Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Rain of the Ghosts Greg Weisman,2013-12-03 Rain of the Ghosts is the first in Greg Weisman's series about an adventurous young girl, Rain Cacique, who discovers she has a mystery to solve, a mission to complete and, oh, yes, the ability to see ghosts. Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), a beautiful chain of tropical islands on the edge of the Bermuda Triangle. Rain Cacique is water-skiing with her two best friends Charlie and Miranda when Rain sees her father waiting for her at the dock. Sebastian Bohique, her maternal grandfather, has passed away. He was the only person who ever made Rain feel special. The only one who believed she could do something important with her life. The only thing she has left to remember him by is the armband he used to wear: two gold snakes intertwined, clasping each other's tails in their mouths. Only the armband . . . and the gift it brings: Rain can see dead people. Starting with the Dark Man: a ghost determined to reveal the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure.

Spirits of Ash and Foam Greg Weisman,2014-07-08 Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), the beautiful chain of tropical islands on the edge of the Bermuda Triangle where Rain Cacique lives. When Rain's maternal grandfather passed away, he left her his special armband: two gold snakes intertwined, clasping each other's tails in their mouths. Rain soon discovers that the armband is actually a zemi - a very powerful talisman created by the island's native Arawak Taino Indians - and that it allows Rain to see ghosts, including her own grandfather who is determined to help her uncover the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure. Now, Rain Cacique's looking for a few answers — and the second zemi, a Taino relic that allows her to see dead people. But it's the first week of school, so she's pretty busy juggling teachers, homework, baby-sitting duties, new friends, missing tourist kids... and a vampire with a tribal twist. Spirits of Ash and Foam is the second installment in Greg Weisman's Rain of the Ghosts series.

Animated Encounters Daisy Yan Du, 2019-02-28 China's role in the history of world animation has been trivialized or largely forgotten. In *Animated Encounters* Daisy Yan Du addresses this omission in her study of Chinese animation and its engagement with international forces during its formative period, the 1940s-1970s. She introduces readers to transnational movements in early Chinese animation, tracing the involvement of Japanese, Soviet, American, Taiwanese, and China's ethnic minorities, at socio-historical or representational levels, in animated filmmaking in China. Du argues that Chinese animation was international almost from its inception and that such border-crossing exchanges helped make it "Chinese" and subsequently transform the history of world animation. She highlights animated encounters and entanglements to provide an alternative to current studies of the subject characterized by a preoccupation with essentialist ideas of "Chineseness" and further questions the long-held belief that the forty-year-period in question was a time of cultural isolationism for China due to constant wars and revolutions. China's socialist era, known for the pervasiveness of its political propaganda and suppression of the arts, unexpectedly witnessed a golden age of animation. Socialist collectivism, reinforced by totalitarian politics and centralized state control, allowed Chinese animation to prosper and flourish artistically. In addition, the double marginality of animation—a minor art form for children—coupled with its disarming qualities and intrinsic malleability and mobility, granted animators and producers the double power to play with politics and transgress ideological and geographical borders while surviving censorship, both at home and abroad. A captivating and enlightening history, *Animated Encounters* will attract scholars and students of world film and animation studies, children's culture, and modern Chinese history.

Transnational Chinese Cinemas Sheldon H. Lu, 1997-10-01 Zhang Yimou's first film, *Red Sorghum*, took the Golden Bear Award in 1988 at the Berlin International Film Festival. Since then

Chinese films have continued to arrest worldwide attention and capture major film awards, winning an international following that continues to grow. *Transnational Chinese Cinemas* spans nearly the entire length of twentieth-century Chinese film history. The volume traces the evolution of Chinese national cinema, and demonstrates that gender identity has been central to its formation. Femininity, masculinity and sexuality have been an integral part of the filmic discourses of modernity, nationhood, and history. This volume represents the most comprehensive, wide-ranging, and up-to-date study of China's major cinematic traditions. It is an indispensable source book for modern Chinese and Asian history, politics, literature, and culture.

Sinophone Cinemas A. Yue, O. Khoo, 2014-01-22 *Sinophone Cinemas* considers a range of multilingual, multidialect and multi-accented cinemas produced in Chinese-language locations outside mainland China. It showcases new screen cultures from Britain, Hong Kong, Taiwan, Singapore and Australia.

Barbarians Lauren Southern, 2016-12-21 The author's view on how baby boomers, immigrants and Islam made a mess of the Millennial generation.

Bone Dance Emma Bull, 2009-07-07 Back in print, *Bone Dance* is a classic techno-fantasy from Emma Bull, author of the bestselling *Territory Sparrow's my name. Trader. Deal-maker. Hustler, some call me. I work the Night Fair circuit, buying and selling pre-nuke videos from the world before. I know how to get a high price, especially on Big Bang collectibles. But the hottest ticket of all is information on the Horsemen—the mind-control weapons that tilted the balance in the war between the Americas. That's the prize I'm after. But it seems I'm having trouble controlling my own mind. The Horsemen are coming.*

But I Don't See Color Terry Husband, 2016-07-25 Racism is still very prevalent and pervasive in all aspects of the P-12 educational experience in the United States. Far too many teachers and administrators continue to respond to this challenge by applying colorblind perspectives and approaches. This edited volume provides a broad and comprehensive critique of colorblindness in various educational contexts. In an attempt to advocate for a more color-conscious approach to education, this book deals with a wide range of issues related to teaching, learning, curriculum, creativity, assessment, discipline, implicit bias, and teacher education. There are three distinct features that make this book so important and relevant given the current social and racial climate in U.S. schools today. First, each chapter in this book draws from a plethora of different theoretical perspectives related to race and racism. In this sense, readers are equipped with variety of robust theoretical perspectives to better understand this complicated issue of racism in schools. Second, this book communicates issues of race and racism through multiple voices. Unlike other books on race and racism where the central voice is that of a researcher or scholar, this book centralizes the voices and perspectives of researchers, teachers, and teacher educators alike. As a result, readers are better able to understand issues of race and racism in schools from a more nuanced perspective. Finally, unlike other books related to race and racism in schools, this book provides readers with practical strategies for combating racism in their respective educational contexts.
