A collectible keepsake fact book contains fascinating story synopses and vehicle details, so you'll discover little-known tidbits about each vehicle as you build the models. Each vehicle also comes with a collectible trading card. Star Wars fans across the spectrum will enjoy assembling and displaying this collection of replica vehicles from a galaxy far, far away.

The Dancing Goddesses: Folklore, Archaeology, and the Origins of European Dance Elizabeth Wayland Barber 2013-02-11 A fascinating exploration of an ancient system of beliefs and its links to the evolution of dance. From southern Greece to northern Russia, people have long believed in female spirits, bringers of fertility, who spend their nights and days dancing in the fields and forests. So appealing were these spirit-maidens that they also took up residence in nineteenth-century Romantic literature. Archaeologist and linguist by profession, folk dancer by avocation, Elizabeth Wayland Barber has sleuthed through ethnographic lore and archaeological reports of east and southeast Europe, translating enchanting folktales about these "dancing goddesses" as well as eyewitness accounts of traditional rituals—texts that offer new perspectives on dance in agrarian society. She then traces these goddesses and their dances back through the Romans and Greeks to the first farmers of Europe. Along the way, she locates the origins of many customs, including coloring Easter eggs and throwing rice at the bride. The result is a detective story like no other and a joyful reminder of the human need to dance.

Candy Corn James Stevenson 1999 A collection of short poems with titles such as "The Morning After Halloween," "Dumpsters, " and "What Frogs Say To Each Other."

Made to Stick Chip Heath 2007-01-02 NEW YORK TIMES BESTSELLER • The instant classic about why some ideas thrive, why others die, and how to make your ideas stick. "Anyone interested in influencing others—to buy, to vote, to learn, to diet, to give to charity or to start a revolution—can learn from this book."—The Washington Post Mark Twain once observed, "A lie can get halfway around the world before the truth can even get its boots on." His observation rings true: Urban legends, conspiracy theories, and bogus news stories circulate effortlessly. Meanwhile, people with important ideas—entrepreneurs, teachers, politicians, and journalists—struggle to make them "stick." In *Made to Stick*, Chip and Dan Heath reveal the anatomy of ideas that stick and explain ways to make ideas stickier, such as applying the human scale principle, using the Velcro Theory of Memory, and creating curiosity gaps. Along the way, we discover that sticky messages of all kinds—from the infamous "kidney theft ring" hoax to a coach's lessons on sportsmanship to a vision for a new product at Sony—draw their power from the same six traits. *Made to Stick* will transform the way you communicate. It's a fast-paced tour of success stories (and failures): the Nobel Prize-winning scientist who drank a glass of bacteria to prove a point about stomach ulcers; the charities who make use of the Mother Teresa Effect; the elementary-school teacher whose simulation actually prevented racial prejudice. Provocative, eye-opening, and often surprisingly funny, *Made to Stick* shows us the vital principles of winning ideas—and tells us how we can apply these rules to making our own messages stick.

Batter Off Dead Maddie Day 2022-02-22 In South Lick, Indiana, fine foods and classic cookware can be found at Robbie Jordan's Pans 'N Pancakes. Unfortunately, her country store also seems to stock up on murder . . . Robbie and her new husband Abe O'Neill are enjoying a summer evening in the park with fellow townsfolk excited for some Friday night fireworks. In attendance are senior residents from Jupiter Springs Assisted Living including Roy Bird, father to South Lick's very own Police Lieutenant Buck Bird. Despite his blindness, Roy is a member of his group home's knitting circle, spending quality time with some lovely ladies. But when the lightshow ends, one of the knitters who sat with Roy is found dead, a puncture wound in her neck. The poor woman's death echoes that of Buck's mother and Roy's wife—an unsolved homicide. To help find the killer, Robbie's going to have to untangle the knotty relationships deep in the victim's past . . . Includes Recipes for You to Try! "This deliciously clever cozy—set in a deceptively charming little town—is fresh, intelligent and delightful. A winner!" —Hank Phillippi Ryan, Agatha, Anthony, Macavity and Mary Higgins Clark Award-Winning Author for *Flipped for Murder*

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Farmers' Almanac 2008 Peter Geiger 2007 Provides weather predictions for the entire United States and includes such features as the best days for fishing, recipes from the Wild West, and tips for tightwads.

Fearless Feeding Jill Castle 2013-04-12 An essential guide to understanding and improving any child's eating habits This comprehensive nutrition guide gives parents the tools for encouraging kids of any age on the path to healthy eating. Pediatric nutrition experts Castle and Jacobsen simplify nutrition information, describe how children's eating habits correspond to their stage of development, provide step-by-step feeding guidance, and show parents how to relax

about feeding their kids and get healthy meals on the table fast. Prepares parents by explaining what to expect at different stages of growth, whether it be picky eating, growth spurts or poor body image Helps parents work through problems such as food allergies, nutrient deficiencies and weight management, and identifying if and when they need to seek professional help Empowers parents to take a whole-family approach to feeding including maximizing their own health and well-being Offers fun, easy recipes parents can make for, and with, kids Fearless Feeding translates complicated nutrition advice into simple feeding plans for every age and stage that take the fear out of feeding kids. *How to Amuse Yourself and Others* Lina Beard 1987 A reprint of a gay nineties publication for young ladies instructing them in such hobbies as fancy needlework, handmade dolls, china painting, painting in oils, heraldic painting, preservation of wild flowers, and many others.

Candy Corn Murder Leslie Meier 2015 When the remains of her husband's friend Evan are found in a trunk opened by a catapulting pumpkin, Lucy Stone must investigate to prove her husband innocent and find the real murderer.

Eat Like a Champion Jill Castle 2015-07-08 It's hard enough keeping up with all the nutritional needs for kids--not to mention actually getting them to actually eat many of these foods. But with athletic kids, there's even more to pay attention to! So the unfortunate fact is, most young athletes are not eating properly to compete--too many convenient but empty calories that are actually doing them more harm than good. As a result, these young athletes are losing energy when they should be increasing it, feeling deterred when they should be motivated, and actually decreasing muscle mass when they need it more than ever. Fortunately, with the right nutrition, young athletes can increase their energy, bolster their motivation, gain muscle mass, overcome fatigue, and improve their performance. But how can a parent begin to get their athlete on the right track? *Eat Like a Champion*, written by a registered dietitian who specializes in child and adolescent nutrition, is the must-read resource for every parent of active kids ages eight through eighteen. In it, parents will find help in:• Tailoring diets for training, competition, and even off-season• Finding the best food options, whether at home or on the go• Addressing counterproductive or unhealthy patterns• Understanding where supplements, sports drinks, and performance-enhancing substances do--and don't--fit in• And moreComplete with charts, recipes, and practical meal and snack ideas that can help athletic youngsters eat to win, this invaluable resource just may be the difference-maker in your athlete's next game!

Managed by the Markets Gerald F. Davis 2009-03-26 The current economic crisis reveals just how central finance has become to American life. Problems with obscure securities created on Wall Street radiated outward to threaten the retirement security of pensioners in Florida and Arizona, the homes and college savings of families in Detroit and Southern California, and ultimately the global economy itself. The American government took on vast new debt to bail out the financial system, while the government-owned investment funds of Kuwait, Abu Dhabi, Malaysia, and China bought up much of what was left of Wall Street. How did we get into this mess, and what does it all mean? *Managed by the Markets* explains how finance replaced manufacturing at the center of the American economy and how its influence has seeped into daily life. From corporations operated to create shareholder value, to banks that became portals to financial markets, to governments seeking to regulate or profit from footloose capital, to households with savings, pensions, and mortgages that rise and fall with the market, life in post-industrial America is tied to finance to an unprecedented degree. *Managed by the Markets* provides a guide to how we got here and unpacks the consequences of linking the well-being of society too closely to financial markets.

The Stranger in the Woods Michael Finkel 2018-01-30 The unforgettable true story of Christopher Knight, who found refuge from the pressures of modern society by living alone in the Maine woods for twenty-seven years.

Diary of a Wimpy Kid 11. Double Down Jeff Kinney 2017-05

Schools of Thought Rexford Brown 1993-08-10 As a result of his visits to classrooms across the nation, Brown has compiled an engaging, thought-provoking collection of classroom vignettes which show the ways in which national, state, and local school politics translate into changed classroom practices. "Captures the breadth, depth, and urgency of education reform".--Bill Clinton.

The Namesake Jhumpa Lahiri 2007-03 Gogol is named after his father's favourite author. But growing up in an Indian family in suburban America, the boy starts to hate his name and itches to cast it off, along with the inherited values it represents. Gogol sets off on his own path only to discover that the search for identity depends on much more than a name.

No Logo Naomi Klein 2000-01-15 An analysis of the invasion of our personal lives by logo-promoting, powerful corporations combines muckraking journalism with contemporary memoir to discuss current consumer culture

The Things They Carried Tim O'Brien 2009-10-13 A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing.

The Things They Carried won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Walkable City Jeff Speck 2012-11-13 Jeff Speck has dedicated his career to determining what makes cities thrive. And he has boiled it down to one key factor: walkability. The very idea of a modern metropolis evokes visions of bustling sidewalks, vital mass transit, and a vibrant, pedestrian-friendly urban core. But in the typical American city, the car is still king, and downtown is a place that's easy to drive to but often not worth arriving at. Making walkability happen is relatively easy and cheap; seeing exactly what needs to be done is the trick. In this essential new book, Speck reveals the invisible workings of the city, how simple decisions have cascading effects, and how we can all make the right choices for our communities. Bursting with sharp observations and real-world examples, giving key insight into what urban planners actually do and how places can and do change, Walkable City lays out a practical, necessary, and eminently achievable vision of how to make our normal American cities great again.

French Pastry Murder Leslie Meier 2014-08-06 A Maine mom's culinary adventure in Paris turns into a crime-solving tour: "A delight from start to finish."—Suspense Magazine Lucy Stone is saying au revoir to Tinker's Cove, Maine, and bonjour to Paris to take in the sights, learn how to bake authentic French pastries, and experience some joie de vivre. But her dreams of la vie en rose are put on hold when the City of Lights turns deadly. When renowned pastry chef Larry Bruneau is discovered on death's doorstep and Lucy and her friends are detained for questioning, she's worried she'll be trading in her luxury accommodations for a sojourn in the Bastille. Now, if she's going to enjoy her vacation, she'll have to unpack her sleuthing skills and clear her name, in this novel in the "engaging cozy series" by the New York Times bestselling author (Publishers Weekly). "A delight from start to finish."—Suspense Magazine "Leslie Meier has created a town I'd like to live in and a sleuth I'd love to meet."—Jill Churchill, Agatha Award-winning author of the Jane Jeffry Mysteries

The Disappearing Spoon Sam Kean 2010-07-12 From New York Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters? The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. THE DISAPPEARING SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. *Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

Sports and Entertainment Marketing Ken Kaser 2007-03-29 SPORTS AND ENTERTAINMENT MARKETING. 3E incorporates feedback from instructors across the country and has expanded by three chapters. The popular sports and entertainment topics continue to be the foundation for teaching marketing concepts. The House of the Scorpion Nancy Farmer 2013-08-01 Matt is six years old when he discovers that he is different from other children and other people. To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields. Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive. But even escape is no guarantee of freedom... because Matt is marked by his difference in ways that he doesn't even suspect.

I Know Why the Caged Bird Sings Maya Angelou 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

501 Grammar and Writing Questions Learning Express 2006 Many of us grimace when faced with grammar exercises. But in order to communicate with others, pass tests, and get your point across in writing, using words and punctuation effectively is a necessary skill. It's a fact that in our life today, good communication skills—including writing—are essential. The good news is that grammar and writing skills can be developed with practice.

The Poisonwood Bible Barbara Kingsolver 2008-09-04 Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

With this breakout cookbook, you'll enjoy all the decadent, over-the-top desserts that made Dana's Bakery famous without having to wait in line.

Convergence Culture Henry Jenkins 2008-09 "What the future fortunes of [Gramsci's] writings will be, we cannot know. However, his permanence is already sufficiently sure, and justifies the historical study of his international reception. The present collection of studies is an indispensable foundation for this." —Eric Hobsbawm, from the preface Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics. Antonio A. Santucci is perhaps the world's preeminent Gramsci scholar. Monthly Review Press is proud to publish, for the first time in English, Santucci's masterful intellectual biography of the great Sardinian scholar and revolutionary. Gramscian terms such as "civil society" and "hegemony" are much used in everyday political discourse. Santucci warns us, however, that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci's purposes in developing them. Rather what we must do, and what Santucci illustrates time and again in his dissection of Gramsci's writings, is absorb Gramsci's methods. These can be summed up as the suspicion of "grand explanatory schemes," the unity of theory and practice, and a focus on the details of everyday life. With respect to the last of these, Joseph Buttigieg says in his Nota: "Gramsci did not set out to explain historical reality armed with some full-fledged concept, such as hegemony; rather, he examined the minutiae of concrete social, economic, cultural, and political relations as they are lived in by individuals in their specific historical circumstances and, gradually, he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society." The rigor of Santucci's examination of Gramsci's life and work matches that of the seminal thought of the master himself. Readers will be enlightened and inspired by every page.

Paper Toys Jennifer Sanderson 2014-07-01 This easy to follow introduction to the art of paper-folding will teach you how to make classic origami models and brand new crafts. Each fun project is illustrated with clear, step-by-step photographs. Inside you will learn how to make lots of different paper toys, from "talking" animal puppets to fun fortune tellers.

Infinite Jest David Foster Wallace 2009-04-13 A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, The Atlantic

Fahrenheit 451 Ray Bradbury 1951 A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

Working Mother 2001-10 The magazine that helps career moms balance their personal and professional lives.

Candy Experiments Lorelee Leavitt 2013-01-03 Candy is more than a sugary snack. With candy, you can become a scientific detective. You can test candy for secret ingredients, peel the skin off candy corn, or float an "m" from M&M's. You can spread candy dyes into rainbows, or pour rainbow layers of colored water. You'll learn how to turn candy into crystals, sink marshmallows, float taffy, or send soda spouting skyward. You can even make your own lightning. Candy Experiments teaches kids a new use for their candy. As children try eye-popping experiments, such as growing enormous gummy worms and turning cotton candy into slime, they'll also be learning science. Best of all, they'll willingly pour their candy down the drain. Candy Experiments contains 70 science experiments, 29 of which have never been previously published. Chapter themes include secret ingredients, blow it up, sink and float, squash it, and other fun experiments about color, density, and heat. The book is written for children between the ages of 7 and 10, though older and younger ages will enjoy it as well. Each experiment includes basic explanations of the relevant science, such as how cotton candy sucks up water because of capillary action, how Pixy Stix cool water because of an endothermic reaction, and how gummy worms grow enormous because of the water-entangling properties.

Logical Reasoning Bradley Harris Dowden 1993 This book is designed to engage students' interest and promote their writing abilities while teaching them to think critically and creatively. Dowden takes an activist stance on critical thinking, asking students to create and revise arguments rather than simply recognizing and criticizing them. His book emphasizes inductive reasoning and the analysis of individual claims in the beginning, leaving deductive arguments for consideration later in the course.

Salt Sugar Fat Michael Moss 2013-02-26 From a Pulitzer Prize-winning investigative reporter at The New York Times comes

the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. Salt Sugar Fat is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on

their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). Salt Sugar Fat is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, "Enough already."
