Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Investitude ,2008-09-01

Slow Sculpture Theodore Sturgeon,2013-04-23 Theodore Sturgeon was a model for his friend Kurt Vonnegut's legendary character Kilgore Trout, and his work was an acknowledged influence on important younger writers from Harlan Ellison and Robert Silverberg to Stephen King and Octavia Butler. His work has long been deeply appreciated for its sardonic sensibility, dazzling wordplay, conceptual brilliance, memorable characters, and unsparing treatment of social issues such as sex, war, and marginalized members of society. Sturgeon also authored several episodes of the original Star Trek TV series and originated the Vulcan phrase "Live long and prosper." This twelfth volume of North Atlantic's ambitious series reprinting his complete short stories includes classic works such as the award-winning title story, which won both the Hugo and Nebula Awards in 1971, as well as "Case and the Dreamer," a well-crafted tale of an encounter with a trans-spatial being that is also a meditation on love, and "The [Widget], the [Wadget], and Boff," a creative exploration of the human ability to achieve self-realization in response to crisis. The book includes a new Foreword, an illuminating section of Story Notes, and a comprehensive index for the entire series.

Introducing Transformational Grammar Jamal Ouhalla,1999 The first edition of this book quickly established itself as one of the clearest and most readable introductions to generative grammar. Together with a complete introduction to the principles of Universal Grammar, it traced the major shifts of perspective that have influenced the developments of the theory over the last forty years. This revised and expanded new edition introduces students

with no previous training to Transformational Grammar. Covering the framework known as Principles and Parameters as well as the more recent framework known as Minimalism, it includes a range of new exercises, making it ideal for students at all levels.

Edinburgh Medical Journal Anonymous,2022-02-14 Reprint of the original, first published in 1867.

Information and Communication Technology and Public Innovation V. J. J. M. Bekkers,Hein van Duivenboden,Marcel Thaens,2006 The modernization of public administration is a recurring theme on the political and public agenda in many countries. This book demonstrates how public administration organizations try to adapt to changing circumstances in their environment in order to secure their legitimacy, presenting a number of case studies.

Badenheim Nineteen-thirty-nine Aharon Apelfeld,1980 A tale of Europe in the days just before the war. It tells of a small group of Jewish holiday makers in the resort of Badenheim in the Spring of 1939. Hitler's war looms, but Badenheim and its summer residents go about life as normal.

Geometric Magic Squares Lee C.F. Sallows,2013-10-03 This innovative work replaces magic square numbers with two-dimensional forms. The result is a revelation that traditional magic squares are now better seen as the one-dimensional instance of this self-same geometrical activity.

The English Teacher's Handbook T. C. Baruah,1991-06-01

Age of Puzzles: Puzzle Fields Serhiy Grabarchuk,2019-07-13 This book is Volume 2 of a wide puzzle-book-web project entitled Age of Puzzles. The entire project is intended to present most original and interesting puzzles created by myself and many other puzzle folks, and to do this in a tight connection to all historical achievements in the Puzzle World. Another, but no less important intention is to show to the readers all presented puzzles in such a way that they will evoke their interest to make and solve these puzzles. For this, many puzzles are supplied with big-sized drawings ready to be photocopied in color, black-n-white, or gray scale, and then to be cut out. Also, numerous clear diagrams allow the easy making of the chosen puzzles, with use just some simple materials at hand.

Romano-Celtic Mask Puzzle Padlocks Jerry Slocum,Dic Sonneveld,2017-04-30 This book presents a little-known and ingenious artefact of the Roman world: a small puzzle padlock whose front plate bears a face or 'mask' of 'Celtic' style.

Rex Antarctica Stéphane Louis,Thomas Martinetti,Christophe Martinolli,Jose Malaga,2019-07-17 One instance. One disaster. One survivor.
