Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Rain of the Ghosts Greg Weisman,2013-12-03 Rain of the Ghosts is the first in Greg Weisman's series about an adventurous young girl, Rain Cacique, who discovers she has a mystery to solve, a mission to complete and, oh, yes, the ability to see ghosts. Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), a beautiful chain of tropical islands on the edge of the Bermuda Triangle. Rain Cacique is water-skiing with her two best friends Charlie and Miranda when Rain sees her father waiting for her at the dock. Sebastian Bohique, her maternal grandfather, has passed away. He was the only person who ever made Rain feel special. The only one who believed she could do something important with her life. The only thing she has left to remember him by is the armband he used to wear: two gold snakes intertwined, clasping each other's tails in their mouths. Only the armband . . . and the gift it brings: Rain can see dead people. Starting with the Dark Man: a ghost determined to reveal the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure.

My Little Pony: Pony Life: Meet the Ponies Hasbro,2021-02-23

Based on the all-new animated series, this Level 1 I Can Read is perfect for sharing with the Pony Life fan in your life! When Pinkie

Pie decides to enter into the Royal Jelly Juggernaut competition, her friends try their best to make her baking a success. My Little Pony: Pony Life Princess Problems is a Level 1 I Can Read, perfect for shared reading with a child. Pony Life is the all-new animated series following the Mane 6 ponies as they explore the funny side of friendship! Together, they run into all sorts of cupcake conundrums and magical mishaps. These ponies make everyday adventures real ridiculous. But Pony Life isn't just a show, it's a lifestyle. These ponies encourage everyone to #lovethatponylife !

Tortured Cardboard Philip E. Orbanes, 2019-07-23 The term “tortured cardboard” sums up what happens to cardboard when making a board game (bound, cut, folded, punched). And, as you’ll learn, great board games often reflect whatever “tortures” culture. Each gained immortality after a chaotic beginning and a chance survival. Why? Because—be it chess, backgammon, Clue®, Monopoly®, Scrabble®, Settlers of Catan®, or one of ten others featured in this book—each is replete with “lessons” applicable to achievement in your life. As the twenty-first century gathers momentum, our love affair with board games continues to strengthen. They involve us, they refine social skills, and they teach great lessons applicable in real life. “Tortuous” is the journey

of every great board game, from birth in chaotic times, through survival by mere chance, to raging popularity and eventual immortality. Tortured Cardboard reveals how the great ones came to endure and—all fun aside—how each teaches us something about our own behavior while providing “rules” that can work in your life.

Ectogenesis Scott Gelfand, John R. Shook, 2006 This book raises many moral, legal, social, and political, questions related to possible development, in the near future, of an artificial womb for human use. Is ectogenesis ever morally permissible? If so, under what circumstances? Will ectogenesis enhance or diminish women's reproductive rights and/or their economic opportunities? These are some of the difficult and crucial questions this anthology addresses and attempts to answer.

Spirits of Ash and Foam Greg Weisman, 2014-07-08 Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), the beautiful chain of tropical islands on the edge of the Bermuda Triangle where Rain Cacique lives. When Rain's maternal grandfather passed away, he left her his special armband: two gold snakes intertwined, clasping each other's tails in their mouths. Rain

soon discovers that the armband is actually a zemi – a very powerful talisman created by the island's native Arawak Taino Indians – and that it allows Rain to see ghosts, including her own grandfather who is determined to help her uncover the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure. Now, Rain Cacique's looking for a few answers – and the second zemi, a Taino relic that allows her to see dead people. But it's the first week of school, so she's pretty busy juggling teachers, homework, baby-sitting duties, new friends, missing tourist kids... and a vampire with a tribal twist. *Spirits of Ash and Foam* is the second installment in Greg Weisman's *Rain of the Ghosts* series.

Spike Jeanne Willis,2018-08 Spike, a little hedgehog, has always had impressive prickles. But one morning, after a particularly scary dream, he wakes up completely bare! Oh no! Feeling very embarrassed, he goes in search of something to cover himself, from a paper lampshade to a tea cup to a very stinky sock. But nothing stops the other animals giggling at him. Poor Spike!

Ella Bella Ballerina and A Midsummer Night's Dream James Mayhew,2015-09-24 Everyone's favourite little dancer, Ella Bella Ballerina, steps out of fairytales and into the world of Shakespeare

as she goes on a magical adventure in Fairyland, with Puck, King Oberon and Queen Titania. Who will the queen fall in love with when under the king's spell? And what will become of the hapless actor Bottom, transformed into a donkey? Beautifully illustrated and perfectly pitched for a young audience and all would-be prima ballerinas, and a wonderful very first introduction to the stories of the ballet and Shakespeare. From James Mayhew, the creator of the Katie series of books - featuring the hugely engaging Katie and making art an adventure for every child.

Chasing the Devil David Reichert,2005-12-27 Discusses the twenty year pursuit of Sheriff David Reichert for the Green River Killer.

Notes from the Hyena's Belly Nega Mezlekia,2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly*

offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Introducing Transformational Grammar Jamal Ouhalla, 1999

The first edition of this book quickly established itself as one of the clearest and most readable introductions to generative grammar. Together with a complete introduction to the principles of Universal Grammar, it traced the major shifts of perspective that have influenced the developments of the theory over the last forty years. This revised and expanded new edition introduces students with no previous training to Transformational Grammar. Covering the framework known as Principles and Parameters as well as the more recent framework known as Minimalism, it includes a range of new exercises, making it ideal for students at all levels.

Barbarians Lauren Southern,2016-12-21 The author's view on how baby boomers, immigrants and Islam made a mess of the Millennial generation.
