Achtung-Panzer! Heinz Guderian 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A young Chinese girl with silver hair is the Empty One that seems to run things there, and her ex-lover, an Empty One named Zang, has apparently turned against them and may or may not be on Carey's side. In modern times, Kaitlyn and company have also returned to LA because her powers have been growing and she has been having visions that may be telling her how to kill all of the angels. The downside being that they have to find a new one, first--and LA is the only place they know where to do that. Steeped in the LA punk scene in the '80s, Chinatown, sunken suburbs, the ocean and gargantuan things that swim in it, Kill All Angels is everything that fans of Robert Brockway's irreverent humor have been looking for to end the series with a bang. Spinning Side Kick Anita Lahey 2011 Anita Lahey's second collection, Spinning Side Kick,is a hard-knuckled look at the other half. These lively poems mix a girl-about-town cockiness with an all-too-rare emotional honesty about men, love, and relationships. Whether the subject is a one-man chimney demolition, the lifelong fidelity of seahorses, a lover at war in Afghanistan or a kickboxing match, Lahey confronts the enduring disconnect between the sexes in a language that is slangy and quick, punctuated with jabs. She eyes those moments--in a day, in a life--when the normal clues we rely on disappear, shifting the line between domesticity and danger. In Spinning Side Kick, a talented poet returns with sharper aim.

The Empty Ones Robert Brockway 2016-08-30 Following on the heels of Robert Brockway's comedic horror novel The Unnoticeables, The Empty Ones reveals the next chapter in the lives of a few misfits attempting to fight back against the mysterious Unnoticeables. The Empty Ones follows Carey and Randall to London where they go to rescue Gus and fight more of these mysterious angel-like creatures, and stumble on a powerful and unexpected ally. Meanwhile, Kaitlyn, who was very nearly beat when last we saw her, continues her fight into the desert of Mexico and the Southwest US, seeking the mysterious gear cult. Once there, she discovers what the gear cult is really up to: trying to 'pin' the angels to Earth, focus their attention here, and get as much of humanity as possible "solved"--which, in their minds, is akin to being saved--and in the process discovers something incredible about herself. With a snarled lip, The Empty Ones incorporates everything that made The Unnoticeables incredible, but like any good punk band, when you don't think they can get any louder, they somehow turn it up a notch. It's terrifying and hilarious, visceral and insane, chaotic and beautiful. The Vicious Circuit Trilogy The Unnoticeables The Empty Ones Kill All Angels At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Quality Chess Puzzle Book John Shaw 2009-11-15 When I decided to make a chess puzzle book I had many ideas in mind: The puzzles should be challenging but not so difficult that a chessboard is needed they can be solved on the train, plane or wherever you happen to be when you have a few minutes to spare. The positions should be educational with some instructive point to the solution. I have generally stuck to that, but I also selected many puzzles just because they were fun. The positions are all from fairly recent games, so that the reader will not have seen them before in older puzzle books. John Shaw is a chess grandmaster who has been Scottish Chess Champion three times.
