The Healthy Kitchen Andrew Weil, M.D., Rosie Daley, 2009-06-17 Two of America's most popular authorities on healthy eating and cooking join forces in this inspiring, easy-to-use cookbook. This is not a diet book. It is a lively guide to healthy cooking, day-by-day, packed with essential information and, above all, filled with enticing food. Andrew Weil, M.D.—author of the best-selling *Eating Well for Optimum Health*—brings to this perfect collaboration a comprehensive philosophy of nutrition grounded in science. Rosie Daley—acclaimed for her best-seller, *In the Kitchen with Rosie*—brings to it her innovative and highly flavorful spa cuisine. The recipes are eclectic, drawing from the healthy and delicious cooking of the Middle East, the Mediterranean, and Asia, among other cuisines. For starters, you might try Grilled Satay or a Miso Pâté; for soup, often a meal in itself, a hearty Mixed-Bean Minestrone Stew or a Roasted Winter Squash and Apple Soup with Cilantro Walnut Pesto; a special entrée could be the Savory Roasted Cornish Hens with Roasted Garlic or Baked Spicy Tofu with Bean Thread Noodles, Corn, and Mango; for a simple supper, Turkey Burgers or Portobello Burgers; and for the occasional indulgence, a dessert of Almond Fruit Tart or Peach and Blueberry Cobbler. Andy and Rosie do not always agree. When Rosie calls for chicken, Andy offers a tofu alternative; she likes the flavor of coconut milk, whereas he prefers ground nut milk; when she makes a pastry with butter, he suggests using Spectrum Spread. There are no hard-and-fast rules. Lifelong health begins in the kitchen, so this is a lifestyle book as well as a cookbook. In it you will learn from Dr. Weil: • how to make use of nutritional information in everyday cooking • what is organic . . . and how to buy organic foods • the importance of reading labels and what to look for • sensible advice about eggs, milk, cheese, salt, spicy foods, wine, coffee • the facts about sugar and artificial sweeteners . . . and from Rosie: • how to get kids involved—from skinning almonds to layering lasagna • ways to have fun in the kitchen—creating scallion firecrackers and radish rosettes • low-fat and nondairy alternatives for those with special concerns • smart menu planning—letting the seasons be your guide . . . and lots more. This revolutionary book will change forever the way you cook for yourself and your family. With 58 photographs in full color.

The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas – face cruel restriction on marriage and those married without government authorization are paraded naked on the streets?– Are restricted from traveling outside their villages?– Have no legal right to own land or property?– Are restricted from getting education, finding work, getting medical and health care? – Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc.,

and face religious persecution on a daily basis? – Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings?– Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan?– Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights?Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
