A Certain Age Rudolf Mrázek 2009-01-01 A Certain Age is an unconventional, evocative work of history and a moving reflection on memory, modernity, space, time, and the limitations of traditional historical narratives. Rudolf Mrázek visited Indonesia throughout the 1990s, recording lengthy interviews with elderly intellectuals in and around Jakarta. With few exceptions, they were part of an urban elite born under colonial rule and educated at Dutch schools. From the early twentieth century, through the late colonial era, the national revolution, and well into independence after 1945, these intellectuals injected their ideas of modernity, progress, and freedom into local and national discussion. When Mrázek began his interviews, he expected to discuss phenomena such as the transition from colonialism to postcolonialism. His interviewees, however, wanted to share more personal recollections. Mrázek illuminates their stories of the past with evocative depictions of their late-twentieth-century surroundings. He brings to bear insights from thinkers including Walter Benjamin, Bertold Brecht, Le Corbusier, and Marcel Proust, and from his youth in Prague, another metropolis with its own experience of passages and revolution. Architectural and spatial tropes organize the book. Thresholds, windowsills, and sidewalks come to seem more apt as descriptors of historical transitions than colonial and postcolonial, or modern and postmodern. Asphalt roads, homes, classrooms, fences, and windows organize movement, perceptions, and selves in relation to others. A Certain Age is a portal into questions about how the past informs the present and how historical accounts are inevitably partial and incomplete.

Reality Is Broken Jane McGonigal 2011-01-20 "McGonigal is a clear, methodical writer, and her ideas are well argued. Assertions are backed by countless psychological studies." --The Boston Globe "Powerful and provocative . . . McGonigal makes a persuasive case that games have a lot to teach us about how to make our lives, and the world, better." --San Jose Mercury News "Jane McGonigal's insights have the elegant, compact, deadly simplicity of plutonium, and the same explosive force." --Cory Doctorow, author of Little Brother A visionary game designer reveals how we can harness the power of games to boost global happiness. With 174 million gamers in the United States alone, we now live in a world where every generation will be a gamer generation. But why, Jane McGonigal asks, should games be used for escapist entertainment alone? In this groundbreaking book, she shows how we can leverage the power of games to fix what is wrong with the real world--from social problems like depression and obesity to global issues like poverty and climate change--

and introduces us to cutting-edge games that are already changing the business, education, and nonprofit worlds. Written for gamers and non-gamers alike, Reality Is Broken shows that the future will belong to those who can understand, design, and play games. Jane McGonigal is also the author of SuperBetter: A Revolutionary Approach to Getting Stronger, Happier, Braver and More Resilient.

Just One More Thing Peter Falk 2007 In JUST ONE MORE THING, Peter Falk takes us on an acting journey that begins not in Hollywood but in Hartford, where he worked as a management analyst for the Connecticut State Budget Bureau. His time there was no more successful than an earlier attempt to find work with the Central Intelligence Agency. At loose ends, Falk turned to an old college interest: acting. He came to prominence as an actor in 1956 in the highly successful Off-Broadway revival of 'The Iceman Cometh' with Jason Robards. Although he worked continuously for the next three years, bouncing from one Off-Broadway theater to the next, a theatrical agent advised him not to expect much work in motion pictures because of his glass eye. Surgeons had removed his right eye, along with a malignant tumor, when he was three years old. But in 1958, the actor made the jump to Hollywood, where he landed his first movie, 'Murder Incorporated', and was nominated for an Oscar. Next came Frank Capra's 'A Pocketful of Miracles' starring Bette Davis, which garnered Falk his second Oscar nomination. Falk was a favorite among moviegoers during the 1960s, admired for his roles in classic comedies such as 'It's A Mad, Mad, Mad, Mad World' and 'The Great Race'. However, it was through his collaboration with filmmaker John Cassavetes that Falk entered into his most creative period in 1970. Motion pictures such as 'Husbands' and 'A Woman Under the Influence' helped launch the independent film movement. Nevertheless, Falk continued to act in light film comedies, including 'The In-Laws' and Neil Simon's 'The Cheap Detective' and 'Murder by Death', among others. Yet it was through television that Falk reached his widest audience. He has portrayed the beloved Lt. Columbo since the 1970s, winning four Emmys. The series was so successful that ten years after it's demise, 'Columbo' was re-launched, bringing Falk to a new generation of viewers. JUST ONE MORE THING also chronicles the author's more recent work, such as movie appearances in 'A Shark's Tale' and Paul Reiser's 'The Thing About My Folks', as well stories of growing up in New York, Hollywood and Broadway luminaries, and the author's accomplished passion for drawing and painting.

Twelve Years a Slave Solomon Northup 101-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State--and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years--it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Breaking Night Liz Murray 2010-09-07 In the vein of The Glass Castle, Breaking Night is the stunning memoir of a young woman who at age fifteen was living on the streets, and who eventually made it into Harvard. Liz Murray was born to loving but drug-addicted parents in the Bronx. In school she was taunted for her dirty clothing and lice-infested hair, eventually skipping so many classes that she was put into a girls' home. At age fifteen, Liz found herself on the streets. She learned to scrape by, foraging for food and riding subways all night to have a warm place to sleep. When Liz's mother died of AIDS, she decided to take control of her own destiny and go back to high school, often completing her assignments in the hallways and subway stations where she slept. Liz squeezed four years of high school into two, while homeless; won a New York Times scholarship; and made it into the Ivy League. Breaking Night is an unforgettable and beautifully written story of one young woman's indomitable spirit to survive and prevail, against all odds.

To Walk Alone in the Crowd Antonio Muñoz Molina 2021-07-13 Winner of the 2020 Medici Prize for Foreign Novel From the award-winning author of the Man Booker Prize finalist Like a Fading Shadow, Antonio Muñoz Molina presents a flâneur-novel tracing the path of a nameless wanderer as he walks the length of Manhattan, and his mind. De Quincey,

Baudelaire, Poe, Joyce, Benjamin, Melville, Lorca, Whitman . . . walkers and city dwellers all, collagists and chroniclers, picking the detritus of their eras off the filthy streets and assembling it into something new, shocking, and beautiful. In *To Walk Alone in the Crowd*, Antonio Muñoz Molina emulates these classic inspirations, following their peregrinations and telling their stories in a book that is part memoir, part novel, part chronicle of urban wandering. A skilled collagist himself, Muñoz Molina here assembles overheard conversations, subway ads, commercials blazing away on public screens, snatches from books hurriedly packed into bags or shoved under one's arm, mundane anxieties, and the occasional true flash of insight—struggling to announce itself amid this barrage of data—into a poem of contemporary life: an invitation to let oneself be carried along by the sheer energy of the digital metropolis. A denunciation of the harsh noise of capitalism, of the conversion of everything into either merchandise or garbage (or both), *To Walk Alone in the Crowd* is also a celebration of the beauty and variety of our world, of the ecological and aesthetic gaze that can, even now, recycle waste into art, and provide an opportunity for rebirth.

Ninja John Man 2013-02-05 The definitive history of the ninja, based on a wealth of historical texts, local Japanese sources, and John Man's own treks across Asia “An immensely entertaining history, packed with splendidly blood-thirsty tales of derring-do, feats of endurance and self-sacrifice.” —The Guardian Out of the violent chaos of medieval Japan, a remarkable band of peasants rose to become the world's most feared warriors—trained to perfect the art of ninjutsu, the deadly union of martial arts and deception. Today, however, these real life ninjas are overshadowed by legend and pop culture caricatures. Could they fly? Climb walls? Make themselves invisible? Drawing on a wealth of historical texts, local Japanese sources, and his own comprehensive treks across Asia, acclaimed author John Man takes us back to the ninjas' origins in China, through to their heyday in the bloody civil wars that ended with the unification of Japan in 1600. Man also illuminates the twentieth-century reemergence of the Japanese tradition of shadow warfare through the Nakano Spy School—the elite military-intelligence academy that operated as an extensive spy network during World War II—and reveals one former Nakano soldier, Onoda Hiroo, who may be the last surviving ninja. Compelling and absorbing, *Ninja* reveals at last the fascinating true history behind one of the world's most enduring legends.

It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most

terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives.

"Everything fans of the original books had grown to love."Comics Alliance "The intricacies of carnage is one of Darrow's specialties."io9 **The Ruined Archive** Iain Chambers 2014 La quatrième de couverture indique: "How does the modern museum respond to the movement, migrations and mobilities of the modern world that exceed its practices and premises? The essays in this volume circulate in the constellation of cultural, postcolonial and museum studies to propose a series of intersecting perspectives promoting critical responses to this ongoing interrogation. Memory, the archive, and the politics of display, are unwound from their institutional moorings and allowed to drift into other, frequently non-authorised, accounts of time and space. Called upon to negotiate unplanned encounters with unsuspected actors and the obscured sides of modernity, the museum becomes an experimental space, a laboratory for a cultural democracy yet to come." *G.I. The Perfume Handbook N. Groom 2012-12-06 In 1948 I was posted, as a Political Officer, to a remote part of south-west Arabia on the edge of the great desert called the Empty Quarter. In valleys made fertile by seasonal flood-waters lay the remains of an ancient civilization. I found inscriptions and the ruin sites of towns, palaces and temples. Almost buried under the sand dunes were the tumbled walls of a great city. From here, two thousand years before, huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza, burdened with a most precious cargo - frankincense, myrrh and other perfume materials for the courts, temples and perfume shops of Rome. My book *Frankincense and Myrrh* delved into the details of this romantic trade and led to a broader interest in the perfumes of ancient times. Then, researching on behalf of a perfume house into the Arab contribution to perfumery, I came across the collection of perfume recipes assembled by the Arab philosopher-scientist Yaqub al-Kindi, which have never been translated into English (some, which I have translated myself, are now included in an appendix to this book). I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had been the bridge in perfume history between ancient and modern times. Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization.
