**Who Is She? the Secret History of Rey** Stuart Carapola 2017-11-28 One of the biggest mysteries raised by Star Wars: The Force Awakens is the true identity of the mysterious new heroine, Rey. Left on Jakku by a family who never returned for her, Rey escaped her backwater home planet and used her latent Force powers to defeat Kylo Ren in battle, help destroy the massive Starkiller Base, and track down the legendary Luke Skywalker to the First Jedi Temple on Ahch-To.There's obviously much more to Rey than meets the eye, enough that we're not clear on what her exact connection to the rest of the Star Wars story is. Her family isn't around to give us the answers themselves, but there have been enough theories floating around since the release of Episode VII to both provide some intriguing possibilities and totally confuse the issue. This book explores all the best Rey theories to try and answer the big question...who IS she?
