Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Saville David Storey, 2018-08-30 WINNER OF THE 1976 BOOKER PRIZE 'If you are looking for an intellectual and artistic honesty, a patient thoughtfulness and detailed insight into other lives...this novel will delight and move you' Guardian In spite of his brilliance, Colin Saville doesn't fit in easily at the grammar school in town - 1940s middle-class society is so different from the mining village of his childhood. He makes tentative friendships and meets girls over long, empty summers but feels like an outsider with them and, increasingly, at home. Following the pattern of David Storey's own early years, Saville is a remarkably honest portrait of the tensions between parents and children, the difficulties of making one's own way in life, and the social divisions that persist still.

Paraja (Oip) Gopinath Mahanty, 1993-09 Written originally in Oriya in 1945 and translated here for the first time, Paraja is a classic of modern Indian fiction. It tells on an epic scale the story of a tribal patriarch and his family in the mountainous jungles of Orissa. The slow decline in the fortunes of this family - from the quiet prosperity of a subsistence livelihood towards bondage to the local moneylender - is both poignantly individualized as well as symbolic of the erosion of a whole way of life within peasant communities. The novel, furthermore, transcends what it documents because its characters are not merely primitive tribesmen ensnared by a predatory moneylender. Mahanty's protagonists are also quintessentially men and women waging heroic but futile war against a hostile universe. As the citation of the Jnanpith Award of 1974 put it - 'in Mahanty's hands the social is lifted to the level of the metaphysical.'

The fourth edition enriches every chapter with new information on institutions contributing to the sources and enforcement of international law, including the World Trade Organization, the International Criminal Tribunals for Yugoslavia and Rwanda, the prospective International Criminal Court, and organizations in the fields of law of the sea and arms control.
