Silent Lucidity Tiffany Roberts 2019-05-28 She didn't ask to be abducted. She didn't ask to be torn away from her simple, happy life on Earth. She didn't ask to become a pet to a powerful alien merchant. Abella hasn't allowed four years of slavery to break her spirit, but after numerous failed escape attempts, the chances of making it home to her family seem bleak. That is until she shares a passionate, forbidden dance with a silent stranger. His piercing silvery eyes haunt her with a taste of hope. Intense, mysterious, and deadly, Tenthil may be the key to Abella's freedom. But as she finds herself increasingly drawn to him, she realizes the truth--Tenthil has no intention of taking her home. Will he be her salvation, or will she trade one master for another?----**Warning: This book contains sexual content and violence.**

digitalSTS Janet Vertesi 2019-05-07 Scholars across the humanities, social sciences, and information sciences are grappling with how best to study virtual environments, use computational tools in their research, and engage audiences with their results. Classic work in science and technology studies (STS) has played a central role in how these fields analyze digital technologies, but many of its key examples do not speak to today's computational realities. This groundbreaking collection brings together a world-class group of contributors to refresh the canon for contemporary digital scholarship. In twenty-five pioneering

and incisive essays, this unique digital field guide offers innovative new approaches to digital scholarship, the design of digital tools and objects, and the deployment of critically grounded technologies for analysis and discovery. Contributors cover a broad range of topics, including software development, hackathons, digitized objects, diversity in the tech sector, and distributed scientific collaborations. They discuss methodological considerations of social networks and data analysis, design projects that can translate STS concepts into durable scientific work, and much more. Featuring a concise introduction by Janet Vertesi and David Ribes and accompanied by an interactive microsite, this book provides new perspectives on digital scholarship that will shape the agenda for tomorrow's generation of STS researchers and practitioners.

Paper Toys Jennifer Sanderson 2014-07-01 This easy to follow introduction to the art of paper-folding will teach you how to make classic origami models and brand new crafts. Each fun project is illustrated with clear, step-by-step photographs. Inside you will learn how to make lots of different paper toys, from "talking" animal puppets to fun fortune tellers.

Sock Puppet Madness Marty Allen 2013 It's a simple equation: old sock + craft foam x glue = a collection of the most amazing incredible, outrageous, awe-inspiring sock puppets you've ever seen. Sock Puppet Madness includes 35 of the most fun, outlandish, off-the-wall and enchanting characters on the planet, and by following the simple step-by-step instructions, you'll be able to put together your own puppet in no time. Take Bawston the ornery cat puppet, for example. He's a baseball fan with a questionable temper, so watch what you say to him. A more friendly guy is Sebastian Metaphor. He may seem aloof with his hipster appearance but behind those sleepy eyes lies a heart of gold. If you're a sophisticated sort why not have a crack at Penelope Durtlinger, an heiress to a small fortune with an insatiable thirst for power. All the puppets are so simple to create, using just a few readily available materials that cost next to nothing - plus everyone has an old sock they can use, right? So what are you waiting for? Buy this now and make your own collection of sock puppets and join in the fun. And once you've made all the projects, why not create your own characters based on friends and family, too.

Gaga Feminism J. Jack Halberstam 2012-09-18 A roadmap to sex and gender for the twenty-first century, using Lady Gaga as a symbol for a new kind of feminism Why are so many women single, so many men resisting marriage, and so many gays and lesbians having babies? In *Gaga Feminism: Sex, Gender, and the End of Normal*, J. Jack Halberstam answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real lived experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos! With equal parts edge and wit, Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes, to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century, that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender.

Anatomy Coloring Book Coloring Book Coloring Book for Adults 2016-07-19 Cover design by kimaya "Anatomy Coloring Book is absolutely a growing trend and consumers are really taking to the idea" We live in a sea of energy where color is working within us. It shines within our divine self, and radiates upon us from the sun. Research and observation has shown us that specific colors bring balance to our physical and emotional systems. Chromotherapy can easily be used as an alternative to Chinese acupuncture, achieving the same results in unblocking meridians without the discomfort of needles used in acupuncture.

The Queer Art of Failure Judith Halberstam 2011-09-19 The Queer Art of Failure is about finding alternatives - to conventional understandings of success in a heteronormative, capitalist society; to academic disciplines that confirm what is already known according to approved methods of knowing; and to cultural criticism that has extensively theorized hegemony but paid little attention to counter-hegemony. Judith Halberstam proposes "low theory" as a means of recovering ways of being and forms of knowledge not legitimized by existing systems and institutions. Low theory is derived from eccentric archives. It runs the risk of not being taken seriously. It entails a willingness to fail and to lose one's way. Tacking back and forth between high theory and low theory, high culture and low culture, Halberstam looks for the unexpected and subversive in popular culture, avant-garde performance, and queer art. She pays particular attention to animated children's films, contending that new forms of animation, especially CGI, have generated narratives filled with unexpected encounters between the childish, the transformative, and the queer. Dismantling contemporary logics of success, Halberstam demonstrates that failure sometimes offers more creative, cooperative, and surprising ways of being in the world.

Ours to Hack and to Own Trebor Scholz 2017-08-08 With the rollback of net neutrality, platform cooperativism becomes even more pressing: In one volume, some of the most cogent thinkers and doers on the subject of the cooptation of the Internet, and how we can resist and reverse the process.

Memes in Digital Culture Limor Shifman 2013-10-04 Taking "Gangnam Style" seriously: what Internet

memes can tell us about digital culture. In December 2012, the exuberant video "Gangnam Style" became the first YouTube clip to be viewed more than one billion times. Thousands of its viewers responded by creating and posting their own variations of the video—"Mitt Romney Style," "NASA Johnson Style," "Egyptian Style," and many others. "Gangnam Style" (and its attendant parodies, imitations, and derivations) is one of the most famous examples of an Internet meme: a piece of digital content that spreads quickly around the web in various iterations and becomes a shared cultural experience. In this book, Limor Shifman investigates Internet memes and what they tell us about digital culture. Shifman discusses a series of well-known Internet memes—including "Leave Britney Alone," the pepper-spraying cop, LOLCats, Scumbag Steve, and Occupy Wall Street's "We Are the 99 Percent." She offers a novel definition of Internet memes: digital content units with common characteristics, created with awareness of each other, and circulated, imitated, and transformed via the Internet by many users. She differentiates memes from virals; analyzes what makes memes and virals successful; describes popular meme genres; discusses memes as new modes of political participation in democratic and nondemocratic regimes; and examines memes as agents of globalization. Memes, Shifman argues, encapsulate some of the most fundamental aspects of the Internet in general and of the participatory Web 2.0 culture in particular. Internet memes may be entertaining, but in this book Limor Shifman makes a compelling argument for taking them seriously.

Nature Girl Carl Hiaasen 2006-11-14 Honey Santana—impassioned, willful, possibly bipolar, self-proclaimed "queen of lost causes"—has a scheme to help rid the world of irresponsibility, indifference, and dinnertime sales calls. She's taking rude, gullible Relentless, Inc., telemarketer Boyd Shreave and his less-than-enthusiastic mistress, Eugenie—the fifteen-minute-famous girlfriend of a tabloid murderer—into the wilderness of Florida's Ten Thousand Islands for a gentle lesson in civility. What she doesn't know is that she's being followed by her Honey-obsessed former employer, Piejack (whose mismatched fingers are proof that sexual harassment in the workplace is a bad idea). And he doesn't know he's being followed by Honey's still-smitten former drug-running ex-husband, Perry, and their wise-and-protective-way-beyond-his-years twelve-year-old-son, Fry. And when they all pull up on Dismal Key, they don't know they're intruding on Sammy Tigertail, a half white-half Seminole failed alligator wrestler, trying like hell to be a hermit despite the Florida State coed who's dying to be his hostage . . . Will Honey be able to make a mensch of a "greedhead"? Will Fry be able to protect her from Piejack—and herself? Will Sammy achieve his true Seminole self? Will Eugenie ever get to the beach? Will the Everglades survive the wild humans? All the answers are revealed in the delectably outrageous mayhem that propels this novel to its Hiaasen-of-the-highest-order climax. BONUS: This edition includes an excerpt from Carl Hiaasen's Bad Monkey.

Holly Hobbie's Cookbook Holly Hobbie 1979-01-01 Offers recipes with illustrated instructions for making pancakes, soups, salads, cakes, cookies, and other simple fare.

Deadly Dorian Jocelynn Drake 2018-04-15 Someone is trying to kill Marc Foster. Attempted poisoning was bad enough, but when the would-be killer messes with the brakes on Marc's precious Porsche, the art dealer admits he needs help. He just wasn't expecting help to be quite so dark and sexy. Royce Karras loves his job at Ward Security. He's making up for a lifetime of bad decisions and a bloody past he'd rather forget. But Marc isn't the spoiled rich boy he thought he'd be protecting. Sticking close to Marc as his "boyfriend" gives Royce insight into his toxic family, but it also reveals a brilliant, compassionate man who completely disarms Royce. Against his better judgment, Royce finds himself falling. But can they find a way to make it work when Royce's past threatens to tear their lives apart? Their future hinges on a lost Renaissance painting, six bichon frises, and a pornographic Robin Hood. No worries, right?
