Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Sunwing Kenneth Oppel,2014-03-04 When eternal darkness threatens to invade, Shade and Marina must journey to the far southern jungle to save the world in this thrilling sequel to Silverwing. Shade, a young Silverwing bat in search of his father, discovers a mysterious Human building containing a vast forest. Home to thousands of bats, the indoor forest is as warm as a summer night and teeming with insects to eat. And through the glass roof, the bats can finally see the sun, free from the tyranny of the deadly owls. Is this Paradise the fulfillment of Nocturna's Promise to return the bats to the light of day? Shade and his Brightwing friend Marina aren't so sure. Shade has seen Humans enter the forest and take away hundreds of sleeping bats for an unknown purpose. And where is Shade's father? It isn't long before Shade and Marina are swept up on a perilous journey that takes them to the far southern jungle—the homeland of Goth, now king of all the Vampyrum Spectrum: cannibal bats with three-foot wingspans. With the help of an abandoned owl prince and General Cortez's rat army, Shade must use all his resourcefulness to find his father—and stop Goth from harnessing the dark powers of Cama Zotz to create eternal night. In this continuation of Shade's saga, Kenneth Oppel recaptures the adventure and poignancy of Silverwing, which Smithsonian magazine called “a tour-de-force fantasy,” and takes it to a new level of excitement.
