The Nutshell Studies of Unexplained Death Corinne May Botz 2004-09-28 *The Nutshell Studies of Unexplained Death* offers readers an extraordinary glimpse into the mind of a master criminal investigator. Frances Glessner Lee, a wealthy grandmother, founded the Department of Legal Medicine at Harvard in 1936 and was later appointed captain in the New Hampshire police. In the 1940s and 1950s she built dollhouse crime scenes based on real cases in order to train detectives to assess visual evidence. Still used in forensic training today, the eighteen Nutshell dioramas, on a scale of 1:12, display an astounding level of detail: pencils write, window shades move, whistles blow, and clues to the crimes are revealed to those who study the scenes carefully. Corinne May Botz's lush color photographs lure viewers into every crevice of Frances Lee's models and breathe life into these deadly miniatures, which present the dark side of domestic life, unveiling tales of prostitution, alcoholism, and adultery. The

accompanying line drawings, specially prepared for this volume, highlight the noteworthy forensic evidence in each case. Botz's introductory essay, which draws on archival research and interviews with Lee's family and police colleagues, presents a captivating portrait of Lee.

Fiske WordPower Edward B Fiske 2018-07-03 *The Exclusive Method You Can Use to Learn—Not Just Memorize—Essential Words* A powerful vocabulary expands your world of opportunity. Building your word power will help you write more effectively, communicate clearly, score higher on standardized tests like the SAT, ACT, or GRE, and be more confident and persuasive in everything you do. Using the exclusive Fiske method, you will not just memorize words, but truly learn their meanings and how to use them correctly. This knowledge will stay with you longer and be easier to recall—and it doesn't take any longer than less-effective memorization. How does it work? This book uses a simple three-part system: 1.

Patterns: Words aren't arranged randomly or alphabetically, but in similar groups based on meaning and origin that make words easier to remember over time. 2. Deeper Meanings, More Examples: Full explanations—not just brief definitions—of what the words mean, plus multiple examples of the words in sentences. 3. Quick Activities: Frequent short quizzes help you test how much you've learned, while helping your brain internalize their meanings.

The Incomplete Framley Examiner The Editors 2021-10-14 In 2001, fans of the internet were introduced to scanned pages from spoof local newspaper The Framley Examiner. Packed with humdrum and preposterous news stories, classified ads, local business features and headlines that seemed to have been typed while asleep, it skewered the banal madness of small-town existence, perfectly encapsulating the British national character. Framley's strange yet familiar community – stuffed with its own cast, insane geography and rich local history – struck a chord with those who recognised their own home towns in its reflection. The website was loved and shared by an eager public as well as famous fans from Little Britain, The Simpsons and the Cambridge Centre for Theoretical Cosmology (Professor Stephen Hawking was Framley enthusiast). Marking the twentieth anniversary of the website's first appearance *The Incomplete Framley Examiner* combines the pages of the original book, published in 2002, with all the pages published online in the years since and brand new material for a bigger,

more luxurious, toilet-proof compendium for the annals of history.

Aurora Monster Scenes Dennis L. Prince 2014-05-05 The story of Aurora Plastic Corporation's controversial Monster Scenes model kits from 1971. They raised cries of outrage, prompted protests, and ultimately toppled the once-proud hobby and toy company.

Infinite Jest David Foster Wallace 2009-04-13 A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

Methland Nick Reding 2010-06-03 Traces the efforts of a small Iowa community to counter the pervasiveness of crystal methamphetamine, in an account that offers insight into the drug's appeal while chronicling the author's numerous visits with the town's doctor, the local prosecutor and a long-time addict. Reprint. A best-selling book.

The Rapture of the Nerds Cory Doctorow 2012-09-04 A tale

set at the end of the twenty-first century finds the planet's divided hominid population subjected to the forces of a splintery metaconsciousness that inundates networks with plans for cataclysmic technologies, prompting an unwitting jury member to participate in a grueling decision.

Autonomous Driving Markus Maurer 2016-05-21 This book takes a look at fully automated, autonomous vehicles and discusses many open questions: How can autonomous vehicles be integrated into the current transportation system with diverse users and human drivers? Where do automated vehicles fall under current legal frameworks? What risks are associated with automation and how will society respond to these risks? How will the marketplace react to automated vehicles and what changes may be necessary for companies? Experts from Germany and the United States define key societal, engineering, and mobility issues related to the automation of vehicles. They discuss the decisions programmers of automated vehicles must make to enable vehicles to perceive their environment, interact with other road users, and choose actions that may have ethical consequences. The authors further identify expectations and concerns that will form the basis for individual and societal acceptance of autonomous driving. While the safety benefits of such vehicles are tremendous, the authors demonstrate that these benefits will only be achieved if vehicles have an appropriate safety concept at the heart of their design. Realizing the potential of automated vehicles to reorganize traffic and transform mobility of people and goods requires similar care in the design of vehicles and networks. By covering all of these topics, the book aims to provide a current, comprehensive, and scientifically sound treatment of the emerging field of

"autonomous driving".

Styrene Modeling Bob Hayden 2000

The Time Traveler's Wife Audrey Niffenegger 2021-04-30 A most untraditional love story, this is the celebrated tale of Henry DeTamble, a dashing, adventuresome librarian who inadvertently travels through time, and Clare Abshire, an artist whose life takes a natural sequential course. Henry and Clare's passionate affair endures across a sea of time and captures them in an impossibly romantic trap that tests the strength of fate and basks in the bonds of love. "Niffenegger's inventive and poignant writing is well worth a trip" (Entertainment Weekly).

Nobody Gets Out Alive Leigh Newman 2022-04-12 Named a MOST ANTICIPATED book by Vogue, Literary Hub, The Millions, Good Housekeeping, and Oprah Daily From the prizewinning, debut fiction author: an exhilarating virtuosic story collection about women navigating the wilds of male-dominated Alaskan society. Set in Newman's home state of Alaska, *Nobody Gets Out Alive* is a collection of dazzling, courageous stories about women struggling to survive not just grizzly bears and charging moose but the raw, exhausting legacy of their marriages and families. In "Howl Palace"—winner of The Paris Review's Terry Southern Prize, a Best American Short Story, and Pushcart Prize selection—an aging widow struggles with a rogue hunting dog and the memories of her five ex-husbands while selling her house after bankruptcy. In the title story, "Nobody Gets Out Alive," newly married Katrina visits her hometown of Anchorage and blows up her own wedding reception by flirting with

the host and running off with an enormous mastodon tusk. Alongside stories set in today's Last Frontier—rife with suburban sprawl, global warming, and opioid addiction—Newman delves into remote wilderness of the 1970s and 80s, bringing to life young girls and single moms in search of a wilder, freer, more adventurous America. The final story takes place in a railroad camp in 1915, where an outspoken heiress stages an elaborate theatrical in order to seduce the wife of her husband's employer, revealing how this masterful storyteller is "not only writing unforgettable, brilliantly complex characters, she's somehow inventing souls" (Kimberly King Parsons, author of *Black Light*).

The Uninhabitable Earth David Wallace-Wells 2020 "It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible. In California, wildfires now rage year-round, destroying thousands of homes. Across the US, "500-year" storms pummel communities month after month, and floods displace tens of millions annually. This is only a preview of the changes to come. And they are coming fast. Without a revolution in how billions of humans conduct their lives, parts of the Earth could become close to uninhabitable, and other parts horrifically inhospitable, as soon as the end of this century. In his travelogue of our near future, David Wallace-Wells brings into stark relief the climate troubles that await -- food shortages, refugee emergencies, and other crises that will reshape the globe. But the world will be remade by warming in more profound ways as well, transforming our politics, our culture, our relationship to technology, and our sense of history. It will be all-encompassing, shaping and

distorting nearly every aspect of human life as it is lived today. Like *An Inconvenient Truth* and *Silent Spring* before it, *The Uninhabitable Earth* is both a meditation on the devastation we have brought upon ourselves and an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a single generation"--

Austerlitz W.G. Sebald 2011-12-06 Austerlitz, the internationally acclaimed masterpiece by "one of the most gripping writers imaginable" (The New York Review of Books), is the story of a man's search for the answer to his life's central riddle. A small child when he comes to England on a Kindertransport in the summer of 1939, one Jacques Austerlitz is told nothing of his real family by the Welsh Methodist minister and his wife who raise him. When he is a much older man, fleeting memories return to him, and obeying an instinct he only dimly understands, he follows their trail back to the world he left behind a half century before. There, faced with the void at the heart of twentieth-century Europe, he struggles to rescue his heritage from oblivion.

Let's Pretend This Never Happened Jenny Lawson 2012-04-17 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

The Most Beautiful Roof in the World Kathryn Lasky 1997 Describes the work of Meg Lowman in the rainforest canopy, an area unexplored until the last ten years and home to previously unknown species of plants and animals.

Girl in Translation Jean Kwok 2011-05-03 From the author of *Searching for Sylvie Lee*, the iconic, New York Times bestselling debut novel that introduced an important Chinese-American voice with an inspiring story of an immigrant girl forced to choose between two worlds and

two futures. When Kimberly Chang and her mother emigrate from Hong Kong to Brooklyn squalor, she quickly begins a secret double life: exceptional schoolgirl during the day, Chinatown sweatshop worker in the evenings.

Disguising the more difficult truths of her life—like the staggering degree of her poverty, the weight of her family's future resting on her shoulders, or her secret love for a factory boy who shares none of her talent or ambition—Kimberly learns to constantly translate not just her language but herself back and forth between the worlds she straddles. Through Kimberly's story, author Jean Kwok, who also emigrated from Hong Kong as a young girl, brings to the page the lives of countless immigrants who are caught between the pressure to succeed in America, their duty to their family, and their own personal desires, exposing a world that we rarely hear about. Written in an indelible voice that dramatizes the tensions of an immigrant girl growing up between two cultures, surrounded by a language and world only half understood, *Girl in Translation* is an unforgettable and classic novel of an American immigrant—a moving tale of hardship and triumph, heartbreak and love, and all that gets lost in translation.

Artful Teaching David M. Donahue 2010 Describes how the arts provide an entry point for gaining insight into why and how students learn. It includes rich and lively examples of public school teachers integrating visual arts, music, drama, and dance with subject matter, including English, social studies, science, and mathematics to provide a deeper understanding of why and how to use the arts every day, in every school, to reach every child.

The Disappearing Spoon Sam Kean 2010-07-12 From New York

Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?* The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. THE DISAPPEARING SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery—from the Big Bang through the end of time. *Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

A Little Life Hanya Yanagihara 2015-03-10 NATIONAL BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful

depiction of love in the twenty-first century. A NATIONAL BOOK AWARD FINALIST • A MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara's stunning novel is about the families we are born into, and those that we make for ourselves. Look for Hanya Yanagihara's new novel, *To Paradise*, coming in January 2022.

A \$500 House in Detroit Drew Philp 2017-04-11 A young college grad buys a house in Detroit for \$500 and attempts to restore it—and his new neighborhood—to its original glory in this “deeply felt, sharply observed personal quest to create meaning and community out of the fallen...A standout” (Kirkus Reviews, starred review). Drew Philp, an idealistic college student from a working-class Michigan family, decides to live where he can make a difference. He sets his sights on Detroit, the failed metropolis of abandoned buildings, widespread poverty, and rampant crime. Arriving with no job, no friends, and no money, Philp buys a ramshackle house for five hundred dollars in the east side neighborhood known as Poletown. The roomy Queen Anne he now owns is little more than a clapboard shell on a crumbling brick foundation, missing windows, heat, water, electricity, and a functional roof. *A \$500 House in Detroit* is Philp's raw and earnest account of rebuilding everything

but the frame of his house, nail by nail and room by room. “Philp is a great storyteller...[and his] engrossing” (Booklist) tale is also of a young man finding his footing in the city, the country, and his own generation. We witness his concept of Detroit shift, expand, and evolve as his plan to save the city gives way to a life forged from political meaning, personal connection, and collective purpose. As he assimilates into the community of Detroiters around him, Philp guides readers through the city's vibrant history and engages in urgent conversations about gentrification, racial tensions, and class warfare. Part social history, part brash generational statement, part comeback story, *A \$500 House in Detroit* “shines [in its depiction of] the ‘radical neighborliness’ of ordinary people in desperate circumstances” (Publishers Weekly). This is an unforgettable, intimate account of the tentative revival of an American city and a glimpse at a new way forward for generations to come.

The Cardboard Kingdom Chad Sell 2018-06-05 Perfect for fans of Raina Telgemeier, *Awkward*, and *All's Faire* in Middle School, this graphic novel follows a neighborhood of kids who transform ordinary cardboard into fantastical homemade costumes as they explore conflicts with friends, family, and their own identity. “A breath of fresh air, this tender and dynamic collection is a must-have.” --Kirkus, Starred Welcome to a neighborhood of kids who transform ordinary boxes into colorful costumes, and their ordinary block into cardboard kingdom. This is the summer when sixteen kids encounter knights and rogues, robots and monsters--and their own inner demons--on one last quest before school starts again. In the *Cardboard Kingdom*, you can be anything you want to be--imagine that! *The Cardboard Kingdom* was

created, organized, and drawn by Chad Sell with writing from ten other authors: Jay Fuller, David DeMeo, Katie Schenkel, Kris Moore, Molly Muldoon, Vid Alliger, Manuel Betancourt, Michael Cole, Cloud Jacobs, and Barbara Perez Marquez. The Cardboard Kingdom affirms the power of imagination and play during the most important years of adolescent identity-searching and emotional growth. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS * THE NEW YORK PUBLIC LIBRARY * SCHOOL LIBRARY JOURNAL * A TEXAS BLUEBONNET 2019-20 MASTER LIST SELECTION "There's room for everyone inside The Cardboard Kingdom, where friendship and imagination reign supreme." --Ingrid Law, New York Times bestselling author of Savvy "A timely and colorful graphic novel debut that, like its many offbeat but on-point characters, marches to the beat of its own cardboard drum." --Tim Federle, award-winning author of Better Nate Than Ever

The Monster of Florence Douglas Preston 2008-06-10 In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller *The Lost City of the Monkey God* presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become

targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of being the Monster of

Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide-and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.
