Lost Restaurants of Fort Lauderdale Todd L. Bothel 2020-08-24 So many iconic Fort Lauderdale restaurants have come and gone. From steakhouses to floating eateries and a doughnut shop that catered to a strictly adult audience, these dining destinations served up everything from gourmet seafood to post-beach chill food. Here, you can have another slice at Pizio’s Drive-Inn, another heaping plate of pasta at Tina’s Spaghetti House, a guilt-free brandy snapp at Fred Wenner’s and a final long night at Porky’s Hideaway. From the snow crab bisque at Mango’s to the key lime baked Alaska from The Caves, authors Todd Bothel and Dan Santoro also serve up vintage recipes that allow readers to re-create classic dishes from these beloved Fort Lauderdale institutions.

Ho-Ho-Homicide Kaitlyn Dunnett 2014-06-26 This “enjoyable” Maine-set mystery “skillfully uses misdirection to keep the reader guessing to the end” (Publishers Weekly). Business is booming at the Scottish Emporium in Moosetookalook, Maine, and Liss MacCrimmon Ruskin couldn’t be happier—or busier. A romantic getaway at a rustic Christmas tree farm is just what she needs. But the property’s mysterious past has her feeling less than merry . . . Liss is surprised when an old friend asks her to spend a week at the Christmas tree farm she just inherited. Realizing it’s a perfect chance for her and her husband, Dan, to get away, Liss happily accepts and packs her bags for the tiny town of New Boston. Upon their arrival, they’re greeted by a ramshackle farmhouse and unfriendly townsfolk. It’s hardly the idyllic vacation locale they hoped for, especially when needling neighbors raise questions about the farm’s dark history. Who was the man whose body was found neatly netted in a shipment of Scotch pine? Why did the owner vanish into thin air? And why are the trees growing so close together, forming a maze more twisted than a Celtic knot? The rumors pile up faster than snowdrifts in a blizzard, and something even more scandalous than murder hides beneath the town’s humdrum façade. When a series of “accidents” strikes the farm, she’ll have to spring into action faster than a Highland Fling to find the killer lurking among the pines—before she ends up in a pine box herself. . . . “An enjoyable small-town Christmas cozy.” —Library Journal “Fans of Carolyn Hart’s Death on Demand series will enjoy this.” —Booklist

Locked Up Caroline Elwood-Stokes 2020-06-16 In 2013, I decided to carry out research into the reasons why professional footballers turn to crime either during or after the end of their career on the pitch. This research coincided with the work I was doing at the time with my Organisation Football’s Awareness of Mental Health. I wanted to know if a professional football career contributed towards the crime they had committed and vice versa, I wanted to know what made the mind tick within a professional player. Having wrote to every single Prison in the UK asking if there was any professional footballers behind bars in their facility, I eventually found one in the North of England. My letter was passed on to the player who’s name has been changed for the purpose of this book I first wrote to Jacob introducing myself and to introduce the work that I was doing around mental health within football. Jacob did reply almost immediately and we exchanged several letters to and from his prison cell. After writing back to him, there was a longer wait than usual for his reply and I wasn’t certain if he wanted to continue talking or not but I decided to send the previous letter anyway. Eventually, I did receive a letter from Jacob who apologised for the delay. I explained that there really was no need to apologise, it was his choice to talk to me after all Jacob had mentioned in his letter that he was still attending sessions with his counsellor in which I could connect with as I found my own experience with my counsellor extremely useful when I lost my own football career. Jacob explained that he wished he had sought counselling much sooner than he had, I also wish I had spoken to my counsellor sooner instead of waiting more than a decade. My counsellor, Penny, basically saved my life. I also owe my life to my GP for his tremendous support. Even til this day, he continues to be very understanding. Jacob described how he would have ‘down’ moments, I was especially keen to learn more about the environment Jacob was in. I guessed that being in his cell was a constant reminder of his darker days. I was eager to ask Jacob, What did he do when he had one of those down moments? Could he talk to his counsellor any time he wanted or needed too? How did the other prisoners treat him? Had he ever received negative treatment because he was a Footballer?

The visit fits right in with his plan to solve the century-old mystery—but it turns out that his host isn’t a fan of books, writers, or people who don’t mind their own business. Soon Dan is living the dangers of the Old West firsthand—tracked through the savage wilderness by vicious killers straight out of the most violent pages of his stories. However, his enemies have made one serious mistake: Sheridan is no pencil-pushing greenhorn, and killing him won’t be as easy as they think.

Slavic Witchcraft Natasha Helvin 2019-08-06 A practical guide to the ancient magical tradition of Russian sorcery and Eastern Slavic magical rites • Offers step-by-step instructions for more than 300 spells, incantations, charms, amulets, and practical rituals for love, career success, protection, healing, divination, communicating with spirits and ancestors, and other challenges and situations • Reveals specific places of magical power in the natural world as well as the profound power of graveyards and churches for casting spells • Explores the folk history of this ancient magical tradition, including how the pagan gods gained new life as Eastern Orthodox saints, and shares folktales of magical beings, including sorceresses shapeshifting into animals and household objects Passed down through generations, the Slavic practice of magic, witchcraft, and sorcery is still alive and well in Russia, the Ukraine, and Belarus, as well as the Balkans and the Baltic states. There are still witches who whisper upon tied knots to curse or heal, sorceresses who shapeshift into animals or household objects, magicians who cast spells for love or good fortune, and common folk who seek their aid for daily problems big and small. Sharing the extensive knowledge she inherited from her mother and grandmother, including spells of the “Old Believers” previously unknown to outsiders, Natasha Helvin explores in detail the folk history and practice of Russian sorcery and Eastern Slavic magical rites, offering a rich compendium of more than 300 spells, incantations, charms, and practical rituals for love, relationships, career success, protection, healing, divination, averting the evil eye, communicating with spirits and ancestors, and a host of other life challenges and daily situations, with complete step-by-step instructions to ensure your magical goals are realized. She explains how this tradition has only a thin Christian veneer over its pagan origins and how the Slavic pagan gods and goddesses acquired new lives as the saints of the Eastern Orthodox Church. She details how the magical energy for these spells and rituals is drawn from the forces of nature, revealing specific places of power in the natural world as well as the profound power of graveyards and churches for casting spells. She explores the creation of amulets and talismans, the importance of icons, and the proper recital of magical language and actions during spells, as well as how one becomes a witch or sorceress. Offering a close examination of these two-thousand-year-old occult practices, Helvin also includes Slavic folk advice, adapted for the modern era. Revealing what it means to be a Slavic witch or sorceress, and how this vocation pervades all aspects of life, she shows that each of us has magic within that we can use to take control of our own destiny.
