**Mothers, Tell Your Daughters: Stories** Bonnie Jo Campbell 2015-10-05 "Bonnie Jo Campbell is a master of rural America's postindustrial landscape." —Boston Globe Named by the Guardian as one of our top ten writers of rural noir, Bonnie Jo Campbell is a keen observer of life and trouble in rural America, and her working-class protagonists can be at once vulnerable, wise, cruel, and funny. The strong but flawed women of Mothers, Tell Your Daughters must negotiate a sexually charged atmosphere as they love, honor, and betray one another against the backdrop of all the men in their world. Such richly fraught mother-daughter relationships can be lifelines, anchors, or they can sink a woman like a stone. In "My Dog Roscoe," a new bride becomes obsessed with the notion that her dead ex-boyfriend has returned to her in the form of a mongrel. In "Blood Work, 1999," a phlebotomist's desire to give away everything to the needy awakens her own sensuality. In "Home to Die," an abused woman takes revenge on her bedridden husband. In these fearless and darkly funny tales about women and those they love, Campbell's spirited American voice is at its most powerful.

**Big Pumpkin** Erica Silverman 2011-08-09 A little bat uses brains over brawn in this not-so-scary Halloween picture book. The witch has grown the biggest pumpkin ever, and now she wants to make herself a pumpkin pie for Halloween. But the pumpkin is so big she can't get it off the vine. It's so big the ghost can't move it, either. Neither can the vampire, nor the mummy. It looks as if there'll be no pumpkin pie for Halloween, until along comes the bat with an idea to save the day. How can the tiny bat succeed where bigger and strong spooky creatures have failed? You'll be surprised!

**Q Road** Bonnie Jo Campbell 2011-06-14 Welcome to Q Road, in Greenland Township, where the old way of life is colliding with the new. On the same acres where farmers once displaced Potawatomi Indians, suburban developers now supplant farmers and Q road (or "Queer Road," as the locals call it) has become home to an unlikely mix of people. The neighbors include a sixth-generation farmer and his rifle-toting child bride, and evangelical bartender, a tabloid-reading agoraphobe, a philandering window salesman, and an asthmatic boy who longs for the love of a good father. These folks all smell the pig manure from the Whitby farm and share the same grand views of the Kalamazoo River and the oldest barn in the township -- until one disastrous October afternoon. Bonnie Jo Campbell's first novel combines offbeat humor, eccentric characters, and unique insights into modern rural America, where family traditions have flown the coop and only the cycle of the seasons remains. At the heart of this tale are three characters so integrally connected and devoted to the Harland farm that they might not survive anywhere else; their lives, their livelihoods, and their sometimes violent love for one another are all rooted in the soil of this square mile. As The Village Voice said of Campbell's story collection, she "crystallizes those moments when numbened everyday routine is briefly jolted by dizzy instants of lucidity." It may take a spring tornado or a lightning bolt in the garden to get the folks of Q Road to pause in their work, but when they lift their gaze collectively, it can be life-altering. Brilliant autumn foliage creates the backdrop for the rich and ragged human landscape of rural southwestern Michigan, a place Campbell has explored in her award-winning short stories. In this passionate and funny novel she digs even deeper, to reveal the beauty and strangeness of her ferocious women, confused men, and hungry children.

**The Glass Castle** Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.
