Web-based Education Anil Aggarwal, 2003-01-01 Successful use of information and communication technologies depends on usable designs that do not require expensive training, accommodate the needs of diverse users and are low cost. There is a growing demand and increasing pressure for adopting innovative approaches to the design and delivery of education, hence, the use of online learning (also called E-learning) as a mode of study. This is partly due to the increasing number of learners and the limited resources available to meet a wide range of various needs, backgrounds, expectations, skills, levels, ages, abilities and disabilities. The advances of new technology and communications (WWW, Human Computer Interaction and Multimedia) have made it possible to reach out to a bigger audience around the globe. By focusing on the issues that have impact on the usability of online learning programs and their implementation, Usability Evaluation of Online Learning Programs specifically fills-in a gap in this area, which is particularly invaluable to practitioners.

Bowie Christopher Sandford, 2009-08-05 Based on interviews with family members, colleagues, lovers, and the previously silent William Burroughs, this unsparing yet evenhanded biography guides the reader through the many personas, crises, and musical metamorphoses of David Bowie—also known as Davy Jones, the Laughing Gnome, Major Tom, Ziggy Stardust, Aladdin Sane, the Thin White Duke, a drug-addled grandfather of punk, actor, art aficionado, political activist, one of rock's most resonant icons, and a totem of modern pop culture. Nowhere else is the man and musician so convincingly deconstructed and so compellingly humanized.

Astronaut Annie Suzanne Slade, 2018-03-06 Brightly List: Best Children's Books of March 2018 Annie's joyful exuberance and her family's whole-hearted support leave no doubt that her dream is within her grasp. This delightful story—with backmatter about women astronauts—encourages young readers to pursue their dreams and reach for the stars. Career Day is approaching, and Annie can't wait to show her family what she's planning to be when she grows up. But, she must keep it a secret until Friday! So curious family members each ask Annie for a clue. Convinced that she'll be a news reporter like he once was, Grandpop gives her his old camera and notebook to use for her presentation. Grandma is sure Annie wants to be a champion baker like her, so she offers a mixing bowl and oven mitts to Annie. Hopeful she'll become the mountain climber he aspired to be, Dad gives Annie an old backpack. Mom presents Annie with a pair of high-top sneakers to pursue Mom's favorite sport in high school -- basketball. Grateful for each gift, Annie cleverly finds a way to use them all to create her Career Day costume. When the big day arrives, Annie finally reveals her out-of-this-world dream to everyone.
