2009-04-20 A cross-section of the American experience on D-Day Unique perspective from the regimental level that also integrates strategic and tactical considerations Stories of largely forgotten acts of valor G. H. Bennett collects oral histories from

the soldiers of three American regiments and weaves them into an intimate account of the D-Day invasion of June 6, 1944. Widely scattered during its drop into Normandy, the 507th Parachute Infantry Regiment (82nd Airborne Division) stopped the advance of an SS division. The untested 116th Infantry Regiment (29th Infantry Division) landed on bloody Omaha Beach, where it suffered more casualties than any other regiment that day. Meanwhile, the 22nd Infantry Regiment (4th Infantry Division) easily waded ashore on Utah Beach but faced savage fighting as it moved inland.

Reza is an Iranian boy who has just moved to the city with his mother to live with his stepfather and stepbrother. He's terrified that someone will guess the truth he can barely acknowledge about himself. Reza knows he's gay, but all he knows of gay life are the media's images of men dying of AIDS. Judy is an aspiring fashion designer who worships her uncle Stephen, a gay man with AIDS who devotes his time to activism as a member of ACT UP. Judy has never imagined finding romance...until she falls for Reza and they start dating. Art is Judy's best friend, their school's only out and proud teen. The Future of Aging 2010-07-28 Just as the health costs of aging threaten to bankrupt developed countries, this book makes the scientific case that a biological "bailout" could be on the way, and that human aging can be different in the future than it is today. Here 40 authors argue how our improving understanding of the biology of aging and selected technologies should enable the successful use of many different and complementary methods for

ameliorating aging, and why such interventions are appropriate based on our current historical, anthropological, philosophical, ethical, evolutionary, and biological context. Challenging concepts are presented together with in-depth reviews and paradigm-breaking proposals that collectively illustrate the potential for changing aging as never before. The proposals extend from today to a future many decades from now in which the control of aging may become effectively complete. Examples include sirtuin-modulating pills, new concepts for attacking cardiovascular disease and cancer, mitochondrial rejuvenation, stem cell therapies and regeneration, tissue reconstruction, telomere maintenance, prevention of immunosenescence, extracellular

rejuvenation, artificial DNA repair, and full deployment of nanotechnology. The Future of Aging will make you think about aging differently and is a challenge to all of us to open our eyes to the future therapeutic potential of biogerontology.

inhabits his younger mind with spectacular accuracy, sharply evoking an era when Green Shield Stamps, Bob-a-Job week and Whizzer & Chips loomed large, a bus fare was 2p - and children had little power in the face of adult motivation. Here, there are often exquisitely tender recollections of the mother he lost at six years old, of a bereaved family struggling to find its way, and the kicks and confusion of adolescence. Through even the joyous and innocent memories, the pain of Davies's lifelong grief and profound betrayal is unfiltered, searing and beautifully articulated. The number one bestseller and Sunday Times Humour Book of the Year by national treasure Bob Mortimer. 'The most life-affirming, joyful read of the year' - Sunday Times 'Winningly heartfelt' - The Guardian 'A triumph' - Daily Mail Bob Mortimer's life was trundling along happily until suddenly in 2015 he was diagnosed

with a heart condition that required immediate surgery and forced him to cancel an upcoming tour. The episode unnerved him, but forced him to reflect on his life so far. This is the framework for his hilarious and moving memoir, *And Away...* Although his childhood in Middlesbrough was normal on the surface, it was tinged by the loss of his dad, and his own various misadventures (now infamous from his appearances on *Would I Lie to You?*), from burning down the family home to starting a short-lived punk band called Dog Dirt. As an adult, he trained as a solicitor and moved to London. New Yorkers: A City and its People in Our Time Craig Taylor 2021-03-23

Winner of the 2021 Brooklyn Public Library Literary Prize A symphony of contemporary New York through the magnificent words of its people—from the best-selling author of *Londoners*. In the first twenty years of the twenty-first century, New York City has been convulsed by terrorist attack, blackout, hurricane, recession, social injustice, and pandemic. *New Yorkers* weaves the voices of some of the city's best talkers into an indelible portrait of New York in our time—and a powerful

hymn to the vitality and resilience of its people. Best-selling author Craig Taylor has been hailed as “a peerless journalist and a beautiful craftsman” (David Rakoff), acclaimed for the way he “fuses the mundane truth of conversation with the higher truth of art” (Michel Faber). In the wake of his celebrated book *Londoners*, Taylor moved to New York and spent years meeting regularly with hundreds of New Yorkers as diverse as the city itself. *New Yorkers* features 75 of the most remarkable of them, their fascinating true tales arranged in thematic sections that follow Taylor's growing engagement with the city. Here are the uncelebrated people who propel New York each day—bodega cashier, hospital nurse, elevator repairman, emergency dispatcher. Here are those

who wire the lights at the top of the Empire State Building, clean the windows of Rockefeller Center, and keep the subway running. Here are people whose experiences reflect the city's fractured realities: the mother of a Latino teenager jailed at Rikers, a BLM activist in the wake of police shootings. And here are those who capture the ineffable feeling of New York, such as a balloon handler in the Macy's Thanksgiving Day Parade or a security guard at the Statue of Liberty. Vibrant and bursting with life, *New Yorkers* explores the nonstop hustle to make it; the pressures on new immigrants, people of color, and the poor; the constant battle between loving the city and wanting to leave it; and the question of who gets to be considered a "New Yorker." It captures the strength of

an irrepressible city that—no matter what it goes through—dares call itself the greatest in the world.

Modern Romance Aziz Ansari 2016-06-14

The #1 New York Times Bestseller "An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives." —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of *Master of None* and one of this generation's sharpest comedic voices. At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems

standard now, but it's wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are staggering. So why are so many people frustrated? Some of our problems are unique to our time. "Why did this guy just text me an emoji of a pizza?" "Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!" "My girlfriend just got a message from some dude named Nathan. Who's Nathan? Did he just send her a photo of his penis? Should I check just to be sure?" But the transformation of our romantic lives can't be explained by technology alone. In a short period of time, the

whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere

from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world's leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we've seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

Guardian _____ Emily Ratajkowski is an acclaimed model and actress, an engaged political progressive, a formidable entrepreneur, a global social media phenomenon, and now, a writer. Rocketing to world fame at age twenty-one, Ratajkowski sparked both praise and furor with the provocative display of her body as an unapologetic statement of feminist empowerment. The subsequent evolution in her thinking about our culture's commodification of women is the subject of this book. My Body is a profoundly personal exploration of feminism, sexuality, and power, of men's treatment of women and women's rationalizations for accepting that treatment. These essays chronicle moments from Ratajkowski's life while investigating the culture's

fetishization of girls and female beauty, its obsession with and contempt for women's sexuality, the perverse dynamics of the fashion and film industries, and the grey area between consent and abuse. Nuanced, unflinching, and incisive, My Body marks the debut of a fierce writer brimming with courage and intelligence.

All The Young Men Ruth Coker Burks
2020-12-01 In 1986, 26-year old Ruth visits a friend at the hospital when she notices that the door to one of the hospital rooms is painted red. She witnesses nurses drawing straws to see who would tend to the patient inside, all of them reluctant to enter the room. Out of impulse, Ruth herself enters the quarantined space and immediately begins to care for the young man who cries for his mother in the last moments of his life. Before she can even process what she's done, word spreads in the community that Ruth is the only person willing to help these young men afflicted by AIDS, and is called upon to nurse them. As she forges deep friendships with the men she helps, she works tirelessly to find

them housing and jobs, even searching for funeral homes willing to take their bodies – often in the middle of the night. She cooks meals for tens of people out of discarded food found in the dumpsters behind supermarkets, stores rare medications for her most urgent patients, teaches sex-ed to drag queens after hours at secret bars, and becomes a beacon of hope to an otherwise spurned group of ailing gay men on the fringes of a deeply conservative state. Throughout the years, Ruth defies local pastors and nurses to help the men she cares for: Paul and Billy, Angel, Chip, Todd and Luke. Emboldened by the weight of their collective pain, she fervently advocates for their safety and visibility, ultimately advising Governor Bill Clinton on the national HIV-AIDS crisis. 2021-07-08 READERS LOVE CULT FOLLOWING 'The most important memoir of this year' 'One of the most moving, powerful and profound memoirs I have ever read' 'A gripping, moving book from a brilliant, brave writer . . . I devoured this book' 'Truly amazing... couldn't recommend it more' 'Totally blown away... dare I say it's way better than Educated by Tara Westover' Bexy Cameron was in her late twenties when the dark events of her past finally caught up

with her. Bexy was born into the Children of God, one of the world's most notorious cults. She was 9 years old when she experienced her first exorcism, held in a secret commune deep in the British countryside. At 10, she was placed on Silence Restriction, forced to be silent for a whole year. Even from an early age, she knew what was happening was not right. At the age of 15, she escaped, leaving behind her parents and 11 siblings. Haunted by her past, Bexy set off on a road trip across America, embedding herself in the underbelly of religious cults, living with children who, like her, are born into the worlds their parents and cult leaders have created for them. It is a journey of meth cooks, monks, Jesus Freaks, soap-making Armageddonists, surveillance vans and

finally, confronting her parents and herself. 'A brave and deeply moving story of fierce spirit' - Dakota Johnson

adventure with which she confronts her life ... is the stuff of bestsellers' Joan Bakewell, Guardian Sheila Hancock looked like she was managing old age. She had weathered and even thrived in widowhood, taking on acting roles that would have been demanding for a woman half her age. She had energy, friends, a devoted family, a lovely home. She could still remember her lines. So why, at 89, having sailed past supposedly disturbing milestones – 50, 70 even 80 – without a qualm, did she suddenly feel so furious? Shocking diagnoses, Brexit and bereavement seemed to knock her from every quarter. And that was before lockdown. Home alone, classified as 'extremely vulnerable', she finds herself yelling at the TV and talking to the pigeons. But she can at least

take a good long look at life – her work and family, her beliefs (many of them the legacy of her wartime childhood) and, uncomfortable as it might be to face, her future. In *Old Rage*, one of Britain's best loved actors opens up about her ninth decade. Funny, feisty, honest, she makes for brilliant company as she talks about her life as a daughter, a sister, a mother, a widow, an actor, a friend and looks at a world so different from the wartime world of her childhood. And yet – despite age, despite rage – she finds there are always reasons for joy.

Miss Dior Justine Picardie 2021-11-09
"Remarkable" –Hamish Bowles, Vogue
The overdue restoration of Catherine Dior's extraordinary life, from her brother's muse to Holocaust survivor
When the French designer Christian Dior presented his first collection

in Paris in 1947, he changed fashion forever. Dior's "New Look" created a striking, romantic vision of femininity, luxury, and grace, making him—and his last name—famous overnight. One woman informed Dior's vision more than any other: his sister, Catherine, a Resistance fighter, concentration camp survivor, and cultivator of rose gardens who inspired Dior's most beloved fragrance, Miss Dior. Yet the story of Catherine's remarkable life—so different from her famous brother's—has never been told, until now. Drawing on the Dior archives and extensive research, Justine Picardie's *Miss Dior* is the long-overdue restoration of Catherine Dior's life. The siblings' stories are profoundly intertwined: in Occupied France, as Christian honed

his couture skills, Catherine dedicated herself to the Resistance, ultimately being captured by the Gestapo and sent to Ravensbruck, the only Nazi camp solely for women. Seeking to trace Catherine's story as well as her influence on her brother, Picardie traveled to the significant places of Catherine's life, including Les Rhumbs, the Dior family villa with its magnificent gardens; the House of Dior in Paris; and La Colle Noire, Christian's chateau that he bequeathed to his sister. Inventive

and captivating, and shaped by Picardie's own journey, Miss Dior examines the legacy of Christian Dior, the secrets of postwar France, and the unbreakable bond between two remarkable siblings. Most important, it shines overdue recognition on a previously overlooked life, one that epitomized courage and also embodied the astonishing capacity of the human spirit to remain undimmed, even in the darkest circumstances.
