Black Transparency

Metahaven 2015-11 A Google executive once said: "If you want to liberate a society just give them the Internet." But how does one liberate a society that already has the Internet? Publicly, modern government adheres to the twin ideals of institutional transparency and personal privacy. In reality, while citizens are subjected to mass surveillance, government practice goes unchecked. A new generation has taken to the Internet to

defend the right to governance without secrets. From Bradley Manning and WikiLeaks to LulzSec and Anonymous, from the Icelandic Modern Media Initiative to the revelations of Edward Snowden, a coalition is breaking through the secrecy that lies at the core of the modern state. The story gets more complex when open government is contrasted with black transparency, and when a geopolitical rift between the West and Russia becomes the dividing line for whistleblowers and transparency activists seeking refuge. What is transparency for one may be propaganda for the other.

The Pop-up Book of Sex
Melcher Media 2006-10-31
An informative pop-up book on the erotic arts featuring the world's ten best carnal positions brought vividly to life in full-color, three-dimensional paper tableaux. The perfect tongue-in-cheek gift for Valentine's, Weddings and Birthdays, THE POP-UP BOOK OF SEX is a clever and informative tour of the ten best ways to have sex, plus the reasons and tips behind them. The problem with most sex books is they're too long, or they list too many

things a partner needs to do and learn. Now, readers will get that in just 10 quick pops, from the ever-reliable "Missionary" and the Kama Sutra's "Lotus" as well as contemporary favorites conceived for specific effects such as G-spot simulation and problem-solving advantages of each position (for example: big penis, small woman, or small penis, big woman). Adding to the fun are at least 2-3 alternate position-illustrations for each 'pop', special tips, and specifically selected backdrops (which span the world and a variety of sexual settings). The tour de force cover illustration depicts an intricate, fantastical world densely populated with interlinked, ecstatic, and, of course, tastefully rendered people in the throes of delight (with apologies to Heironymous Bosch):

No one ever plans to screw a stewardess in an airplane bathroom, but it's a great thing to do. Secondly, this spread is about standing positions, covering the basic methods: man standing, woman on a flat surface; from behind with both standing from behind; standing with girl bent over; creative use of structural support, as in a dark alley. Pop: When the spread opens, we see a closed airplane door; to the right of the door, in a little pocket, is a small pamphlet (which readers can take out), with sex tips illustrated in the style of airplane emergency cards (see "Extras," below). The reader opens the door—pulling it to the left. As the door opens the red/green "occupied/vacant" sign clicks over to the other position.
