America's War on Sex Marty Klein 2008 President George W. Bush says that, "In our free society, people have the right to choose how they live their lives." But our government and the Religious Right are successfully: - censoring what you read, hear, and see; - limiting your access to contraception; - legislating "good moral values;" - brainwashing

your kids that God hates premarital sex, and that it ruins lives. The Right has politicized private life, expanding the zone of "public" sexuality. This guarantees policies that will worsen social problems and increase personal anxiety, providing "proof" that sexuality is fundamentally negative--so citizens demand more sex-negative policies. With examples ripped from today's headlines, with brutal honesty and a wicked sense of humor, Marty Klein names names, challenges political hypocrisy, and shows the financial connections between government and conservative religious groups that are systematically taking away your rights. And, in the process, changing American society--forever.

Extra-grammatical Morphology in English Elisa Mattiello 2013-01-30 Extra-grammatical morphology is a hitherto neglected area of research, highly marginalised because of its irregularity and unpredictability. Yet many neologisms in English are formed by means of extra-grammatical mechanisms, such as abbreviation, blending and reduplication, which therefore deserve both greater attention and more systematic study. This book analyses such phenomena.

Louder Than Love Jessica Topper 2013-09-17 In this powerful debut novel, a young librarian grieves the loss of her husband...and discovers a love that defies classification. It's been over three years since a train accident made a widow of Katrina Lewis, sending her and her young daughter Abbey back to the suburban town of her youth...the only place that still makes sense. Lauder Lake is the perfect place to hide and heal. Recluse rocker Adrian "Digger" Graves survived the implosion of his music career, but his muse has long lain dormant. Until Kat hires him to play at her library—not on the basis of his hard rock credentials but rather, because of the obscure kids' TV jingle he wrote years ago. In a case of mistaken identity, Adrian stumbles into the lives of Kat and her comically lovable daughter. Using tattoos as a timeline, Adrian unfurls his life for Kat. But as the courtship intensifies, it's unclear whose past looms larger: the widow's or the rocker's. Will their demons ever rest, or will they break these soul mates apart?

A Stolen Life Jaycee Dugard 2011-07-12 A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years On 10 June 1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes.

No one escapes Ted's sharp-shooting wit: from the 'blamers and shamers' who try to turn teacher-bashing into a national pastime to the 'pale policy wonks' in the Department of Education, who issue regular hare-brained initiatives from the mysterious 'Tony Zoffis'. Split into seven issue-focused chapters, this hilarious collection will be a tonic for anyone finding themselves unsure whether to laugh or cry about recent developments in the world of education.
