Index**

Gunshot Wounds Vincent J.M. DiMaio, M.D. 1998-12-30 Written by the nation's foremost authority on gunshot wounds and forensic techniques as they relate to firearm injuries, *Gunshot Wounds: Practical Aspects of Firearms, Ballistics, and Forensic Techniques*, Second Edition provides critical information on gunshot wounds and the weapons and ammunition used to inflict them. The book describes practical aspects of ballistics, wound ballistics, and the classification of various wounds caused by handguns, bang guns, rifles, and shotguns. The final chapters explain autopsy technique and procedure and laboratory analysis relating to weapons and gunshot evidence.

How to Talk to Your Cat About Gun Safety Zachary Auburn 2016-10-04 The cats of America are under siege! Long gone are the good old days when a cat's biggest worries were mean dogs or a bath. Modern cats must confront satanists, online predators, the possibility of needing to survive in a post-apocalyptic wasteland, and countless other threats to their nine lives. For over four decades, the American Association of Patriots have stood at the vanguard of our country's defense by helping to prepare our nation's cat owners for the difficult conversations they dread having with their pets. Written in a simple Q&A format, *How to Talk to Your Cat About Gun Safety* answers crucial questions such as, "What is the right age to talk to my cat about the proper use of firearms?" and "What are the benefits of my cat living a lifestyle of abstinence?" and especially "Why does my cat need to use the internet? Can't he just play with yarn like cats used to do?" Our country—and our cats—stand at a precipice. It will take courage, and it will take hard work, but armed with the knowledge within these pages, we can make our cats—and America—great again!

The Other Wes Moore Wes Moore 2010-04-27 **NEW YORK TIMES BESTSELLER** • The "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his "Underrated" Book Club Pick with Literati the chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, *The Other Wes Moore* tells the story of a generation of boys trying to find their way in a hostile world. **BONUS:** This edition contains a new afterword and a *The Other Wes Moore* discussion guide.

Good Guys with Guns at Home Susan Swift 2017-02-14 **Good Guys With Guns At Home** is an illustrated children's book about the everyday American heroes in law enforcement who use guns to protect Americans at home. Illustrated by an award-winning Hollywood artist and Marine Corps veteran, the book's simple, whimsical drawings introduce children to friendly law enforcement figures and the guns they use to protect and serve Americans in their neighborhoods and in times of special need. Inspired by a desire to teach children about "the good guys" who use guns, *Good Guys With Guns At Home* is the first in the *Good Guys With Guns* series.

Ruger and His Guns Robert L Wilson 2015-11-10 This book is the story of William B. Ruger's dedication to providing traditional yet innovative design and to manufacturing excellence. Products are sold at a reasonable price for a broad ranging clientele from the ordinary citizen to the president of the United States. This richly illustrated, beautifully presented work is the official history of William B. Ruger of Sturm, Ruger & Co., and of Ruger firearms, featuring more than 185 color and over 100 black and white illustrations. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Rise and Kill First Ronen Bergman 2019-07-09 **NEW YORK TIMES BESTSELLER** • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by *The New York Times* as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAJ, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Economist* • *The New York Times* Book Review • *BBC History Magazine* • *Mother Jones* • *Kirkus Reviews* *The Talmud* says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Rennick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting. . . . important, timely, and informative."—John le Carré

The Pistol Shooter's Book Charles Askins 1961

The Gun Digest Book of Automatic Pistols Assembly/Disassembly Kevin Muramatsu 2012-07-18 *Cleaning, Repairing and Maintaining Pistols Has Never Been Easier!* *Gun Digest Book of Automatic Pistols Assembly/Disassembly*, 4th Edition is the indispensable guide to DIY disassembly, repair, and reassembly of semi-automatic pistols of all types. ATF – National Firearms Act Handbook U.S. Department of Justice **Ammor** 2001

Military Small Arms of the 20th Century Ian Hogg 2000 This new edition of Ian Hogg's classic is this century's ultimate reference work on the subject of military small arms. It has been fully updated and expanded (by 64 pages) to cover all small arms in military service during the 20th century and now includes many arms listings and photographs that did not appear in earlier editions. Recognized internationally as the leading authority on military small arms, author Ian Hogg was given free rein on this edition; he has delivered the ultimate reference edition for all interested in the history of these arms. Arms coverage includes: Pistols Submachine Guns Bolt-Action Rifles Automatic Rifles Machine Guns Anti-Tank/Material Rifles Ammunition

Small Arms for Urban Combat Russell C. Tilstra 2014-01-10 The urbanization of warfare has necessitated the kind of precision targeting that only small arms can deliver. Weapons not often seen on the battlefield can prove useful, even indispensable, in an urban setting. This expert reference guide examines in detail the most successful small arms in use and how changes in warfare have affected how those weapons are used and have transformed the small arms industry. Professional soldiers, law enforcement officers and students and researchers of small arms will gain a working knowledge of the most common and successful urban combat weapons (including some currently in development).

Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law, 2nd Edition [3 volumes] Gregg Lee Carter 2012-05-04 Thoroughly updated and greatly expanded from its original edition, this three-volume set is the go-to comprehensive resource on the legal, social, psychological, political, and public health aspects of guns in American life. • 450 alphabetically organized entries, including 100 new for this edition, covering key issues (suicide, video games and gun violence, firearm injury statistics) and events (workplace shootings, the Virginia Tech massacre) • 102 expert contributors from all academic fields involved in studying the causes and effects of gun violence • A chronology of pivotal moments and controversies in the history of firearm ownership and use in the United States • An exhaustive bibliography of print and online resources covering all aspects of the study of guns in the United States • Appendices on federal gun laws, state gun laws, and pro- and anti-gun-control organizations

The Illustrated Directory of Guns David Miller 2022-01-18 Written by a technical expert who has fired many of the guns featured, this book includes wide and varied assemblage of weapons from each of the world's major manufacturing countries. The Illustrated Directory series provide readers with a fully illustrated, comprehensive reference book packed with timelines, historical facts, and images designed to inform and excite. At 512 pages packed with information and photographs, this book is a necessary addition to any enthusiast's library. Complete with full specification table with each entry including type, origin, caliber, and size, The Illustrated Directory of Guns is the most ambitious and lavishly illustrated history of guns for the collector and enthusiast. It shows in clear, detailed photographs and text over 1500 guns with separate sections on Pistols, Revolvers, Rifles, Shotguns (military and sporting), Machine Guns, and Submachine guns. A few featured include: Remington Smith & Wesson Winchester Glock Vickers Mauser Browning Colt Beretta And more Organized A-Z by country and gunmaker's name, the book clearly shows the different types of gun which the world has used to hunt, wage war, break and defend its laws, hone its sharpshooting skills, and fire purely for the fun of it. The book also features an introduction on each section, which gives a brief history of the development of that particular kind of firearm.

Stressfire Massad F. Ayoob 1986-01-01

Sekret Machines Book 1: Chasing Shadows Tom DeLonge 2016-04-05 For those who know... that something is going on... The witnesses are legion, scattered across the world and dotted through history, people who looked up and saw something impossible lighting up the night sky. What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so that most who glimpsed them came to wish they hadn't. Most, but not everyone. Among those who know what they've seen, and—like the toll of a bell that can't be unring—are forever changed by it, are a pilot, an heiress, a journalist, and a prisoner of war. From the waning days of the 20th century's final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada's dusty Nevada—the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent—or harness—these beings of unfathomable power. Because as it turns out, we are not the only ones who can invent and build... and destroy. Featuring actual events and other truths drawn from sources within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once terrifying, fantastical, and perhaps all too real. Though it is, of course, a work of... fiction?

Italian Partisan Weapons in WWII Gianluigi Usai 2016-12-28 This book covers all classes and types of small arms, from pistols to heavy machine guns, known to have been used by the Italian partisans during WWII. It provides a brief history of the origin and development of the partisan movement in Italy following the 8 September 1943 armistice between Italy and the Allies and subsequent occupation of the northern portion of the country by Germany. There are many relevant examples of correspondence between partisan units relating to acquisition, distribution, use, maintenance, and problems encountered with the various types of small arms available. The majority of the pages of this book are dedicated to a complete, thorough, and extensive coverage of each individual type of weapon known to have been used by the partisans, including specifications, supported by current as well as vintage photographs showing the weapons in use by the partisans.

Hatcher's Notebook Julian S. Hatcher 1962 Handgun enthusiasts, gun-owning do-it-yourself, law enforcement officials, and

gunsmiths here is the ultimate one-volume guide to acquiring and developing all the necessary skills for making pistol repairs at home, from helpful hints on work space and setting up a small shop, to the tools needed and how to use them properly, to welding, hardening, and gun finishing. All this valuable information, plus much more, is contained in this easy-to-use reference for handgun aficionados.

The Great Book of Guns Chris McNab 2004 An encyclopedic look at firearms.

Deadly Force – Understanding Your Right to Self Defense Massad Ayoob 2014 Massad Ayoob draws from an additional three decades of experience to educate responsible firearms owners about the legal, ethical, and practical use of firearms in self defense—the armed citizens' rules of engagement. Deadly Force discusses: Understand the legal and ethical issues surrounding use of lethal force by private citizens Learn about the social and psychological issues surrounding use of lethal force in defense of self or others Preparation and mitigation—steps the responsible armed citizen can/should take "After forty years as a practicing criminal defense attorney, I know that what Mas says, teaches, and writes is the best, state-of-the-art knowledge you can get." —Jeff Weiner, Former President, National Association of Criminal Defense Lawyers.

Glock Handbook Erik Lawrence 2015-02-19 The handy to carry and use handbook of pistol knowledge for all owners/users of the Glock system. Written by two Special Forces instructors this handbook includes decades of knowledge of this weapon system. The most up-to-date explanation of the proper corrections to common malfunctions and how to ensure they don't happen in the future. Maintenance, inspection, and training tips.

Point Blank Anthony Horowitz 2006 Fourteen-year-old Alex continues his work as a spy for the British MI6, investigating an exclusive school for boys in the French Alps.

Submachine Gun Designer's Handbook G. Dmitrieff 1981-01-01

Hell's Bay James W. Hall 2008-02-05 Master of suspense James W. Hall's Hell's Bay sends Thorn deep into the wilds of South Florida, in a story with all the haunting atmosphere of *Deliverance* and the sheer terror of *Cape Fear*. Descended from pioneer stock, the Bateses are an aristocratic Floridian family with vast holdings in real estate and mining. When matriarch Abigail Bates is discovered drowned in the Peace River, a chain of events is set into motion, embroiling Thorn with a family he never knew he had and a fortune he doesn't necessarily want. Thorn is leading a fishing expedition into the isolated lakes and mangrove swamps of Hell's Bay when Abigail's son and beautiful granddaughter arrive, claiming Thorn as a long-lost relative and asking him to solve the woman's murder. Little do they know that the killer is already on their trail. Soon their houseboat becomes a precarious island of safety in a landscape of escalating violence. What does the killer want? And why is their predator so enraged, determined to kill them all no matter what the cost? As Marilyn Stasio said in *The New York Times*, "If violence can be poetic, Hall has the lyric voice for it." In this tour de force of fear and suspense, Hall shows how one family's dark past comes back to haunt its most remote member---and may ultimately cost him his life.

Die Trying Lee Child 2006-11-28 Jack Reacher finds himself in bad company in the second novel in Lee Child's New York Times bestselling series. Jack Reacher is an innocent bystander when he witnesses a woman kidnapped off a Chicago street in broad daylight. In the wrong place at the wrong time, he's kidnapped with her. Chained together, locked in the back of a stifling van, and racing across America to an unknown destination for an unknown purpose, they're at the mercy of a group of men demanding an impossible ransom. Because this mysterious woman is worth more than Reacher ever suspected. Now he has to save them both—from the inside out—or die trying...

Guns, Democracy, and the Insurrectionist Idea Joshua Horwitz 2018-05-09 The NRA steadfastly maintains that the 30,000 gun-related deaths and 300,000 assaults with firearms in the United States every year are a small price to pay to guarantee freedom. As former NRA President Charlton Heston put it, "freedom isn't free." And when gun enthusiasts talk about Constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind---freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme "militia" groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Josh Horwitz and Casey Anderson reveal that the proponents of this view base their argument on a deliberate misreading of history. The Insurrectionist myth has been forged by twisting the facts of the American Revolution and the founding of the United States, the denial of civil rights to African-Americans after the Civil War, and the rise of the Third Reich under Adolf Hitler. Here, Horwitz and Anderson set the record straight. Then, challenging the proposition that more guns equal more freedom, they expose Insurrectionism---not government oppression---as the true threat to freedom in the U.S. today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. He is Executive Director of the Coalition to Stop Gun Violence and the Educational Fund to Stop Gun Violence. He has spent nearly two decades working on gun violence prevention issues. He lives in Arlington, Virginia. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C. He has served in senior staff positions with the U.S. Congress, the Coalition to Stop Gun Violence, and Americans for Gun Safety. He lives in Arlington, Virginia.

The Recognitions William Gaddis 2020-11-24 A postmodern masterpiece about fraud and forgery by one of the most distinctive, accomplished novelists of the last century. The Recognitions is a sweeping depiction of a world in which everything that anyone recognizes as beautiful or true or good emerges as anything but: our world. The book is a masquerade, moving from New England to New York to Madrid, from the art world to the underworld, but it centers on the story of Wyatt Gwyon, the son of a New England minister, who forsakes religion to devote himself to painting, only to despair of his inspiration. In expiation, he will paint nothing but flawless copies of his revered old masters—copies, however, that find their way into the hands of a sinister financial wizard by the name of Recktal Brown, who of course sells them as the real thing. Dismissed uncomprehendingly by reviewers on publication in 1955 and ignored by the literary world for decades after, The Recognitions is now established as one of the great American novels, immensely ambitious and entirely unique, a book of wild, Boschian inspiration and outrageous comedy that is also profoundly serious and sad.

The Official Gun Digest Book of Guns & Prices 2010 Dan Shideler 2010-05-12 The All-New, Completely Updated 2010 Edition! An easy-to-use resource for internet auctions, gun shows and retail shops More than 10,000 firearms listings arranged by manufacturer, from A to Z 50,000 firearms values ranked by condition

The Big Short: Inside the Doomsday Machine (movie tie-in) Michael Lewis 2015-11-16 The #1 New York Times bestseller—Now a Major Motion Picture from Paramount Pictures From the author of *The Blind Side* and *Moneyball*, *The Big Short* tells the story of four outsiders in the world of high-finance who predict the credit and housing bubble collapse before anyone else. The film adaptation by Adam McKay (Anchorman I and II, The Other Guys) features Academy Award® winners Christian Bale, Brad Pitt, Melissa Leo and Marisa Tomei; Academy Award® nominees Steve Carell and Ryan Gosling. When the crash of the U.S. stock market became public knowledge in the fall of 2008, it was already old news. The real crash, the silent crash, had taken place over the previous year, in bizarre feeder markets where the sun doesn't shine and the SEC doesn't dare, or bother, to tread. Who understood the risk inherent in the assumption of ever-rising real estate prices, a risk compounded daily by the creation of those arcane, artificial securities loosely based on piles of doubtful mortgages? In this fitting sequel to *Liar's Poker*, Michael Lewis answers that question in a narrative brimming with indignation and dark humor.

Standard Catalog of Military Firearms Philip Peterson 2011-07-20 Your One-Volume Guide to Collectible Military Firearms! It's Standard Catalog of Military Firearms, 6th Edition! Italian Small Arms of the First and Second World Wars Ralph Riccio 2014 This is the first comprehensive work, in either English or Italian, to address Italian small arms used during World War I and World War II. It describes each weapon and covers the developmental history and use of all Italian designed and produced pistols, rifles, submachine guns and machine guns used during both conflicts, as well as prototype weapons and foreign weapons used by the Italians. Other appendices cover bayonets, accoutrements, markings, ammunition, small arms manufacturing facilities, Italian small arms designers, production summaries, and collector's notes. It includes many previously unpublished photographs and background information on small arms producers, ammunition production facilities, and designers. In addition to the new material, it also corrects previously published errors about Italian weapons. AUTHOR: Ralph Riccio spent twenty years as a U.S. Army military intelligence officer. He has written numerous magazine articles, many in Italian, as well as having authored several books dealing with Italian and Irish military equipment and history. His native Italian fluency has enabled him to develop extensive contacts with Italian military history experts and to delve deeply into research on Italian weapons and history. This latest book on Italian military small arms is the culmination of years of research on the subject. ILLUSTRATIONS: 608 b/w and colour photographs

Jane's Infantry Weapons 2011-2012 Richard D. Jones 2011-01-01 'Jane's Infantry Weapons 2012-2012' provides the reader with a detailed country-by-country analysis of all small arms and crew-served weapons in service around the world. Details of development, technical description, specifications and images ensure ease of identification.

The Beretta M9 Pistol Leroy Thompson 2011-09-20 In 1990 the Beretta M9 replaced the venerable Colt 1911 as the main pistol of choice for the US Army, and it has seen widespread use in Iraq and Afghanistan. Written by a leading pistol expert who currently trains US Special Forces in the use of this weapon, this book is an honest appraisal of the successes and failings of the 9mm Beretta. The volume traces the Beretta designs that preceded the M9, as well as its use on the battlefield, including the impact it has had on close combat training due its larger magazine capacity. It also details the adoption of the Beretta by US law enforcement agencies and the impact this has had. This is a fascinating history of a classic pistol and an assessment of its future use.

No Exit Taylor Adams 2019-01-15 "What a box of tricks! This full-throttle thriller, dark and driving, rivals Agatha Christie for sheer ingenuity and James Patterson for flat-out speed. Swift, sharp, and relentless." – A. J. Finn, #1 New York Times bestselling author of *The Woman in the Window* A brilliant, edge thriller about four strangers, a blizzard, a kidnapped child, and a determined young woman desperate to unmask and outwit a vicious psychopath. A kidnapped little girl locked in a stranger's van. No help for miles. What would you do? On her way to Utah to see her dying mother, college student Darby Thorne gets caught in a fierce blizzard in the mountains of Colorado. With the roads impassable, she's forced to wait out the storm at a remote highway rest stop. Inside are some vending machines, a coffee maker, and four complete strangers. Desperate to find a signal to call home, Darby goes back out into the storm. . . . and makes a horrifying discovery. In the back of the van parked next to her car, a little girl is locked in an animal crate. Who is the child? Why has she been taken? And how can Darby save her? There is no cell phone reception, no telephone, and no way out. One of her fellow travelers is a kidnapper. But which one? Trapped in an increasingly dangerous situation, with a child's life and her own on the line, Darby must find a way to break the girl out of the van and escape. But who can she trust? With exquisitely controlled pacing, Taylor Adams diabolically ratchets up the tension with every page. Full of terrifying twists and hairpin turns, *No Exit* will have you on the edge of your seat and leave you breathless.

The Official US Army Pistol Handbook – Updated: Combat Training and Marksmanship U. S. Army 2017-10-17 **FROM BASICS TO BULLEYES** Full-size edition – LARGE 8.5" x 11" FORMAT: clear, detailed text & illustrations. Complete & Unabridged. Combat Master – Sid Woodcock and Detonics Allen Chinn 2012-01-01 If I told you that there was a person that was one of the early 1940s OSS (Office of Strategic Services) operatives and later worked under contract for the CIA (Central Intelligence Agency), Atomic Energy Commission, Department of Defense, FBI (Federal Bureau of Investigation), Secret Service and the Department of Justice; trained at Shaolin during World War II, trained at the Kodokan in Japan after World War II, was a Grandmaster of Chin Na, 8th Degree Black Belt in Shinobi, instructor of units from the U.S. Army Special Forces and U.S. Navy Seal Teams, taught Bruce Lee joint locking techniques; an expert in firearms and explosives, and a watch maker you would think I was crazy or a liar. Sid was all of these things and more. This book is my memoir of my friend Sid Woodcock and Detonics the gun company he made famous. Sid's background insured that the Detonics Combat Master was a pistol fit for impossible missions. Sid and the pistol that he made famous were indeed Combat Masters.
